

A BOY'S STRUGGLE FOR LIFE

Mr. S. J. New, of 124 Adelaide St., Toronto, says: "I can tell you my son Harold's trouble to whom he had the measles five years ago. He was a healthy, happy boy, but with months of suffering he is now emaciated, coughing, breathless, and then pneumonia. Month after month went by that we shall not forget; months of suffering, night coughs, weakness, night sweats, left my boy a mere shadow. He had no appetite, and my heart ached to see how he was wasting away. He spent one whole summer at the Lakeside Home for Sick Children, and came home greatly improved, but the cold winds of October took him of his feet again. The doctor advised me to send him to Muskoka, but heavy doctor's bills had depleted my financial resources, and such a step seemed out of the question.

"At this point we tried PSYCHINE, and human hands cannot describe the change that took place. No words can express the thankfulness of his mother and myself when we saw the child was over, and realized that our boy was getting his way back to life and health. PSYCHINE had matured that which all the doctors' prescriptions had failed to check. Day by day Harold grew stronger, and all through the winter, although continually out of doors, he failed to take cold, and he put on flesh very quickly. By the spring my son was completely cured, and developed into a strong, sturdy lad."

PSYCHINE is the Greatest Strength Restorer and System Builder known to medical science, and should be used for COUGHS, COLDS, WEAK LUNGS, LOSS OF APPETITE, WEARINESS.

For Sale by all Druggists and Dealers, 50c and \$1.00.

GREAT DECREASE IN VISIBLE WHEAT SUPPLY

Figures Compiled By N. Y. Produce Exchange Show Large Decrease in U. S.

New York, May 16.—The visible supply of grain on Saturday, May 14, as compiled by the New York produce exchange, was as follows:

Wheat—22,722,000 bushels; decrease 1,172,000 bushels.

Corn—7,780,000 bushels; decrease 1,520,000 bushels.

Oats—7,575,000 bushels; decrease 842,000 bushels.

Rye—559,000 bushels; decrease 26,000 bushels.

Barley—2,035,000 bushels; decrease 119,000 bushels.

Canadian wheat—7,134,000 bushels; decrease 9,000 bushels.

DIDSBURY HAS NO VERY GREAT NEED OF MORE RAIN

Mr. J. E. Stauffer Says That the Crops in That District Are Looking Good

Joseph E. Stauffer, M. P. of Didsbury, was in the city yesterday on a business visit, and reported that the crops in that district are looking exceedingly well. They are not in any way suffering from drought, and give promise of a bountiful harvest. The town of Didsbury is going ahead very fast, and a considerable amount of building is in progress.

The Free Masons of the town held a lodge of mourning on Sunday last, which he said was a very solemn and impressive service. The lodge room was very appropriately and tastefully draped, and there was a large number of Masons and their friends present.

A PROHIBITION VOTE ORDERED

The Question of No Liquor, Local Option and High License up in Oklahoma.

Guthrie, Ok., May 16.—The supreme court issued a peremptory writ of mandamus today compelling the secretary of state to file the initiative petitions for an election to amend the state constitution by striking out all its prohibition provisions. At the same time the people will vote upon whether or not a system of local option and high license shall be established in Oklahoma.

The court specifically declined to pass upon the legality of the election, saying that the question should be considered only when it should arise as an outgrowth of the election. The issuance of the writ was opposed by prohibitionists.

MANY MEN OF MEANS AFTER ALBERTA SCHOOL LANDS

A Party of Montana Land-Seekers Passed Through the City Yesterday

A. Ayotte, Dominion government immigration agent for Montana, is in the city with a party of land-seekers from that state. They will go north today to attend the sale of school lands to be held at Camrose on Thursday, May 19.

Mr. Ayotte reports that Alberta is attracting a great deal of attention in Montana, and that a large number of people from that province are making arrangements to visit this province during the summer, many of whom will doubtless remain and secure land.

The party that he is accompanying on this trip are men of means who have the money to purchase land and commence farming operations on an extensive scale.

THE BUFFALO ENJOYED A VERY DELIGHTFUL WINTER

The Buffalo Population is Increasing at an Enormous Rate

Howard Douglas of Banff, commissioner of Dominion parks, spent yesterday in the city. Mr. Douglas will leave in a couple of weeks for Ravalli, Montana, to superintend the bringing of the remainder of the Pablo herd of buffalo to Alberta. There will be about 100 animals in the shipment, which will be placed in the buffalo park at Watrous. The car camp at the park, he says, is very good this spring, and the animals wintered in splendid condition. They have become quite contented with their partial captivity, and are comparatively domesticated.

MARVELLOUS POWER OF FRUIT JUICES

Valuable in Many Diseases

"Fruit-a-lives," the Famous Fruit Medicine, is Making Many Wonderful Cures.

The whole world is beginning to realize the value of fruit in curing disease.

To Canada belongs the honor of discovering the one method by which the juices of fresh, ripe fruit could be rendered so active medicinally to be an infallible cure even when drugs are failures.

"Fruit-a-lives"—the wonderful tablets made of fruit juices and valuable tonics—have proved their value in thousands of cases of Constipation, Biliousness, Indigestion, Dyspepsia, Rheumatism, Neuralgia and all Skin, Liver and Kidney Trouble.

Today, the sales of "Fruit-a-lives" are enormous—due solely to the fact that "Fruit-a-lives" never fail when properly used.

50c a box, 6 for \$2.50, or trial box, 35c. At dealers, or sent postpaid on receipt of 10c by Fruit-a-lives Limited, Ottawa, Ont.

TABER IS BUSY WITH COAL AND WITH THE FARMING

Everything in That District Looks Exceedingly Prosperous

H. F. Annable, land agent of Taber, is in the city on his way to attend the sale of school lands at Camrose on Thursday. Mr. Annable reports that Taber is forging ahead rapidly, and that the waterworks system will be completed in about six weeks. Building operations are brisk, and business is good. Crops are looking well, and the rain of last week brought them ahead very quickly.

The mines are not shipping as much coal as a few months ago, but a large amount of development work is being done for the purpose of placing the mines in a position to supply a greatly increased demand next fall and winter. The influx of men with capital to purchase land in the Taber district has been much greater this season so far than in any former year, and the outlook for the town and district is exceedingly bright.

No Change in Date of Inauguration

Washington, May 16.—The house today declined to give the necessary two-thirds vote in favor of a change of the date of inauguration of president and vice president, the United States from March 4th to the last Thursday in April.

Threatened Paralysis!

Tells How a Bad Case May be Detected and Cured.

"Before I left Scotland," writes William Macdonald, of Glenvale, P. O., "my health had suffered. The strain of moving and beginning life in a new country is very taxing to one concerned with a young family. After I came out my friends noticed a slight thickening, as they call it, in my speech. I might not have noticed this, but for my anxiety over a dragging sensation in my left limb and a slight confusion in thinking. No doctor was near and I sent for an advertisement and read it. I must have done me a lot of good from the first. I was busy seeding and forgot my troubles most of the time. This simply proved the curative power of Ferrozone. I continued to use it and before the snow flew I was a well, hearty, vigorous man—no sign of weakness or illness about me. When I consider that I had been on the verge of paralysis, you can see that I fully realize the health-bringing power of Ferrozone."

If you have a weak spot anywhere—if you suffer from rheumatism, neuralgia, twinges or rheumatism—if you feel worn out and lack desire to work—these are the surest indications your system is on the verge of collapse. Buy two tablets at meal time; 50c per box, six for \$2.50, all dealers, or The Catarrhoeone Co., Kingston, Canada.

DELEGATES GATHERING FOR BIG S. S. CONVENTION

Meeting of World's Sunday School Workers in Washington, May 19 to 27.

New York, May 16.—One hundred and ten delegates to the sixth world's Sunday school convention at Washington were arrivals today on the steamship Celtic.

The delegates are from Ireland, England, Scotland, Wales and Sweden. Among them was the Rev. Francis Connell of Glasgow who is superintendent of a Sunday school in Stockport which is said to number seven thousand members and to be the largest in the world.

In charge of the party was the Rev. C. Bonner, secretary of the World's Sunday School Association. The delegates are to go from here to Philadelphia and then on to Washington in which they will be from the 19th of the month to the 27th. They will go from there to Niagara Falls, thence to Toronto and from the latter place to Boston. They will sail from Boston on June 7.

Mr. Aylesworth Speaks For Canada

London, May 16.—Interviewed on his arrival here, Mr. F. B. Aylesworth expressed the intensity of the shock of the news of the King's death in Canada, where there was a sense of personal loss. Mr. Aylesworth also emphasized the loyalty of the Canadian people.

INJUNCTION ISSUED AGAINST N. S. MINERS

Restrained From Picketing or Interfering With Men Employed in Mines

Halifax, N. S., May 16.—The Cumberland Railway and Coal company has obtained an order for an interim injunction restraining the strikers from interfering in any way with the men they have employed. They are restrained from picketing. A writ has also been issued naming Daniel McDougall, James D. McLennan and J. B. McLachlan of Glace Bay and sixteen miners in Spring Hill as defendants in an action charging them with conspiring to compel the company to recognize the E. M. W. A., and to injure the company by picketing. The injunction is returnable on May 18th. The writ will be served tomorrow.
