Dr. Fraser Honored

A unique function was performed by the Provincial Legislature recently when Dr. C. F. Fraser, Superintendent of the School for the blind, was publicly thanked on behalf of the province, by the House. Only one other such incident has occurred in the history of the province when Thomas Chandler Hailburton was similarly honored eighty-four years ago. Dr. Bisset, in moving the resolution, delivered a speech which is bound to become memorable in the annals of the House. Able, eloquent, touching, aptly phrased and spoken with deep feeling, it moved all hearts deeply and did the highest honor both to the speaker and the subject of the oration. In the course of his oration the Doctor said: "He has made the blind to see, brought light where there was darkness, and given those deprived of sight a sense of honorable independence."

Mr. Margeson spoke eloquently, feelingly and fittingly also in following Dr. Bisset. Hon. Geo. E. Faulkner delivered a brief speech of deep feeling and high literary finish also, and was followed by Pictou's brilliant young representative, Mr. R. M. McGregor, whose address did honor to the speaker and to the constituency which sends him to the Legislature. Mr. Tanner and Dr. Reid also spoke and spoke well. The Premier added some fitting words.

Speaker Ellis then rose and said: "The resolution before the House is: 'Resolved, that the thanks of this honorable House be conveyed to Charles Frederick Fraser, citizen of Nova Scotia, in recognition of his distinguished services to the blind of this Province during the period of forty years; 'Further resolved, that the Speaker be directed to invite Dr. Fraser to appear at the Bar of this House and convey to him the sense of this resolution.'"

A chorus of "ayes" greeted the resolution.

The resolution was then presented to Dr. Fraser in due form, who thanked the House in the following words:

Mr. Speaker, I beg leave to return to you and your honorable House my most grateful thanks for the honor done me this day.

"I regret that I find myself unable to express fully the high sense I entertain of this flattering distinction, and can only say that I feel the labor I have performed more than amply compensated by the pleasure it has given me, and by the notice taken of it by your honorable House."

Amherst Has a Twelve-Year-Old Burglar

Amherst, N. S., March 27.—During the past two or three months several burglaries of stores in this town have been reported to the police. Early in February, the Hub Clothing store was entered by a rear window, the till rifled and some miscellaneous goods stolen.

Joseph Aaron was the next victim, entry to this store being made in the same manner and the cash register robbed of its change. The Hub Clothing store then had one of its front window panes smashed and a gold watch was stolen from a hole made in the glass.

A few weeks ago Hallis Crocker's store was entered by a side window and a considerable quantity of goods taken. Other merchants, such as Mr. Butler, of the five, ten and fifteen cent store, reported instances of missing goods and it almost looked as if there was an organized gang of burglars and thieves operating in the town. The police, however, placed little Michael Perry, better known as "Mickey," under arrest today and it is reported that he has made a complete confession, not only of the robberies mentioned, but also of numerous thefts. "Mickey" figured in the courts last summer, but on account of his age, was allowed to go on suspended sentence. He is a bright faced little urchin about twelve years of age. His case will come before the court tomorrow at ten o'clock.

Amherst, N. S., March 28.—It was hoped that the arrest of young Michael Perry yesterday would put an end to burglaries from which Amherst has been suffering, but evidently not.

Last night two of Amherst's stores in Victoria street were entered by thieves who made a haul of about thirty dollars and probably goods as well. B. G. Carter's meat market was first burglarized. The office was ransacked and eleven or twelve dollars taken. Mr. Carter was unable to tell whether or not any goods had been taken.

At the Amherst Foundry Company's several checks were left untouched. The amount of money taken is about twenty dollars.

Michael Perry, a twelve-year-old lad, charged with burglarizing Amherst stores, had his preliminary hearing this morning before Stipendiary McKenzie. He confessed and was sentenced to three years in the reformatory. He accepted his sentence with a smile. Perry was before the police court previously charged with stealing, and was let off on suspended sentence. It is said he had an organized gang of lads who robbed Amherst merchants right and left. He is a smart, bright faced boy.

The Jewish Rabbi, a Russian named Abraham Levitt, was brought before a stipendiary magistrate in Halifax last week on a summons taken out at the instance of the S. P. C., for unnecessarily ill-treating a helper and causing it unnecessary suffering and pain while being slaughtered. This is stated to be the first time in American history that a Rabbi has been haled before the courts in a case of this kind.

GIVES TWENTY THOUSAND FOR A SANATORIUM.

Hon. Charles Dalton, of Prince Edward Island Makes Handsome Gift.

Charlottetown, April 4.—In the Provincial Legislature today Hon. Charles Dalton, a member of the Government, and father of the Island's black fox industry, out of which he has made over a million, announced that he would give twenty thousand dollars towards the construction of a sanatorium on the Island for the treatment of tuberculosis, and one thousand dollars a year for ten years for maintenance. It is to be open to all religious denominations and rich and poor alike. The matter is to be left to the doctors and the Anti-Tuberculosis Society. Mr. Dalton was thanked tonight by the Board of Trade for his magnificent gift. The Government will supplement it with a vote. This will be the first sanatorium on the Island.

MT. ALLISON DEFEATED KINGS.

On March 28th the Opera House in Windsor was well filled by an interested audience to listen to the intercollegiate debate between Mount Allison and King's College. The decision was in favor of Mount Allison. The subject was embodied in the following resolutions:—"Resolved that the government of Canadian cities and towns with population of ten thousand and upwards by an elective commission, with provision for initiative, referendum and recall, is preferable to government by mayor and council elected on the ward system." The speakers for the negative were Mount Allison—O. R. Atkinson, leader; H. T. Gornall, T. Street. The speakers for the affirmative, Kings—J. H. A. Holmes, leader; J. R. H. Harley, J. P. Bankier, Judges, Rev. Principal Mackinnon, Halifax; Judge Patterson, New Glasgow; and Hon. E. H. Armstrong, of Yarmouth.
