

Behning, Henry, and J. Diehl, piano-fortes	3712	Lockwood, Wallace, rising platform and holsting machine	3739
Bergh, Bror, F. and H.G. Thompson, tack driving machine	3756	Lorrain, Abraham, horse power wheel	3693
Bolton, Henry, washing machine	3736	Macaulay, John H., brick machine	3693
Brown, John, device to protect from sun and rain	3801	McBride, Thomas, hydraulic railway brake	3806
Brown, Josiah B., portable burglar alarm	3743	Meyer, Ludwig O.P., india-rubber compound against which safety matches may be ignited	3708
Buchner, Charles, washing machine	3760	Miller, Jacob N., convertible seat buggy	3762
Burlough, William J., starch polish	3729	Miller, William, method for equalizing, distributing pressure	3747
Burns, Joseph, well boring machines	3755	Millner, George W., pipe vices	3748
Callahan, Cornelius, and E. E. Sibley, knitting machine	3724	Moore, Stephen, and H. Rogers, preparation of leather or leather board for shoes	3792
Carer, John Van B., and James Dwyer, base burning heating stove	3705	Moorehouse, William, ships' knees	3715
Casiano, J. Ygnacio, hats	3720	Moye, John E., composition for the cure of rheumatism, &c.	3797
Caswell, Ezra, hub boring machine	3753	Mullin, Thomas E., steam cooking apparatus	3759
Christie, Robert, reaping and mowing machine	3761	Murphy, William, reversible organ blow pedals	3703
Cisco, James E., car coupling	3771	Osborne, Elijah, running gear for waggon	3781
Cleveland, John H., sewing machines	3771	Pocock, Ebenezer, and Charles F. Gardner, machine for lasting boots and shoes	3772
Coffin, David N. B., capstans and windlasses	3707	Pope, William, and W. Franz, knitting machine	3775
Colburn, Lyman S., files	3752	Potter, Charles, and W. H. Taylor, harness pad tree	3784
Colton, R. P., harrows and cultivators	3683	Prowse, George R., fire extinguisher	3790
Constock, Chester, hot air and hot water furnace	3719	Rebeck, Francis J., and E. M. Davies, curtain fixture	3694
Cook, Silas L., and R. Scott, spades	3757	Redding, William F., metallic or other boxes	3714
Cook, Daniel E., refrigerator	3745	Reld, John R., and T. Rowan, floor cloth	3796
Corbet, Robert, process of raising, heating and distributing water	3793	Richard, Samuel, implement for cutting and gauging butter and lard	3778
Cornell, David S., (assignee), gate hanging	3742	Richardson, John D., springs	3686
Cornell, George B., wrenches for inserting bung bushes	3681	Robertson, William, cloth shrinking and drying machine	3777
Craig, William, (assignee), washing machine	3706	Rogers, Homer, and S. Moore, preparation of leather or leather board for shoes	3792
Cull, Robert C., machine for mincing meat	3725	Rowan, Thomas, and J. R. Reed, floor cloth	3798
Cuthbertson, James W., window screen	3728	Ruthven, John, gas machine	3687
Davies, Edward M., and F. J. Rebeck, curtain fixture	3694	Savard, Jules H., clocks	3754
Davis, Samuel H., & David W., freezing and preserving apparatus for meat, fish, &c.	3740	Scott, Robert, and S. L. Cook, spades	3757
Devlan, Patrick S., process of treating sponge	3735	Seal, Charles E., gas cut off and regulating cock	3692
Diehl, Justus, and H. Behning, piano-fortes	3712	Seigmiller, Frederick, machine for drying grain	3805
Doane, George, and R. L. Harris, hinges	3691	Seymour, George M., and J. C. Haight, horse power	3802
Draper, George P., sewing machine tables	3722	Sharp, John, spinning	3789
Draper, LaFayette, curry combs	3723	Sherwood, Hugo B., tool handle	3782
Dunning, Gerard, and C. B. George, horse shoes	3809	Sibley, Edwin, and C. Callahan, knitting machine	3724
Dwyer, James, and J. Van B. Carter, base burning heating stove	3705	Sloper, Byron, gas machines	3741
Evans Mathew, and Harry Woodward, electric light	3738	Smith, George K., metal for ploughs	3791
Earle, Reginald H., ice creepers	3808	Snively, Francis M., trace fastening	3699
Evans, Thomas, and F. Mutter, car-coupling	3811	Sparham, Terence, fire proof paint	3786
Farrand, William D., spark arrester	3810	Spratt, Henry W., voting apparatus	3795
Fenerty, Edward L., skate fastening	3788	Spratt, James, solidified tea	3769
Forbes, Daniel, needle threader	3696	Stoakes, James W., and J. V. Herington, horse collar	3760
Ford, Thomas, machines for cutting the tapering plug end of well tube joints	3685	Stowell, Edward L., and T. A. D. Forster, tooth paste	3776
Forster, Thomas A. D., and E. L. Stowell, tooth paste	3776	Tappan, Benjamin, miners' lantern	3710
Foss, James M., locomotives	3684	Taylor, William H., and C. Potter, harness pad tree	3784
Fowler, Josiah, carriage spring	3803	Teats, Robert, ore roasting furnace	3764
Franz, William, and W. Pope, knitting machine	3775	Thilmayr, Waldemar, process of treating textile fabrics to prevent mildew and decay	3733
Gadonax, Raphael, gauge for centre bits	3751	Thompson, Henry G., and B. F. Bergh, tack driving machine	3756
Gardner, Charles F., and E. Pocock, machine for lasting boots and shoes	3772	Thompson, John, gate	3799
George, Charles B., and G. Dunning, horse shoes	3809	Thompson, Oron, railway car-coupler	3787
Grant, Dennis C., ice plough and ram attachment for vessels	3744	Trudel, Augustin S., mode of propelling barges	3749
Griffin, Patrick, manufacture of spirits	3695	Underwood, Nathan Jr., and H. P. Becker, machine for scouring and polishing grain	3783
Griffing, Abner A., steam radiator	3732	Vabey, William, machine for blocking horsecollars	3702
Haight, James C., and G. M. Seymour, horse power	3802	Van De Water, H., turbine water wheel	3746
Hall, William B., cartridge creasing for breech loading fire arms	3716	Wagner, Alexander H., pitchers	3726
Harkness, William, gas apparatus	3794	Wallace, Peter, machine for making matches	3768
Harmer, Henry, working of railway switch	3770	Waterman, Ezra S., bed bottoms	3713
Harris, Robert L., and G. Doane, hinges	3691	Watson, William M., nut lock	3718
Harrison, George W., pitman connection	3758	Watson, William, and Donald, friction mechanism for loose pulleys	3766
Harvey, Arthur, mode of applying for insurances, writing or printing and issuing policies therefor	3727	Weagant, William H., window blind	3780
Hayes, Robert, and Albert, and D. C. Kellam, window screen frames	3709	Webster, George, and John F., sewing machines	3704
Hendrickson, Stephen C., electric railway signal	3731	Wells, Horace E., lumber drying kiln	3783
Herington, James W., and J. W. Stoakes, horse collar	3760	Wheeler, Newcombe E., (assignee), window blind	3697
Hildebrand, Edward P., coal stoves	3800	White, Charles H., railway switch	3701
Hoffmann, Carl, furnace grate	3798	White, Samuel S., (assignee), dental engine	3765
Ing, Henry, gas regulator	3700	Whiteside, Henry Jr., spring slat for beds	3711
Johnson, Job, ball castor	3779	Wood, Orville K., machine for cleaning, separating and grading grain	3688
Jermine, Charles C., moth proof fur cases	3682	Woodward, Henry, and M. Evans, electric light	3735
Kellam, Daniel C., and Robert, and Albert Hayes, window screen frames	3709	Wright, William E., drying house	3690
King, Phineas F., G. N., and E. J. Beard, and J. Ashworth, nut lock	3721	Young, Thomas, cooking stove	3730
Kinney, Cyrus, ash holder and fastener	3737		
Lacey, Griffin S., and U. C. Allen, gas regulator	3773
