WEDNESDAY MORNING, JANUARY 22, 1930.

Who Will Protect the Canadian? Will Wiman will be eloquent over the question of the protection of the Canadian farmer.

The Alaska Seal Fisheries Question. We have already seen that the seal fisheries are more inclined to try and do something with the seal fisheries than they have been before.

Another convenience for travellers is to be put on the fast express trains—transcontinental and transatlantic.

The election in New Brunswick can scarcely be said to have been an overwhelming triumph for Commercial Union.

The Cur of Russia, it is said, drinks vast quantities of champagne, but his subjects have to keep him sober.

A bench of English magistrates have decided that a steam organ is not a dwelling house.

The "weather plant" at Kew Gardens, London, of which so much was expected, is a failure.

The Algonia Miner announces that he gives credit to Sir John A. Macdonald for the Canadian Pacific Railway.

Now for Something Unexpected to Happen. If we are to believe The Globe, the Mail is in Washington.

IT OPENS WITH A RACKET.

The Street Railway Franchise Commission has a Week's Talk Over the Session of a Chairman.

The Street Railway Franchise Commission met to organize and choose a chairman yesterday afternoon.

Ald. Boustead: "I think that the resolution is a good one."

Ald. Boustead: "I think that the resolution is a good one."

THE NEWS IN LONDON.

A Geology Letter from Edmund Tappin Napier—Continued from Last Week.

London, Jan. 21.—The reason of the very eloquent letter sent to me by Edmund Tappin Napier, my grandfather, had the greatest admiration for him.
