Special Evening Telegram,

WASHINGTON, Aug. 28. Mr. Innes, of the British Embassey has been instructed to file a note of protest in connection with the Panama legislation. It is brief, merely stating that Britain still stands in the previously explained attitude with re gard to the Bill. If, after due consideration to the Bill and the President's message, it is found not satisfactory, it will be necessary to appeal to arbitration. A State Department official declared to-day that he did not believe Britain had any case to carry before the Hague Tribunal. Messrs. Root, Lodge and other Senators are on record as declaring that the States would certainly lose if the case wen to the Hague.

The new C. P. R. Empress of Russia, was launched at Glasgow to-day She is much larger than any of the present fleet, 590 feet long, 66 feet beam, 148 feet deep, 15,000 tonnage The turbine system of propulsion is adopted for the first time by the C. P. R. The average speed is 18 knots. The ship will make her trial next spring, east bound via Suez Canal to China, Japan and Vancouver. enabling passengers to make the round-the-world trip altogether under the C. P. R. flag.

Special Evening Telegram, LONDON, Aug. 28.

Premier Borden was very explicit at the meeting with the suffragettes. He said that he had no power, and no intention of introducing into the Dominion Parliament a measure for women's suffrage. The matter was one for the Provincial Legislatures. He concluded with the words .- "With all respect. I think the Canadian women are sufficiently capable and intelligent to judge for themselves in this matter No suggestion of the employment of methods of any kind will have the slightest influence."

Special to Evening Telegram MONTREAL, Aug. 28.

Hon. Mr. Hazen, interviewed by wireless from the Royal Edward, says that the Naval mission has been successful. As soon as Premier Borden returns deliberations will take place before the full cabinet.

Special Evening Telegram,

LONDON, Aug. 29. Cessation of rain in most parts of England is not yet accompanied by an abatement of the floods. Norwich, in the East, is still cut off from the outer world. Ordinarily seventy trains enter and leave the city daily. Not one has arrived or departed since Monday. Traffic on the Great Eastern is demoralized, and thousands have been driven from their homes by the floods.

Wedding Bells MUNN-TROWBRIDGE.

Yesterday afternoon an interesting wedding took place at the Anglican Church, Topsail, when Mr. Norman C. Munn, son of John G. Munn, Esq., of Harbour Grace, led to the altar Miss L. Trowbridge, the youngest daughter of Mrs. E. and the late Saml. Prowbridge. Leaving here by motor a p.m. arrived at Topail at 4 and the eremony took place immediately or their arrival. Rev. T. Netten offici-ated, and the bride who was handsomely gowned was given away by her cousin, Mr. C. K. Miller, Miss Mona Brace supported the bride while the groom was attended by Mr. F. Orum. After the ceremony the wedding party returned by motor to the city and at he home of the bride's mother a reception was held and a most pleasant evening spent by a large party of friends of the happy couple. Mr. and Mrs. Munn received very many pretty and useful presents. In the hearty congratuations extended by a large circle of friends the Telegram sinerely joins.

Broke the Record

To Mr. John Fraser, of the D. I. & 3. Co., falls the honour of having established a new record for the Throwing the Hammer Event. At the Bell Island Sports on Saturday he achieved a particular success for that vent, securig a throw of 39 feet, 61/2 inches, and easily out-classing all the other competitors. This feat surpasses the best known attempt in local atetics, and is believed to beat all prevrecords. In this connection we ave been asked to say that the statement with regard to this event made in Monday's Chronicle is absolutely ncorrect and misleading, and we are

Gas is Coal With the Trouble Taken Out.

Gas is really nothing more than coal the dirt, ashes and smoke. been taken out by the Gas Company. The weight, too, has been taken out, for when you use gas you don't have to carry it up from the cellar in buckets, straining your back in the attempt. All of the drudgery has been removed. The Gas Company has taken everything out of the coal but the heat—and that's the one thing you want. This they deliver to you right to the burner of your range. You only have to turn a tap and strike

match in order to have it.

If your mind is half made up to buy a GAS RANGE, remove the remaining doubt by thinking of last summer and the many days when your kitchen was like a burning furnace. The gas range never overheats the kitchen. Phone the Gas Company, or call at their showrooms and get full particulars .- june 20, tu, th, s.tf

Remains Sent Home.

Immediately after the accidenta drowning of the young man Patrick Evoy, from the Dominion Pier, on Monday, at 1.15 p.m., the D. I. & S. Co. sent a telegram to Rev. Wm. O'Flaherty, at Salmonier, apprising him of the affair, and requesting him to break the sad news to the parents of the deceased. On the following morning, the remains were placed aboard the company's steamer, and despatched to Kelligrews, where train was taken to Whitbourne, from whence the funeral took place. The remains were intered on Wednesday, and was witnessed by nearly all the residents of Harricot. P.B., who were much affected over the untimely end of the highly esteemed young man. Evoy was unmarried, but is survived by a father and mother.
