### LATE ALEX. FRASER

Sketch of His Career-Particulars of His Sad and Tragic Death.

On Saturday, 14th inst., Alexander Fraser, a well-known and much-respected resident of Huron township, met an accidental death, an account of which appeared in The Advertiser at the time. While descending from a load of hay, his horses ran away and he fell in front of the wagon, the wheels passing over him and causing death in less than half an houn The deceased was born in Aberdeen, Scotland, in 1840, and with his parents emigrated to Canada in 1855, and settled in the County of Oxford. He removed to Huron township in 1877 and located on lot 10, con, 11, where he resided until his death. He was a niember of Knox Presbyterian Church, Barrie, and a life-long Reformer in politics. He was vice-president of the West Bruce Farmers' Mutual Fire In-He was vice-president of the surance Company, and a director since its organization.

Honest and upright in all his business transactions, intelligent and wellinformed on the public questions of the day, and of a genial disposition, few farmers in the township were more esteemed and popular than Alexander Fraser. He left a wife, two sons and three daughters to mourn his loss. The sons are Robert, employed in the military store department London, Ont., and Alexander, on the homestead, and the daughters, Mary (at home) and Ellen and Jessie (Mrs. Leaster), residing in New York. Two brothers, David and Hugh, and one sister, all residing in London township, survive

The funeral service was conducted by his pastor, Rev. J. J. Hastie, of Ripley, and the procession to the G. T. R. station was very large. The body was sent by train to London, where it was laid to rest in Mount Pleasant cemetery. Mr. John Connell, an intimate friend of deceased, and the son Alexander Fraser, accompanied the remains to London. The sad event has a gloom over the neighborhood, and the widow and her family have the sincere and heartfelt sympathy of the people of Huron.

WAS IT ANDREE'S BALLOON Winnipeg, July 20 .- Mr. George Renihas arrived at Port Arthur from Hudson Bay, brings news con-firming the report of a balloon having been wrecked and three men having lost their lives in Ungava, on the east coast of Hudson Bay. In order that the old boys of this and all other cities may have the best of soothing influences, George Kelly & Company are manufacturing a "Lon-don Old Boys'" Cigar that is a smoke as honest and square as that grand old man from whom it gets its name, Nicholas Wilson. It is made in 5 and 10 cent brands, and it is confidently expected that it will have a tremendous sale, and will be firmly established in the heart of lovers of the weed for all time to come. tice, expects to leave Ottawa this week Names of the Successful Pupils Throughout the City.

> 270 of the 391 Candidates Passed-Many Plucked by the Arithmetic Paper.

The following is a list of the pupils who were successful at the recent high school entrance examinations. Of 391 pupils who wrote 270 obtained the necessary percentage to pass. This -Mr. and Mrs. James Kerrigan and number is slightly lower than usual, a result that was caused largely by the extremely severe arithmetic paper. In the list of those who have been recommended, it will be noticed that in most instances, the pupils have largely exceeded the requisite pass number. However, they fell below the onethird in one subject. Seventeen girls and fourteen boys of those recommended made less than one-third in arithmetic, and yet they passed such creditible examinations in other subjects that they were deemed worthy of promotion. To pass it was necessary to secure 550 marks out of 1,100. Girls-Ada Arscott 667, Lily Bell 610,

THE MESSAGE IS UNDATED, and the similarity of its contents to Sir Robert Hart's message of June 24, suggest that it was sent off about the same time, but intercepted by the Chinese. The skeptical are confirmed in their suspicions by the fact that a message was received today by M. Delcassee, the French minister of foreign affairs, through the Chinese minister at Paris, purporting to come from the em-peror, and asking France's mediation with the powers. This, it is alieged, was dated July 19, and made no mention of the foreign legatione at Pekin.

#### CHINESE CRUELTY

Molten Lead Poured on a Missionary's Naked Body.

Victoria, B. C., July 20.-Advices from North China contain particulars of awful torture inflicted on Rev. H. V. Norman, who, with Rev. C. Robinson, was among the first of the American missionaries to become victims of the Boxens. A correspondent writing from Tien Tsin, June 7, says that Mr. Norman fell into the hands of Li, the head man of a little town near the Anglican mission, where he and Robinson had their headquarters. Li had, a short time before, lost a son in a quarrel between Boxers and Christians, when the converts had driven off the Boxers from the mission, and he vowed vengeance. This he took in a horrible manner.

After Norman's capture by the rioters, from whom Li took the captive, the missionary was stripped by the retinue of Li and a collar of iron fastened on his neck. A short chain was attached and he was tethered to a stake. The Chinese, men, women and children, then poked sharp sticks into his flesh, and jabbed him with tridents, when he sank down weak with the loss of blood and half-crazed by the awful torture. He was unable to get upon his knees, even, the chain being made too short, and he was strangled slowly.

Molten lead was thrown on his nude

body, and as he writhed in agony he was stabbed to death. Robinson, the other missionary, was cut down by a mob and hacked to pieces almost instantly. A number of the mission converts were slaughtered. ome were asked to recant, and those who did so to save their lives were saddled and bridled and forced to crawl before the temple idols.

Strong Likelihood That the Canadian Missionaries Are Safe.

[Special per G. N. W.] Toronto, Ont., July 20.-Rev. Dr. Warden this morning received the following cable from Dr. McClure, Shanghai:

"Viceroy sent launch escort down Han River. Believed safe."

Dr. McClure is one of the missionaries of the Presbyterian Church in Canada. He and his family, together with Dr. and Mrs. Malcolm, Mr. and Mrs. Menzies, and Miss Wallace cabled a week ago their arrival at Che Foo. From the cablegram received today, Dr. McClure is evidently in Shanghai, and the almost certainty is that the other missionaries, who had reached Che Foo, would accompany him to

The next step in Mr. Rockefeller's life was his going to Cleveland, Ohio, in his sixteenth year.

"That was a great change in my life," said he. "Going to Cleveland was my first experience with life in a great city, and I shall never forget those years. I began work there as an office boy, and learned a great deal about business methods while filling that position. But what benefited me most in going to Cleveland was the new insight I gained as to what a great place the world really is. I had plenty of ambition then, and saw that, if I was to accomplish much, I would have to work very, very hard, indeed."
