## WARSHIP COMES TO ESQUIMALT

IS COMING FROM CHINA

Vessel Will Sail For This Coast Some Time During Next

(From Saturday's Daily) H. M. S. Algerine has been ordered to Esquimalt from Hongkong to augment the British warships maintain ed here by the admiralty since the withdrawal of the Esquimalt squadwithdrawal of the Esquimalt squadron for following the inauguration of Sir John Fisher's policy of concentrating the effective warships of the British navy and retiring the older fighting craft. Advices were received at Esquimalt yesterday that H. M. S. Algerine, a twin-screw sloop of war of the type of the Shearwater, but larger and more efficient, has been ordered to commission at Hongkong in January with volunteers from the China squadron, and will be made ready to

pected to be completed within a week,

ine and Egeria, which, according to a received yesterday from will be recommissioned for further service at Esquimalt when her commission expires in April. The Algerine will relieve the Shearwater of nual cruise to Bering sea to carry out

the sealing patrol.

Like the Shearwater, the Algerine struck off the effective list of the British navy, and is classed in the navy list as among the vessels for subsidiary services, but, like the Shearwater, her armament has not been removed. The Algerine carries eight five-inch M. L. guns, percussion firing, and is fitted with four torpedo tubes. She has a square rig on her forward mast and is bark-rig-

The ordering of the Algerine to Esquimalt is considered by navel men to mean that the admiralty does not in-tend to re-establish the Esquimalt naval station with an efficient cruising squadron, as has been reported from time to time. On the other hand, persistent reports are being received that the station will again be established. ed, and color is lent to this by the fact that, despite the strenuous efforts being made by the Dominion government to secure control of the day. yard at Esquimalt, the Admiralty still retains hold.

the admiralty is committed to the prothe admiralty is committed to the project of a strong cruiser force with its base at Esquimalt. Inquiries by the Daily News correspondent indicate that this is likely, but that the object of the departure, so far from being to spike America's strategic guns in the Pacific, is to form the nucleus of a British fleet in that ocean sufficiently large to cells Consider and Strategic Figure 1. large to calm Canadian and Australian minds and to assure Britons at home that an undue preponderance of Japthat an undue preponderance of Japanese sea strength will not be permit-cently received from the United States

Since the withdrawal of the fleet

ed, and probably with the reinforcement of the local service by the sloop Algerine some of these may be resumed. It was the custom of one of the Esquimalt vessels to proceed on a southern Pacific cruise yearly, that point for shipment to the United and it was also the custom to despatch one of the warships from this station once a year to renovate the monument to Capt. Cook at Kealakekua bay, Island of Hawaii, distant about 170 miles from Honolulu. Now the United States government, by arrangement with the admiralty carthe United States government, by arrangement with the admiralty, carries out this office, and the United States tug Iroquois went in November, under orders of Rear-Admiral Very, the American naval commander the Hopolulus for representations of the reason of his government for the promulgation of the order to discontinuing the upcountry agencies, they here the representation of the order to discontinuing the upcountry agencies, they here the representation of the order to discontinuing the upcountry agencies, they here the representation of the order to discontinuing the upcountry agencies, they here the representation of the order to discontinuing the upcountry agencies, they here the representation of the order to discontinuing the upcountry agencies, they here the representation of the order to discontinuing the upcountry agencies, they here the representation of the order to discontinuing the upcountry agencies, they here the representation of the order to discontinuing the upcountry agencies, they here the representation of the order to discontinuing the upcountry agencies, they here the representation of the order to discontinuing the upcountry agencies, they here the representation of the order to discontinuing the upcountry agencies, they here the results of the order to discontinuing the upcountry agencies, they here the representation of the order to discontinuing the upcountry agencies, they here the representation of the order to discontinuing the upcountry agencies. at Honolulu, to renovate the monument to the great navigator. The undegrowth in the enclosure was all
cut down, the lettering of the inscription re-blackened and the cannon and
chains surrounding the monument repainted by the United States bluejackets. The monument marks the
place where Capt. Cook was killed in jackets. The monument marks the place where Capt. Cook was killed in 1779.

Australian Line Subsidy. Vancouver, Dec. 27.—A meeting of the council of the Vancouver board of yesterday discussed the question of the cancellation of the subsidy the Canadian-Australian line steamers. The following telegram was ordered to be sent to Premier irier, the seven members for British Columbia, and the secretary of the Canadian Manufacturers' association "In the general interest of Canadian trade, the Vancouver board of trade strongly protests against the of the subsidy to the

Canadian-Australian line of steamers.' Good Holiday Trade New Westminster, Dec. 27.—The general consensus of opinion among the merchants of the town seems to show that the Christmas shopping this year was heavier than in 1906. Then the harvest lasted for the few Them the harvest lasted for the few Them the train arrived at the station Mrs. Jones H. Jackson was born a little baby. Fortunately for the mother and child, there was a doctor aboard, who attended the patient.

When the train arrived at the station Mrs. Jackson was fixed up in a
