People of this date come under the double signs of Leo-Virgo. They double signs of Leo-Virgo. They are usually indefatigable workers and when properly educated are logical thinkers. They love the good things of earth, and have a natural faculty of appropriating them. Their ability to convince makes them excellent teachers, physicians and metaphysicians.

The spiritual evolution of the Leo character is cool and passive contemplation and silence. They should ever bear in mind that their governing planet is the Sun, and that true growth can be attained only by a combination of heat and coid, light and shadow.

These people seem to find their true personality and calling through suffering and sorrow, sickness and deprivations, and they learn the fullity of deceit and passion. GURD'S, 185 Dundas St. 2-ply special ... \$2.75
