IT SAVED HER LIFE. A LETTER TO THE LADIES.

TORONTO, Oct 21, 1891.
I take great pleasure in informing you that a year ago Histogenetic Medicines cured me of a serious attack of paralysis. Three years ago I had a sudden stroke while sitting on a sofa; a second one fourteen months ago while in bed. All I did for it failed to do much good. My voice and all one side were badly affected. At last I tried Dr. J. Eugene Jordan's Histogenetic Remedies. In three months my voice became strong. My limbs, which were stiff and useless, regained full power. I no longer needed to be assisted to the table or from any one place to another. My muscles developed wonderfully, considering that I am 74 years of age. I can walk to church and back regularly. The effect has been permanent now for about twelve months. Last April I had a severe attack of pneumonia and Histogenetic Remedies cured me in a few days, and on the 8th of this month I took a vacation of the liver and right lung. I was so bad I could not have lived long. In a few hours the Histogenetic Remedies once more gave immediate relief. It is only two weeks, and I am sitting up every day and nearly well. To say that my faith in Histogenetic Medicines is strong but faintly expresses it. Try it, ladies, for these or any other complaints and be convinced. Dr. Rear, of Toronto, is allowed to give my name and address to any enquirers similarly afflicted.
Respectfully,
MRS. _____, Toronto.
P.S.—Above address can also be had at the London office.

Histogenetic Medicine Association,
492 Spadina Avenue, Toronto, Oct. 13, 1891.
GENTLEMEN,—I had that dreadful disease, la grippe, last March, which left my system in a weak condition and my head distracted. It moved my head or stooped it produced pain and an indecribable feeling. Great debility followed, palpitation and approaching heart failure, nervous prostration and general loss of strength and a feeling of internal pressure. I consulted Dr. Rear, who prescribed the Histogenetic Medicines of Dr. J. Eugene Jordan for me. In two weeks I was some better. I gained in strength. The medicines very soon commenced to build me up. I continued to gain, and after taking one complete course all my symptoms were better. That is three months ago and not a trace of grippe is left. I feel well. The effect is abiding. The medicines are good to take and leave no ill effect. I hope all needing treatment may try this beautiful system. It is far better than taking poisonous drugs.
Yours gratefully,
SARAH TOOLE.

N.B.—Mrs. Toole is a lady of about 65 years of age, of delicate frame, and of such a very few only out of every hundred have entirely recovered from that fatal disease.
