"Britonsloom" is a serge made exclusively for Semi-ready by England's greatest serge maker

The best serge maker in England makes several qualities of serge. His name on a piece of serge means mighty good quality, but it

doesn't necessarily mean his best.

Our cloth experts explained to the manufacturer what we wanted in a serge. "That is better than anything I am turning out," he said, "but I can do it."

"Britonsloom" serge is the result.

We control the output, so you can get this extra quality serge only in Semi-ready suits.

"Britonsloom" serge is absolutely fast in color, black or blue—and it is a wonder for wear.

We make this serge into single and doublebreasted sack suits of the latest style. Price \$20.
