

### The Girl Who Can't Forget.

BY RUTH CAMERON.

I call her "The Girl Who Can't Forget," but that doesn't mean that she never forgets anything. On the contrary, there are many things which she forgets with the greatest facility, as for instance, when her mother wants her to do some little errand in town; but there is one thing she most emphatically cannot forget for one instant, and that is herself.

No matter what she is doing or where she is; no matter how powerful are the other attractions which one might reasonably expect to distract her attention, she keeps right on thinking of herself and how she is appearing and impressing other people. In her mind's eye is continually upon a stage, and the rest of the world is continually in the auditorium.

For instance, a wonderful new baby, the first born of one of her girl friends, is being displayed to her and half a dozen others. Apparently she is the most devoted and delightful of them all. She kneels at the baby's feet and goes into raptures over his adorable hands; she coos to him most musically and holds out her arms to him, and pleads to be allowed to hold him just an instant. One would think that she had quite forgotten herself in her delight over the baby. As a matter of fact, she isn't thinking of the baby at all—except as an actor thinks of a good stage setting. On the contrary, she is thinking of HERSELF and how sweet her

pose of baby lover must seem, and she is wondering if the men in the party are noticing how deftly she handles the baby and how prettily she entwines over him.

She goes to an entertainment and when it is over she rushes up to congratulate the committee or the performers. Apparently she is all eager self-forgetfulness in her pretty congratulations. In reality, the congratulations are a very minor matter with her. She is thinking primarily of how prettily she delivers them and how sweet everyone must think of her because she always remembers to do these thoughtful little things.

When she sits among the audience at a play or entertainment, she appears to be absorbed in what is going on upon the stage. Indeed, she makes most witty and enthusiastic comments upon it to her companions. Surely this time she has forgotten herself? Don't you believe it. All the time she is wondering if that good looking man behind her admires her enthusiasm and hears her witty comments. You see, she is "The Girl Who Can't Forget."

"You will be happier in life," says some wise person, "if you are willing to give up your solo for a part in the chorus." Few of us are willing to give up having any solo at all. We want the centre of the stage some of the time. That's just human nature. But to attempt to pre-empt that desirable point every moment of one's existence, and to fancy one has it when one has not, is quite another thing. Don't do it if you want to be happy or if you want to be loved. Don't be a GIRL (or man) WHO CAN'T FORGET.

Ruth Cameron

### HOW BLOOD IS MADE.

The liquids and the digested foods in the alimentary canal pass through the wall of the canal into the blood. This process is called *absorption* and takes place chiefly from the small intestine. After absorption the blood carries the food through the body, and each cell takes from the blood the food it needs. A pure glyceric extract made from bloodroot, mandrake, stone, queen's root and golden seal root, and sold by druggists for the past forty years under the name of

#### Doctor Pierce's Golden Medical Discovery,

gives uniformly excellent results as a tonic to help in the assimilation of the food and in the absorption of the blood of the food it requires. Eradicate the poisons from the blood with this alternative extract which does not shrink the white blood corpuscles, because containing no alcohol or other injurious ingredients. Thus the body can be built up—strong to resist disease. This is a tonic taken from Nature's garden that builds up those weakened by disease. Sold by druggists everywhere. Address World's Dispensary Medical Association, Buffalo, N. Y.

CHAS. FARRER, JR.

MR. CHAS. FARRER, JR., of 222 Woodlawn Ave., Philadelphia, Pa., writes: "I was troubled with my stomach for almost three years. Tried several doctors and most everything anybody recommended to me, but kept getting worse and worse. I did not care to live as I was never well even though, at times, I had no pain. My symptoms were as follows: I had a leaden, gray, my body aching, a burning in the stomach, vomiting, constipation, could not eat, and was so weak that I would stagger with me. I had a melancholy, but after taking Dr. Pierce's Golden Medical Discovery with the Pleasant Pellets it has made me a well man which is something to live for."

### Household Notes.

Keep white paper on each shelf of the refrigerator. It gives a clean appearance and keeps things from dropping on the shelf below.

If rubber boots wear out at the feet, they may still be made quite useful by slipping a pair of snug-fitting rubber shoes over them.

Put plenty of bacon fat in your frying pan. Let it get very hot, then cut the bread rather thin and fry quickly. Stale bread is best served at once.

By wetting a spoon before serving jelly you will find that the serving is more easily accomplished. This idea also applies to gravies, sauces and canned fruits.

Fringe on a bedspread will not get matted, but rather will be soft and fluffy, if you hang the bedspread on the line without wringing, after it has been washed.

When sharpening a lead pencil, first strike the knife blade through a slip of paper. This paper acts as a guard on the knife and prevents the lead dust from soiling the fingers.

Let children play a food is com-

### Neuralgia and Sciatica

Caused great suffering for 25 years. Nothing effective until Dr. Chase's Medicines were Used.

"It affords me pleasure to speak favorably of Dr. Chase's Nerve Food and Kidney-Liver Pills," writes Mr. W. T. Collins, Morpeth, Ont. "I had been a sufferer for 25 years from sciatica, lumbago and neuralgia and tried nearly all the remedies advertised without one particle of benefit until I began the use of Dr. Chase's medicines. Before I had finished two boxes of the Nerve Food and Kidney-Liver Pills I noticed considerable benefit in my condition. I have so much confidence in these medicines that I have recommended them to friends of my friends."

In severe cases of this nature the combined use of these medicines brings results which are both surprising and satisfactory. The Kidney-Liver Pills regulate the action of kidneys, liver and bowels, while the Nerve Food enriches the blood and builds up the nervous system. **Wm. Mansson, Bates & Co., Toronto.**

**Black Lisle Thread.**  
25, 30, 40, 50 and 60c. pair.

### SOPER & MOORE

time you have a wash dress made. Even a white dress looks prettier with a big white apron to match.

If the alarm clock is too loud for the peace of the household, slip an elastic band around the bell to diminish the noise; the wider the band the stronger the suppression, and a few experiments will demonstrate just what width is most desirable.

Have a pair of tweezers handy to aid in pulling threads out of the canvas when you are marking towels with cross-stitch embroidery. Any woman who has suffered from sore fingers after doing much work of this kind will recognize the value of this suggestion.

The danger of slipping when getting out of a bathtub will be greatly decreased if a nickel handle is screwed to the wall at just the right height to make it convenient to be grasped for support. Such an aid is especially helpful to anybody suffering from rheumatism.

Do not add recipes to your book until you have tried them; then you will know whether or not you really care to keep them. A letter file is a good keeper for the clippings until they have been tried; then they may be pasted or copied into one's book or thrown away.

### "John Doe," Life Prisoner, Hangs Himself.

Concord, N. H., May 31.—A mysterious life inmate of the New Hampshire State Prison, known as John Doe, no reliable information ever having been secured as to his full name as past history, committed suicide in his cell during the night by hanging himself to a grating, with a rope made from his mattress.

On February 10, 1906, "Doe" and an accomplice, Joseph Gouin, a French-Canadian, after robbing a safe in Dover, boarded the St. John-Boston train at Rockingham Junction and killed an Italian passenger in the smoking car. Both were captured after an exciting chase and on May 15th, were sentenced to prison, "Doe" for life and Gouin for thirty years.

Gouin was transferred to the State Hospital as an insane person and on April 22 escaped from that institution and is still at large. On November 11, 1910, "Doe" secured a knife and ran amuck in prison, seriously wounding the physician, Dr. Galingier, and a deputy warden. Since that time he had been in solitary confinement, being regarded as the most dangerous man ever in custody in the New Hampshire State prison.

### NEVER HAD ITS EQUAL

Rochester, N.Y. Man Found Something Good in Canada.

Mr. Thos. Johnston, whose home is in Rochester, N.Y., 44 Tremont Street, is enthusiastic over one Canadian product at least. "While visiting in Millbrook, Ont., I was suffering from a sprained knee, and could get nothing to help me until my father gave me a bottle of Egyptian Liniment, which relieved me in a few minutes. I have never had anything to equal it in my life; I am sure if your liniment was introduced to the people of Rochester it would sell like hot cakes."

Quick work is one of the strong points of Douglas's Egyptian Liniment, it goes right to the spot. It stops bleeding at once. It prevents food-poisoning or inflammation, and is a positive safeguard against blood-poisoning. It relieves all kinds of aches and soreness. 75c. at all dealers. Free sample on request. Douglas & Co., Napanee, Ont.

### Evening Telegram Fashion Plates.

The Home Dressmaker should keep a Catalogue Scrap Book of our Pattern Cuts. These will be found very useful to refer to from time to time.

### 5000 Waiters Now on Strike.

New York, June 2.—The International Hotel Workers' Union, which has embarrassed more than two score large hotels and restaurants by calling nearly 5,000 waiters and cooks out on strike during the past week, spent the day in reviewing its successes and added, it was declared, hundreds of hotel workers to its membership. An executive meeting of the union was scheduled for the afternoon, but it was postponed until tomorrow because the rush of taking in new members is so great.

The officials said that letters by the hundreds were being received from waiters and chefs in nearby cities expressing desire to join the union and if need be, to strike. It is also announced that Coney Island waiters
