SPECIAL TO THE DAILY BRITISH COLONIST

## Eastern States.

Washington, March 19—The reports that Lent is to be Collector of the port of San Francisco are unfounded. The President is withholding action on the Pacific appoint-ments for the repeal of the Tenure of Office

General Dana, of the Russian Ice Com-pany, protests against the Senate bill to pro-test Aleska fur seals, which the Hutchinson & Kohl company is strenuously urging.

The Iribune's special thinks the repeal of the Tenure of Office Law is probable, though

the movement has apparently lost strength by the manner in which the Repeal party attempt to force things to the utmost. A majority is expected by the friends of repeal. Four or five land grant bills have already been proposed for this session, which call for eighty millions of acres besides guarantees of bonds.

WASHINGTON, March 19th .- In the House Washington, March 19th.—In the House, the substitute for the Alaska Far-protecting Bill was referred to the Committee on Commerce. The bill lefs out to the highest bidder the privilege of killing 100,000 seals annually. It is urged that only natives of Alaska are paying \$1 per skip.

Sr. John's, March 18.—The debate in reply to the Address has closed. The Government was sustained by 8 majority. Oudlip moved annexation resolutions, but found no seconder. Despatches from St. John's, Newfoundland, say the Union resolutions have passed both Houses.

Washington, March 20.—A special says— contwell gives a satisfactory account of the Boutwell gives a satisfactory account of the condition of the finances. He thinks no additional financial legislation is necessary at present. He has abundance of money, and the indicates his purpose of not to keep a large amount on hand, but to use the surplue in the purchase and cancelling of bonds; claiming that there is ample authority for such purchase under existing laws. He is opposed to secret sales of gold.

Washington, March 16.—The Committee on Military Affairs had a very interesting interview with General Sherman to-day. The General spoke of the need of retrenchment. He said that the practice of spending more money than was appropriated, leaving the deficiency to be supplied by special appropriation, must be stopped. He said officers and men must go into the field and live in tents instead of paying rents for quarters in cities and continuing the expensive commutation system. He said after the consolidation already effected there will be about 700 supernumerary officers, 200 of whom can be used as post quartermasters, commissaries, etc. There will remain 500 who have no duty until vacancies occur. He thought the pay of supernumerary officers, waiting orders, might with propriety be reduced.

The Herald's Washington dispatch says army officers at Washington are discontented with the late consolidation order. Most of those who have had occasion to visit Gan Sharman in added to have their constitutions. Wassington, March 16.-The Committee

Are you sick, feeble, and complaining? Are you out of order, with your system deranged, and your feeling uncomfortable? These symptoms are often the prelude to serious illness. Some fit of sickness is creeping upon you, and should be averted by a timely use of the right remedy. Take Ayer's Fills, and cleanse out the disordered humors—purify the blood, and let the fluids move on unobstructed in

blood, and let the fluids move on unobstructed in health again. They stimulate the functions of the late the functions of the body into vigorous activity, purify the system from the obstructions which make disease. A cold settles somewhere in the body, and obstructs its natural functions. These, if not relieved, react upon themselves and the surrounding organs, producing general aggravation, suffering, and disease. While in this condition, oppressed by the derangements, take Ayer's Pills, and see how directly they restore the natural action of the system, and with it the buoyant feeling of health again. What is true and so apparent in this trivial and common complaint, is also true in many of the deep-seated and dangerous distempers. The same purgative effect expels them. Caused by similar obstructions and derangements of the natural functions of the body, they are rapidly, and many of them surely, cured by the same means. None who know the virtues of these Pills, will neglect to employ them when suffering from the disorders they cure.

Statements from leading physicians in some of the principal cities, and from other well-known public persons:

From a Forwarding Merchant of St. Louis, Feb. 4, DR. AVER: Your Pills are the paragon of all that is great in medicine. They have cured my little daughter of ulcerous sores upon her hands and feet that had proved incurable for years. Her mother has been long grievously afflicted with blotches and pimples on her skin and in her hair. After our child was cured, she also tried your Pills, and they have cured her.

As a Family Physic.

From Dr. E W. Cartwright, New Orleans.
Your Pills are the prince of purges. Their excellent qualities surpass any cathartic we possess. They are mild, but very certain and effectual in their action on the bowels, which makes them invaluable to us in the daily treatment of disease.

Headache, Sick Headache, Foul Stomach.
From Dr. Edward Boyd, Baltimore.

DBAR BEO. AYER: I cannot answer you what complaints I have cured with your Pills better than to say all that we ever treat with a purgative medicine. I place great dependence on that effectual cathartic in my daily contest with disease, and believing, as I do, that your Pills afford us the best we have, I of course value them highly.

Physical Principles.

Dr. J. C. Aver. Sir: I have been repeatedly cured of the worst headache anybody can have by a dose or two of your Pills. It seems to arise from a foul stomach, which they cleanse at once.

Yours with great respect, ED. W. PREBLE.

Bilious Disorders — Liver Complaints.

From Dr. Theodore Bell, of New York City.

Not only are your Pills admirably adapted to their purpose as an aperient, but I find their beneficial effects upon the Liver very marked indeed. They have in my practice proved more effectual for the cure of bilious complaints than any one remedy I can mention. I sincerely rejoice that we have at length a purgative which is worthy the confidence of the 'rofession and the people.

Department of the Interior, Washington, D. C., 7th Feb., 1856.

Sire: I have used your Pills in my general and hospital practice ever since you made them, and cannot hesitate to say they are the best cathartic we employ. Their regulating action on the liver is quick and decided, consequently they are an admirable remedy for derangements of that organ. Indeed, I have seldom found a case of bilious disease so obstinate that it did not rendily yield to them. Fraternally yours, ALONZO HALL, M. D., Physician of the Marine Hospital.

Dysentery, Diarrhem, Relax, Worms.

From Dr. J. G. Green, of Chicago.

Your Pills have had a long trial in my practice, and I hold them in esteem as one of the best aperients I have ever found. From Dr. J. P. Vaugin, Montreal, Canada.
Too much cannot be said of your Pills for the cure of assireness. If others of our fraternity have found them as efficacious as I have, they should join me in proclaiming it, for the benefit of the multitudes who suffer from that complaint, which, although bad enough in itself, is the progenitor of others that are worse. I believe costiveness to originate in the liver, but your Fills affect that organ and cure the disease.

liver, but your Pills affect that organ and cure the disease.

From Mrs. E. Stuart, Physician and Midwife, Boston.

I find one or two large doses of your Pills, taken at the proper time, are excellent promotives of the natural secretion when wholly or partially suppressed, and also very effectual to cleanse the stomach and expel worms. They are so much the best physic we have that I recommend no other to my patients.

From the Rev. Dr. Hawkes, of the Methodist Epis.

Church.

PULASKI HOUSE, Savannah, Ga., Jan. 6, 1856.

HONORED SIR: I should be ungrateful for the relief your skill has brought me if I did not report my case to you. A cold settled in my limbs and brought on excruciating neuralpic pains, which ended in chronic rheumatism. Notwithstanding I had the best of physicians, the disease grew worse and worse, until by the advice of your excellent agent in Baltimore, Dr. Mackenzie, I tried your Fills. Their effects were slow by Air Dyer and the Pills of Rheumatic Gout — a painful disease that has afflicted me for years.
