The injurious effects of alcohol on the brain and nervous system relieved and cured by the use of Dr. E. C. West's Nerve and Brain Treatment.

Dr. Morrison, of Providence, R. I., has been elected President of Clinian University, South Carolina.

Mr. C. E. Riggin, Beantville, writes: "A customer who tried a bottle of Northrop & Lyman's Vegetable Discovery says it is the best thing he ever used; to quote his own words, 'It just seems to touch the spot affected.' About a year ago he had an attack of bilious fever, and was afraid he was in for another, when I recommended this valuable medicine with such happy results."

Winemucca, princess of the Puutes, is of the opinion that within fifty years there will not be an Indian alive. "I dare say," she respectfully adds, "the white man is better in some respects; but he is a bigger rascal, too. He steals and lies more than the Indian does. I hope some other race will come and drive him out, and kill him, like he has done us. Then I will say the Great Spirit is just, and that it is all right."

The proper channel for the escape from the system of impurities which would, if they remained, poison the blood, is through the bowels. When this outlet is obstructed it may be disencumbered with Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure, a remedy which regulates the system, invigorates digestion, and is pure and safe as well as effective. It cures all diseases arising from impure blood.

General R. E. Colston, who served in the Egyptian army for six years, told a Washington reporter the other day that the British are going to have a hard row to hoe in Egypt. He thinks that after a month's campaigning the English horses will be unfit for use, as they cannot stand life in the desert.

TO ALL STRIKERS.—Strikers would do well to consider Guinane's liberal offer before going elsewhere. They are in sympathy with the present movement, and to show that they are they agree to supply from their splendid assortment—the largest in the city—boots and shoes, trunks and valises, any goods strikers need at actual wholesale prices, which they will guarantee is 25 per cent below the retail price. Need we say Guinane's immense boot and shoe emporium is at 215 Yonge Street, three doors south of Albert. 246

R. C. Bruce, Tara, says: "I have no medicine on my shelf that sells faster or gives better satisfaction than Dr. Thomas' Electric Oil, and the sale is constantly increasing, the past year being the largest I have ever had. One of my customers was cured of catarrh by using three bottles. Another was raised out of bed, where he had been laid up for a long time with lame back, by using two bottles. I have lots of customers, who would not be without it over night."

The Rev. Sylvanus Raymond, who preaches in Globe, Mass., declares bluntly that the increase in divorce in that State is not due to greater laxity in the laws, but to an enormous increase of wickedness among the people, and he holds that the remedy must be found in an improvement in their morals.

Mr. George Jacob Holyoake, who is coming to this country from England to study

and write upon the subject of emigration, has received a grant of \$500 to aid him from Mr. Gladstone, with an intimation that he may have \$1250 if necessary. Mrs. Elizabeth Thompson of New York, who takes a great interest in social subjects, has also sent him \$500.

It is a remarkable fact that Dr. Thomas' Electric Oil is as good for internal as external use. For disease of the lungs and throat, and for rheumatism, neuralgia, crick in the back, wounds and sores, it is the best known remedy, and much trouble is saved by having it always on hand.

Jacob Lookman, Buffalo, says he has been using it for rheumatism. He had such a lame back that he could do nothing, but one bottle entirely cured him.

Owing to the low price of tobacco in Europe, the tobacco cultivation once so flourishing in the island of Java is said to be rapidly declining; the planters being in consequence much distressed. The "Java Bode, a Dutch local journal, states that lately, in the eastern portion of it at least, three estates were sold collectively for the trifling sum of 5,700 guilders, though only three years ago a brick tobacco shed on one of them cost 400,000 guilders.

LIKE ALL STERLING REMEDIES, Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure deserve a fair trial. It would be absurd to suppose that this or any other medicine of kindred nature could produce instantaneous effects. For the thorough removal of Chronic Dyspepsia, Constipation, Liver Complaints, and other ailments to which it is adapted, its use should be continued some time, even after the chief symptoms are relieved. That it effects complete cures is a fact established by ample and respectable evidence.

Catarrh.

Perhaps the most extraordinary success that has been achieved in modern medicine has been attained by the Dixon treatment of catarrh. Out of thousands of patients treated during the past six months of this remedy, not one has been cured of this stubborn malady. This is none the less startling when it is remembered that not five per cent of patients resorting to the regular practitioners are benefited, while the patent medicines and other advertised cures never record a cure at all. Starting with the claim now generally believed by the most scientific men that the disease is due to the presence of living parasites in the tissue, Mr. Dixon at once adapted his cure to their extermination—this accomplished, he claims the catarrh is practically cured and the permanency is unquestioned, as cures effected by him two years ago are cures still. No one else has ever attempted to cure catarrh in this manner, and no other treatment has ever cured catarrh. The application of the remedy is simple and can be done at home, and the present season of the year is the most favorable for a speedy and permanent cure, the majority of cases being cured at one treatment. Sufferers should correspond with Mr. A. J. Dixon, 307 King Street West, Toronto, Canada, and enclose stamp for his treatise on catarrh.—Montreal Star, Aug. 26, 1882. 25
