

What Cures Eczema?

Many different remedies have been tried for Eczema and other skin diseases. But it is now known that the only possible cure is a mild, soothing liquid made up of Oil of Wintergreen, Thymol, Glycerine and other ingredients so carefully compounded that each ingredient has its proper effect.

This compound is now made up in the D.D.D. Prescription. Years of success and thousands of cures show the merit of this wonderful compound, but the

most convincing proof is a trial of the remedy by any eczema sufferer.

D.D.D. will prove to you that you can be cured. The very first drops will give you instant relief.

You don't even have to pay the regular price of \$1.00 a bottle, for we have arranged with the Laboratories to offer, for a while, a special large 25c. trial bottle. Get this special bottle to-day and see how quickly the itch will vanish.

Main Saloon; Palm Garden; Smoking Lounge Observation Room; Dining-Room and Buffet all in highest type of decorative art.

Greater in cost; larger in all proportions; richer in all appointments than any steamer on inland waters of the world. Write for Booklet.

The Cleveland & Buffalo Transit Co. - - Cleveland, Ohio
Season Opens May 1st; Closes Dec. 1st

The Centenary of Peace

The Canadian Peace Centenary Association continues to make preparations for the proposed celebration of the approaching centenary of the peace treaty with the United States. A host of suggestions have been made as to the best form the celebration could take and a summary of these forms, the contents of the latest circular of the association, just issued. Among the suggestions is one from Canon Scott, that France should be invited to join with Canada and the United States in a sympathetic observance of the hundred years' peace. He also suggested the erection at Quebec of a monument of triangular design, to bear messages from the heads of the three nations. The peace memorial bridge at Niagara Falls or Fort Erie has also received much support, and a suggestion of Mr. Mackenzie King's that commemorative tablets to be erected in every university in Great Britain, the United States and Canada, met with approval. That steps be taken by all the nations concerned for the perpetuation of the peace now so long maintained seems to appeal to as many as any other proposal brought forward.

Children Cry FOR FLETCHER'S CASTORIA

Another Arctic Tragedy

Further news of the German Arctic expedition under Lieutenant Schroeder-Stranz shows that there are probably not more than seven survivors of this ill-fated party. The first news of the party reached civilization last January, when Captain Ritschel returned to Advent Bay, Spitzbergen. It was thought then that he was the only survivor. Four other men have reached Advent Bay and two others have reached another point. All are in deplorable conditions. Nothing has been heard of Lieutenant Schroeder-Stranz and the chances are that he is lost.

The fresh tragedy in the Arctic region proves again, as did the fate of the Scott party in the Antarctic region, that man may plan to the limit of his scientific ability, but whether or not he succeeds in doing his self-set task in the great icy wastes of the Far North or the Far South, depends on nature's whim. Peary was years in reaching his goal, being turned back time and again by natural obstacles over which he had no control whatever. Amundsen succeeded in reaching the South Pole by the strange chance of taking the only remaining route of three which were supposed to be available to explorers. Scott, who was in the field first, had chosen one of the others and another expedition had taken the next most likely route. Amundsen had no choice, yet he reached the Pole with comparatively easy going. Scott had trouble nearly all the time, and, in the end, perished. The third party was turned back by obstacles.

Arctic and Antarctic exploration apparently is to be a great game of chance for many years to come, if not forever, regardless of the remarkable progress science has made in helping the adventurous.

Watford merchants have the goods and meet all price competition.

"FAGGED-OUT" WOMEN

Will Find a Helpful Suggestion In This Letter.

Overworked, run-down, "fagged out" women who feel as though they could hardly drag about, should profit by Miss Richter's experience. She says: "Last winter I was completely run down and felt fagged out all the time, was nervous and had indigestion."

"One of my friends advised me to take Vinol, and it has done me great good. The tired, worn-out feeling is all gone, and I am strong, vigorous and well. The stomach trouble soon disappeared and now I eat heartily and have perfect digestion. I wish every tired, weak, nervous woman could have Vinol, for I never spent any money in my life that did me so much good as that I spent for Vinol." Marie Richter, Detroit, Mich.

Thousands of women and men who were formerly weak and sickly owe their present rugged health to the wonderful strength-creating effects of Vinol. We guarantee Vinol to build you up and make you strong. If it does not, we give back your money.

Shiloh

The family remedy for Coughs and Colds.
Shiloh costs so little and does so much!

Story From Australia

(Melbourne Age)

A young man, while riding through the timber country at Willung during a recent storm, had a remarkable escape from death in peculiar circumstances. A large tree directly in front of him was struck by lightning and split in halves. The horse he was riding, becoming terrified, started to plunge and jumped through the gap between the halves of the tree. At that moment the halves came together with a snap like a rabbit trap and crushed off a length of the horse's tail, which can still be seen protruding from the tree. The young man received a severe shaking, but otherwise came through the ordeal safely.

DO YOU SMOKE CIGARETTES?

Read How They Are Made.

Go to any big factory of the cigarette making firms, and you will find in some part of it a storehouse filled with heaps of ropes—hemp ropes collected from ships and shipyards, through the junk dealer. Here is a pile of new short ends, cut off as waste by the ship fitters and sailors, there a pile of old ropes, but all are hemp; hemp, mind you, not tobacco.

Now just as nicotine is the essential property of tobacco, and as morphine is the essential property of opium, so hemp has an essential oil more terribly poisonous than either the tobacco plant or the poppy. This is known in Turkey and Persia in the form of hasheesh, but its dangerous properties are so well understood that it is rarely indulged in even in those countries.

It acts directly on the brain and spinal column. Its action is similar to that of opium, but infinitely more vicious, and it has the same property of awakening a craving in proportion to its use. Consequently, when you find that this hemp rope is fed into a machine, which tears it into shreds and turns it out in the form of a fine fibre, and when you find that this fibre enters largely into the manufacture of the "Turkish" cigarette, for which you pay a fancy price, you will begin to realize where the harm comes in.

If you found that your boy smoked opium or that your girl was addicted to morphine, you would have a pretty bad half hour—would you not? Yet this habit of smoking cigarettes is infinitely more fatal to body and mind. He is becoming a victim of the most soul-destroying drug habit known throughout the wide world—hasheesh—supplied under the guise of tobacco.

This is a simple statement of facts. The evils of such a habit have not been enlarged upon.

Dad's Dope

All things come to those who wait. A dining-room girl in Prince Albert recently married a Danish count.

A Brockville athlete is to be married to a New York widow whose fortune is rated at \$15,000,000. The union of muscle and money should make a strong combination.

In view of Britain's supremacy in military aeroplane the New York Tribune suggests that the patriotic air, Rule Britannia, be varied to include "Britannia rules the air."

There is no question about Mrs. Pankhurst's ability to defend herself in court, on platform or elsewhere. If there is any surplus assistance available it might well be given to the other side.

The issuers of spurious money take advantage of the financial stringency to circulate worthless currency. When money is scarce the receiver does not stop to closely scrutinize anything that looks like the real thing.

It is stated that a prolonged residence in the polar regions has a tendency to cause baldness. Explorers who remain too long in the frigid zone may have to sail under bare poles.

The Turkish nobleman who married a daughter of the Khedive of Egypt never saw his bride's face until she unveiled after the wedding ceremony. The custom of "going it blind" is not confined to the remote East.

The proofs presented to the committee investigating the printing bureau demonstrated that there was a number of typographical errors in the department. As a result the spacing between certain employees will be wider than heretofore.

The Ontario government is giving that province prohibition on the instalment plan. Local option has been supplemented by high license tax on percentage of bar receipts, and the closing of hotels on all holidays. It is now proposed to shorten the hours from 8 a.m. to 8 p.m., and close at 12 noon on Saturdays. When the thirsty farmers on the back concessions, who knock off work early on that day to come into town and do their trading, find everything locked up but the town pump and the grocery stores, the high cost of living will be secondary to the thirst quenching proposition.

TRIAL IS INEXPENSIVE. To those who suffer from dyspepsia, indigestion, rheumatism or any ailment arising from derangement of the digestive system, a trial of Parnee's Vegetable Pills is recommended. Should the sufferer be unacquainted with them. The trial will be inexpensive and the result will be another customer for this excellent medicine. So effective is their action that many cures can certainly be traced to their use where other pills have proved ineffective.

ASTHMA NO LONGER DREADED. The dread of renewed attacks from asthma has no hold upon those who have learned to rely upon Dr. J. D. Kellogg's Asthma Remedy. So safe do they feel that complete reliance is placed on this true specific with the certainty that it will always do all that its makers claim. If you have not yet learned how safe you are with this preparation at hand get it to-day and know for yourself.
