TO-DAY'S Messages.

VAIN GERMAN ASSAULTS.

PARIS, To-day. The German attack on Abbeville yesterday was an attempt to break through the French lines, over an extent of two and a half miles. The attacking force consisted of a division and a half in the morning, and a division and a half in the afternoon, its whole strength being directed against two villages. The division was formed of select regiments, chiefly Prussians, of whom some were Gelands and Hanoverians. Six successive waves swept down upon the villages between 7.30 o'clock and 10.45 in the morning. Before the afternoon had ended Pressire had been attacked twelve times. It was reported in the course of these attempts that they are now rendered vain by the French operations last night. Some regiments engaged lost 60 per cent. of their effectives.

NO ADVANCE IN LEATHER.

CHICAGO, To-day. Five hundred members of the National Association of Tanners at the annual convention here to-day said there would be no advance in shoe leather unless the nations at war make too high a demand on the surplus stock now in the hands of the tanners and shoe manufacturers. Hides and skins, however, are declared to be scarce.

WAR REVIEW.

LONDON, To-day. The situation east of Gorizia is made somewhat obscure by the variant claims of the Vienna and Rome war offices, both of which record successes for their respective armies. Vienna asserts that the Austrians captured another Italian trench in this district together with 20 prisoners and two machine guns, while Rome records the occupation of trenches evacuated by the Italians. The Entente troops continue to press the Teutonic Allies. In the Cerna River region, according to the Serbian war office, they have seriously broken their lines both east and west of Cerna, southeast of Monastir, capturing four additional villages east of the river, and on the west side are driving them back from several additional points towards Monastir. Berlin admits that on the Cerna River the Bulgarian forces have left the old and occupied newly prepared positions. To the east the British have taken the town of Karakais on the east side of Lake Tahnos. The Austro-German armies in the Transylvanian theatre in the Alt and Jull Valley have forced the further retirement of the Rumanians and also made progress in the Rothernburg and Szurdok Pass regions, taking 1,300 men prisoners. On the west Moldavia front the Russian attacks east of the Putra Valley were put down by the Teutonic Allies, as also was an offensive in the vicinity of Olutz Pass. While Berlin asserts that there have been only minor engagements in Dobruja, Petrograd reports the Russians made further progress southward and that the Teutonic Allies continue to retire burning villages behind them. There is a denial from Berlin

of the assertions that Rumanias have captured the town of Bonazio. Berlin reports the repulse of a Russian attack southeast of Riga.

ASKS U. S. A. TO INTERVENE.

WASHINGTON, To-day. An appeal for active intervention by the States to stop the deportation of Belgian workmen into Germany was presented to the State Department by E. Havenith, Belgian Minister. "The Belgians," Havenith said, "are practically being compelled to fight against their own country contrary to the laws of nations and of humanity."

DEUTSCHLAND OFF AGAIN.

NEW LONDON, Conn., To-day. The Deutschland, the German submarine which arrived here on November 1st, slipped out of the harbour at an early hour to-day bound for Bremen. She left the State pier at 1.30 p.m. and was towed down the harbor by two tugs.

FOOD RESOLUTION CARRIED.

LONDON, To-day. The Commons without a division yesterday, carried the resolution introduced by William Hewins, Unionist, prior to the statement of the question of food supply by Walter Runciman, President of the Board of Trade. The resolution follows: "In the opinion of the House it is the duty of the Government to further methods and organization to increase and conserve the national food supply and diminish the risk of shortage and the serious increase of prices in the event of the war being prolonged."

ROQUES PRESENTS ALLIES' DEMANDS.

LONDON, To-day. Details of the demands made upon King Constantine of Greece by General Roques, French Minister of War, as proofs of the Monarch's friendliness toward the Entente are given in a despatch from Athens. According to this despatch General Roques has given a memo regarding the demands to Premier Lambros, to whom he was referred by King Constantine. It is stated that the memo calls for the use of Greek railroads by the Allies, the surrender of a quantity of artillery, the expulsion of a number of supposed German Agents, and the occupation of a specified neutral zone by French troops.

DEUTSCHLAND MAKING A NEW HISTORY.

NEW LONDON, Conn., To-day. Seven members of the crew of one of the tugs which accompanied the German submarine Deutschland from New London early to-day on her return trip to Bremen, were drowned when the submersible and tug collided in the race about twelve miles from this port. The only person on the tug saved was Capt. Fred Hinsch of the German interned liner Neckar. The tug wrecked went to the bottom. The Deutschland returned to her dock at 5.15 a.m. The officials declined to discuss the accident or to tell the extent of the damage inflicted on the submarine. The tug and submarine came together in a relatively smooth sea, when it was apparent that the tug was fatally rammed. The crew jumped overboard. Capt. Hinsch swam to a life preserver thrown out by the Deutschland's crew. The Deutschland dived out of her pocket at the pier of the Eastern Forwarding Company at 1.30 o'clock this morning, accompanied by the tugs T. A. Scott and the Alert. She carried on her homeward dash a cargo valued at \$200,000 and consisting of nickel, rubber and silver bars. The trip down the harbor was without incident and when last seen by a newspaper launch the submarine was plunging through a smooth sea at the rate of 12 knots an hour headed for Montauk Point. The newspaper launch returned here after following the submarine several miles.

BAN ON IMPORTED JEWELLERY.

LONDON, To-day. The King yesterday signed a proclamation prohibiting the importation of jewellery and all gold and silver manufactures except watch cases.

A NEUTRAL ZONE IN GREECE.

LONDON, To-day. General Roques, French Minister of War, has informed the Greek Government that General Sarraill has sent troops to maintain a neutral zone along the frontier of old Greece, according to a despatch to the Times from Athens. The despatches say that

Premier Lambros acquiesced in principle to this step. It adds that the Allies only propose to use a section of the Greek railroad for a supply service to Salonika.

DAILY NEWS CUTS DOWN ITS PAGES.

LONDON, To-day. In order to assist the Government's efforts toward a maximum economy in the use of shipping, the London Daily News announces that it will cut down the size of its issue to six pages. It is expected that other papers will follow the suit of the Daily News.

GERMANS LOST MANY TORPEDO BOATS.

LONDON, To-day. A despatch to Reuters' Telegram Company from Petrograd says the Admiralty staff has issued a communication announcing that in accordance with the latest information of the recent German attack in the Gulf of Finland, and comparing the number of explosions heard in the fog with the reports from Russian warships engaged, it is possible to affirm that the Germans lost between six and nine torpedo boats. This suggestion, the communication adds, is confirmed by the examination of the wreckage, which also shows that the destroyed vessels were of modern type and the biggest vessels in this class.

NO SEPARATE PEACE FOR RUSSIA.

PETROGRAD, To-day. The Minister of Foreign Affairs has sent telegrams to all the Russian representatives in Allied countries declaring Russia's firm determination not to make a separate peace under any circumstances, says a semi-official news agency.

Reported Missing.

It was reported at the Police Station last night, that John Cummings, a seaman of the S.S. Nascopie, was missing and that he was supposed to have met his death by drowning. This morning Sergeant Nosworthy and a couple of policemen brought a supply of jiggers to Harvey's wharf where the Nascopie is moored and dragged the bottom, but found nothing in the nature of a human form. The seaman was last seen going ashore at 8 o'clock last night, and since then he has not showed up on board. However, his disappearance is not causing any anxiety to the officers of the ship, as they believe he is only remaining ashore with friends for a few hours to break the monotony of sea life. The drowning theory is considered to be a myth and what led up to it is that Cummings' cap was found near the edge of Harvey's wharf, though it was later ascertained that his cap was seen blowing away from his head by two workmen of the premises in the early part of the evening.

McMurdo's Store News

FRIDAY, Nov. 17, 1916. To-day we make the announcement that we have just placed upon the local market two new brands of Talcum Powder, Lazell's Japanese Honey-suckle and Lazell's Sweet Pea Talcums. If these were ordinary talcum powders they would be hardly worth mentioning in this column, for new talcum powders are almost as thick as autumnal leaves that strewn the brook at Vallombrosa, and most of them wither in reputation just as fast. But Lazell's Talcums—all of them—are all extremely dainty in odor and inhospitable in texture, and these two new ones are good examples of this class. Japanese Honey-suckle and Sweet Pea Perfumes (Lazell's) both have a considerable reputation, and the powders give faithful reproductions of their respective odors. Price (each) 25c. a tin.

Annual Meeting of the W.P.A.

The Women's Patriotic Association held its annual meeting in the British Hall yesterday, Lady Davidson presiding over a very full attendance. The distinguished President laid emphasis in her opening address upon the need of comforts for our men in the trenches: Mittens in particular cannot be too generously supplied. She spoke in high terms of the work done by Mrs. C. P. Ayre, and those who assisted her in the collection and preparation of sphagnum moss for dressings and other medical purposes. In addition to the report of the Hon. Secretary, Mrs. (Dr.) Macpherson, statements were read of the various committees by Lady Horwood, Mrs. Emerson, Mrs. D. Baird, Mrs. Clift, Mrs. Browning, Mrs. Cashin, Mrs. Job and Miss Hayward. The Secretary's report showed that since January last and up to June the following shipments had been made to the Regiment: 17,790 pairs of socks, 4,234 shirts, 1,320 mufflers and 2,960 pairs of mittens. For the Packing and Shipping Committee Miss Hayward reported that during the year ending September 1st last the outport branches of the Association had forwarded 14,750 pairs of socks, 791 pairs of mitts, 140 pillowslips, 77 pillowslips, 60 handkerchiefs and 1,567 shirts. Altogether in the last two years no less than 62,685 pairs of socks have been sent across to England, a splendid record. In addition to this regular business, addresses were delivered by Lady Morrice and Surgeon-Capt. Paterson. A resume of the former appears to-day in another column. At the conclusion of the meeting votes of thanks were passed to the Furness Withy Co., who forwarded goods free of charge; to Mr. Sheard, of the Seamen's Institute; to Mr. White, of the Nfld. Clothing Co., who assisted in the packing of the parcels; and to Mr. Reg. Harvey who gave his services as shipping clerk.

DO YOU KNOW RILEY?

James Whitcomb Riley, of whom Mary E. Wilkins Freeman said: "One might as well try to make a home attractive without flowers as without the grace of James Whitcomb Riley's verses."

Of whom Booth Tarkington said: "He was the first and the foremost distinctively American poet and at the time of his death he was the greatest American."

And of whom a Poet has sung: The world was gettin' dreary, there was too much sigh an' frown In this vale o' moral strivin', so God sent Jim Riley down.

An' He said: "Go there an' cheer 'em in your good old fashioned way With your songs of tender sweetness, but don't make your plans to stay Cos' you're needed up in Heaven, I am lendin' you to men."

Just to help 'em with your music, but I'll want you back again."

An' Riley came, an' mortals heard the music of his voice An' they caught his songs o' beauty an' they started to rejoice, An' they leaned on him in sorrow, an' they shared with him their joys An' they walked with him the path-ways that they knew when they were boys.

But the Heavenly Angel missed him, missed his tender, gentle knack Of making people happy, an' they wanted Riley back.
