A LADY'S EXPERIENCE.

Mr. Wm. Thompson of Musquash, N. B., says:

"For 2 years past my wife has suffered with
Acute Dyspepsia accompanied with complete
nervous prostration and a sm-therring
sensation about the heart which frequently
produced an attack of faintness. She became
weak and nervous, lost all energy, and had a
constant feeting of dread. She suffered with
intense pain in the stomach after eating,
which was usually followed by the sundering
sensation about the heart and faintisting spells.
She tried a great many remedes and was treated
by the doctors for some time, but obtained no
relief. She became so discouraged that she
gave up all hope of ever getting better, when
sur pastor suggested that she try HAWKER'S
NERVE AND STOMACH TONIC and LIVER PILLS,
which had produced remarkable cures
in several cases he knew of. We did so and
she obtained immediate relief from the distress
after taking the second dose, and has continued
to improve ever since until today she is as well
as ever, and can enjoy her food without fear of
suffering. I cannot speak too highly of these
valuable medicines which have restored my
wife to health and strength and saved much
suffering and expense."

Look Up, Not Down. Life to some is full of sorrow-Half is resl, half they borrow;
Half is resl, half they borrow;
Full of rocks and full of ledges.
Though the joy bells may be ringing,
Not a song you'll hear them singing;
Seeing never makes them wise,
Looking out from downcast eyes.

All in vain the sun is shining, Waters sparkling, blossoms twining; They but see through these same sorr Sad to-days and worse to-morrows; See the clouds that must pass over; See the weeds among the clover— Everything and anything. But the gold the sunbeams bring.

Draining from the bitter fountain, Lo! you molehill seems a mountain; Drops of dew and drops of rain Swell into the mighty main. All in vain the blessings shower, And the mercies fall with power. Gathering chaff, ye tread the wheat, Rich and loyal, 'neath your feet.

Let it not be so my neighbor; Let it not be so my neignor; Look up, as you love and labor. Not for one alone woe's vials— Every one has cares and trials. Joy and pain are linked together, Like the fair and cloudy weather; May we have—O! let us pray—
Faith and patience for to-day.
