We Believe that steady, solid gains secured by legitimate effort on right lines mean progress such as we should desire, and not those gains secured at high cost by the booming process which appear to-day and are gone to-morrow.

We Know that a well sustained onward march, such as we have been making, will enable us to accomplish the best results attainable in our business and will bring us to the goal of our ambition and make OUR COMPANY

Not the Biggest, but the Best
 Not the Greatest in Magnitude
 But the Greatest in Genuine Merit
