But Tahra Bey is not a fakir of tha What he does is not just a urpose behind it. All that he is paid goes to form a fund for the estab-ishment of a "school" at Florence where the world, if it will set aside its sceptism, may learn to do as he

Buried Alive. proving that the soul, through the nedium of the harnessed and obedient will, can dominate the body, cure it of its disease, make surgical operations of less import than the taking of a pill, and, in short, alter the

whole outlook of human life. Tahra Bey is a young man of twenty-eight, and looks even younger. He is a qualified doctor. By race he is an Egyptian and a Chibk-a memonly whose surnames begin with the is full of fun, with high boyish spirits. He must not marry. No woman must enter his life. He has an ancestry thousands of years old. His own stounding gifts are inherited, but he

wants others to acquire them. What does he do? First, by willpower he puts himself into a catalmember of his audience to push knives into his body, to insert hatpins

through his cheeks-to'do, in short, what they will. Doctors on the Continent, eager to est and possibly expose him, - have ed whether or not they would like blood to issue from the wound. If their choice is the latter, no blood tes; if the former, blood flows. ere is no pain, however, and, most

that there shall be no pain, no blood, or some blood! lutely under his own centrol. He has been put into a coffin; the latter has been filled with sand, sealed down and buried under more hundredweights of sand—and he has remained there, unhurt, for whatever time has first been named. In the coffin he is catalentic, but returns to cons ness in afteen or twenty minutes, or

zing of all, no scars! He "wills"

If you ask what is the secret. Tahra Bey smiles. There is some. He is but doing with his will what thousands do daily by their wills.

varying hours, never rely upon an But it is merely a matter of "will"; they have ordered themselves to wake, and do.

fact, he claims no supernatural powers. He "wills" to come out of the cataleptic state at the stipulated time and does.

And what of disease? Again it is simple. To arrest in himself or in others, the circulation of the blood means that germs die! The age-long problem of pain-not entirely banished by modern anaesthetics, for there are the after-pains-would seem to have been solved by Tahra Bey. He has often placed himself on the points of four poised swords, had a large stone faid on his chest, and let men smash the stone with hammers. He has "willed" that there should be no pain.

and there is none. It is obvious, of course, that he submitting to extremely severe tests. That is why his "nerformances." if one must use that term, are not continuous. The strain is severe—s thousand times greater than would be required by an ordinary person in ordinary circumstances. He has to fast for two or three days before being buried in the coffin, as neither gas

ner food must be in the body. He is a thought-reader, too, but no of the usual type. He bids you think "Do London spiritualists never visit of something, and instantly reveals your thought. He "wills" that the vison of your thought shall be seen by him, and it is! Astounding, but true
