The World's Lowest Priced Quality Car

THE selling price of any automobile is based on the cost of material, production, distribution and overhead. Large volume of sales greatly reduces all these costs.

Chevrolet has so correctly gauged the present demand for a quality automobile providing transportation at the most economical cost, that its volume of sales has increased tremendously. It now occupies first place in the sale of fully equipped quality automobiles.

Therefore it is possible for Chevrolet to establish the lowest price in the world for a quality automobile. Chevrolet is not merely the lowest priced quality car, but it is lowest of any car in cost of operation. See the new SUPERIOR models in our showrooms and compare them with any other car. Comparisons sell Chevrolet.

BABY FALLING FIVE STOREYS IS UNHURT

Struck New York Awning and Bounced Into Arms of Rescuer.

New York, June 2.—Margie O'Donnell, aged 2, tumbled off the roof of a five storey building yesterday. Two hours later she was taking a nap, sleeping off the effects of her "scare." Margie climbed to the roof while her mother was busy. She disregarded the frantic shouts of two small boys on an adjoining house top and crawled too near the edge of the roof. But pedestrians below heard the boy's cry and rushed to the spot below. Margie fell and bounced off an awning into the arms of a waiting rescuer.

Douglstown

Many were the expressions of regret to be heard when the sad news reached here over the wires that Mr. Louis Urquhart, a highly esteemed and respected member of the community of Barachois, Que., had passed away after a few days illness. The late Mr. Urquhart was very well and favorably known in this district having acted as a travelling representative for a nursery company in this country, and in his passing away his family and friends will keenly feel the loss of a beautiful character, whose cheerful disposition and unselfish devotion to those with whom he came in contact in his everyday life appealed so strongly to his many friends and made for him a place of particular warmth in their esteem and affection. His funeral service was held in St. Peter's Church, Barachois on the 26th ult. and was attended by a large gathering of friends and relatives bearing silent testimony to the affection in which the deceased was held. The music of the mass and Libera was magnificently sung by the choir of St. Peter's. He leaves to mourn his death two sons Messrs. William and Alfred of Barachois, two daughters, Mrs. Jerome Mahar and Mrs. P. LeBlanc of Montreal and his wife at home.

Mr. Alfred Morris was a business visitor over the week-end in Fox River. Recent news from the Royal Victoria Hospital, Montreal, brings us the pleasing information that Mr. William Mulrooney of this place had successfully passed through his serious operation and strong hopes are now entertained for his ultimate restoration to his usual health.

Mrs. Lucien Boulay of Gaspe Basin was visiting her sister, Mrs. Archibald Maloney here last week, also her brothers Messrs. Henry J. and William G. McDonald.

Mr. Elias Briard of New Carlisle was a visitor here for the week-end with Mr. and Mrs. Thomas Maloney.

The "S. S. Phillip S. Dodge" which has been taking on a cargo of pulpwood at the wharf of the St. Maurice Pulp Company in Gaspe Harbour, weighed anchor and sailed on Friday for Aberdeen, Scotland.

Mr. Harvey Gault of Haldimand, was a visitor to our village on Sunday. Miss Eva Kennedy is expected to arrive here at an early date from Montreal to spend her annual vacation with her parents.

Mr. Robert Baird had the misfortune to lose a valuable cow the other day.

HERE AND THERE

Smoking compartments are to be provided in the new wooden winged monoplanes for use on the London-Amsterdam-Berlin air route.

301,880,288 feet of lumber were produced from mills in the Ottawa Valley last season as against 336,116,784 feet in the 1921-1922 season.

Last season's grain shipments through the port of Montreal exceeded 153,000,000 bushels. Revenues reached \$3,460,810 providing a surplus of \$266,362.

Forest rangers of the Quebec and New Brunswick forestry departments will co-operate to the extent of covering fires on either side of the provincial border.

Two thousand maples and one thousand green ash trees native of Saskatchewan, were shipped to the Canadian War Memorial Park at Popperidge, Belgium, recently.

Vancouver is to have direct regular trade relations with Spain. A vice-consulate has been established there which embraces the prairie provinces and is the only one west of Montreal.

During the year, 1922 boring operations for the discovery of oil and gas in Alberta were continued to the extent of 230,000 feet, resulting in the discovery and development of a field with an output of 180,000,000 feet per day.

Despite reports of adverse conditions in the prairie provinces, Saskatchewan estimates that after paying all expenses the farmers of that province last year had \$100,000,000 net proceeds to apply on debts.

In 1906, in Iowa, a single head of data was selected as being a desirable variety. In fifteen years this single head had multiplied to the extent that 1,500,000 acres were sown to it and showed an increased production of 6,500,000 bushels.

One of the largest timber sales that the Canadian Pacific Railway has made in several months has just been made on Vancouver Island. A group of Seattle lumbermen have acquired 12,000 acres of timber land at Howe Hill. The timber on this stand exceeds 200,000,000 feet.

Part of the plans for keeping the St. Lawrence open all winter submitted by Dimitry Jonard, Roumanian engineer, to the Federal and Provincial Governments would call for the creation of a nine mile dam at the east end of Belle Isle strait, which would prevent the cold currents from the north entering the river.

The Bungalow Camps to be opened this year by the Canadian Pacific Railway in the French River, Nipigon and Lake of the Woods districts of Ontario will consist of a community house, containing a dining room with stone fireplace, surrounded by several double and single bungalows comfortably furnished for the accommodation of from one to four persons. A number of canvas houses will also be used.

The official opening of the Banff-Windermere Highway will take place on June 9th at Kootenay crossing, B.C. Motorists from all over Alberta, British Columbia and the Western States will be present in large numbers. A lunch will be provided for several thousand people at Kootenay Crossing. Prominent representatives will be present from the Canadian and United States Governments and from provincial and state governments on both sides of the line. The official opening will be marked by the cutting of red white and blue ribbons stretched across the roadway.

"Raw From Eczema Doctors Do Their Best"

"Pretty near I collapsed. One day my face was so raw from eczema that I couldn't see. It was D.D.D. that cured me. I haven't had a case of eczema since. These words are taken from the letter of Mr. Robert, Chamberlain, Ontario. He writes: 'I cannot say enough for you to see how it has cured me. I had eczema for years and was a real sufferer. I was cured by D.D.D. and I am now a healthy man.'"

FEELS LIKE A YOUNG MAN NOW

Mr. G. A. Whelpley is Now Hale and Hearty at Seventy-Three Years of Age, Thanks to Dreo.

Mr. G. A. Whelpley, well-known to the theatre-going public of St. John, N. B., as an employee of the Imperial Theatre, and who resides at 36 Sydney Street, tells how Dreo relieved rheumatism and stomach trouble.

"I have been troubled with rheumatism for the past five years," says Mr. Whelpley, "and I could not get relief although I tried many medicines. I have only used three bottles of Dreo and I am no longer bothered with any more pain. In fact, I would not know I ever had it."

"Neither am I troubled with my stomach and I have no more pains in my kidneys, thanks again to Dreo. This splendid remedy has made me feel more like a young man than a man seventy-three years old. Dreo gets all my praise and I strongly recommend it."

Age offers no obstacle to the corrective properties of Dreo. If your symptoms are those that can be traced to the improper functioning of the organs of digestion, Dreo will help you as it has helped thousands. It contains no mercury, potash or habit-forming drugs, being scientifically compounded from herbs, roots, bark and leaves of known medicinal value.

Dreo is being specially introduced in Campbellton by Wren's Drug Store, and is sold by a good druggist everywhere.
