Sealing News.

Encouraging From Gulf.
As indicated in the message from Capt. W. Bartlett, the Viking has evidently struck a big patch of seals and is expected to load. With a good Gulf fishery the total catch this year is going to be a large one.

There was no report last night from the Sable I. and Seal. They are supposed to be moving along slowly in the ice, being detained by yesterday's storm.

The northern ships did nothing yesterday, owing to the N. E. gale that raged.

Unfortunately the new law prohibits the killing of hood seals. Captain Whiteley says that he passed enough hoods during the past week to load his ship twice.

The following wireless messages were received late last night:—

TO BOWING BROS.

TERRA NOVA.—"Nothing to report."
RANGER.—"Blowing a gale from N. E.; nothing to report."
EAGLE.—"Nothing to report; blowing a gale from N. E."

VIKING.—"Men have panned to-day 4,800; position 5 miles S. W. of Bryon Island."

TO BAINE JOHNSTON & CO.

BLOODHOUND.—"We have on board 9,000 harps; spent all week searching; passed enough hoods to load twice."

OFFICIAL.

FOGO.—"No direct report from Diana; signals intercepted by Thetis from her indicated all well; others report crews aboard and well."
CAPE RAY.—"Viking all well; no men on ice."

Teacher Has Not Lost One Day in a Year

MRS. ROGER GIVES CREDIT TO DODD'S KIDNEY PILLS.

Before She Suffered From Sciatica, Neuralgia, Nervousness and Other Troubles Coming from Sick Kidneys, Which Dodd's Kidney Pills Cured.

Elm Tree, Gloucester Co., N. B. Mar. 23rd. (Special).—Mrs. Jos. Roger, the popular teacher here, is fully recovered from a long siege of sciatica, neuralgia, and other troubles resulting from diseased kidneys and has made a statement in which she gives Dodd's Kidney Pills all the credit for her cure.

"My trouble came from a strain," Mrs. Roger states, "and I suffered for thirteen months. Backache, heart flutterings, sciatica, neuralgia, dizziness and falling memory were among my symptoms. When the doctor I consulted failed to do me any lasting good I decided that my kidneys were the root of my troubles and decided to try Dodd's Kidney Pills. I took twelve boxes in all and you may judge of the results when I tell you that I have not lost a day's work as teacher in the last year."

"I can say that Dodd's Kidney Pills have done all for me that was claimed for them."
Others of Mrs. Rogers' symptoms were nervousness, that tired feeling, irritability and a dry harsh skin that itched and burned at night. They all came from diseased kidneys and all vanished when she used Dodd's Kidney Pills.

LET AYE FOR FRANCE.—Mr. Alfred Brown of Belvidere Street received a message from his son, Pte. Leo. Brown, yesterday stating that he was leaving Ayr for France to rejoin his regiment.

"JUST THE SAME."

How often does your friend ask you "How are you feeling?" and your answer is: "Just the same, my cough is not one bit better." Don't you think that you are very foolish in allowing this nasty cough and cold hang on to you for such a long time?

If you have contracted a cough or cold in some way or other, try the following:—Mix equal parts of Stafford's Lignum and Camphorated Oil together and apply to the neck and chest, rubbing it in well every time. Take from one to two teaspoonfuls of Stafford's Phoratorum Cough and Cold Cure every two hours.

The above treatment has been found beneficial hundreds of times. You can obtain these preparations from

What a Gas Range Means for You, Mrs. Housekeeper.

The gas range is a miser's savior and a step saver. Think of the many tons of coal you used in that coal range, and how you have had to handle it all twice, first, carrying it up out of the cellar; then, from the kitchen to the ash barrel.

No more soot to wipe away; no more ashes to cart away; no more wood to fetch; no more coal dust; no more smoke and no more reason why the kitchen cannot be kept as clean and as orderly as the parlor. The gas range means just this:

Saves 50 Per Cent. of Kitchen Cares.
Half of the labor in the house is caused by dirt from the coal range. Every time it smokes, no matter how good the draught may be, clouds of ashes rise and settle on the furniture.

It Eliminates Hard Work.
Use a gas range and you will live better, you will play better, and you will work better because the use of the gas range eliminates the drudgery of carrying coal, ashes and the chopping of kindling, as well as the drudgery of cleaning up a lot of dirt, and, best of all, for the cook it makes it unnecessary for her to stand over a hot stove from two to three hours a day.

Obituary.

MISS MARY STELLA POWER.

We may well imagine the sorrow which enshrouded the Power's household like a gloomy pall, when Marie Stella, beloved daughter of David and Emily Power died on last Monday evening.

The deceased had been ailing for more than twelve months, yet she bore the illness with exemplary patience and despite the unremitting care of her parents and all that medical science and skill could do, she passed to her eternal reward on the feast of St. Joseph, March 19th, at the early age of fourteen years. When it became evident that the innocent young life was fast flickering to a close, the last Sacraments were duly administered as a vaticum on the last journey, and to be an Angel of the Covenant and a pillow of light to guide the soul to that unknown country, from whose bourne no traveler ever return.

Modesty, simplicity and sweetness, these were the charming qualities which endeared her to all with whom she came in contact and will be always cherished sacredly in the garden of hallowed memories.

We extend sincere sympathy to the father, mother, two sisters and one brother whom she leaves to mourn. A void has been made in their home and in their hearts which only christian faith and hope can fill, but the souvenir of the dead child's piety, affection and love, must ever remain as a sweet consolation when time has softened grief and has dried tears.

Not Dead--Dead Drunk

At about seven o'clock last evening two boys reported at the East End Fire Hall that they had seen a man lying face downward on the roadside at the junction of King's Bridge Road and Sheehan's Lane and that he was apparently dead. They did not make any examination as to his identity as they were more or less frightened by the big human prostrate form in a snow bank. Two policemen went to investigate and on making a keen observation found in the snow the im-

print of the body of a man, who meanwhile had been made a body load of and carted away. Later it was learned that the victim, while on his way home, could not withstand the storm owing to the high hydraulic pressure of his "load" and lay down. Unfortunately, however, he was discovered or he would have smothered.

DIPHTHERIA SPREADING.—A twelve year old boy suffering from diphtheria was removed to the Hospital yesterday from a residence in Hayward's Avenue.

Household Notes

Fresh, cool water at meal time generally adds to the pleasure and wholesomeness of a meal.

It is not generally known that small potatoes, properly timed, are better than large ones baked.

When paring vegetables or fruit do not waste a clean pan, a newspaper will catch the parings.

When applying an ice bag a cloth should be wrung out of ice water and put between the patient's head and the ice bag.

Fish that is to be boiled will be improved if it is placed in a dish containing melted butter for an hour before boiling.

Cucumber parings are supposed to give the skin a soft, velvety appearance if rubbed on the face and allowed to dry.

The water that is generally poured off the dried beans after they are boiled will make a good addition to the stock pot.

The housewife with a passion for clean bed clothing will find it worth while to have the sheets out on the line in the middle of the week.

Boiled custard is greatly improved by stirring marshmallows into it; allow 6 or 8 to each pint of milk and 2 eggs. Stir until they dissolve.

There is economy in buying half of a lamb. Most any of the butchers will store the meat in their refrigerator and deliver it to you as you want it.
