"LOYALTY."-An Irishman was bold enough to cheer for Tuttle in Keokuk a few days ago Of course such things could not be allowed in that loyal" city, so he was surrounded by a crowd of loyal! men, marched off to the hospital, and given in charge of the soldiers. Such is abolition "loy-

TO THE DESILITATED AND THE DECREPIO - For general debility and exhaustion of the powers of natore, whether occasioned by sickdess, fast living, constitutional decay, old age, or any other physical or mental cause, the one thing needful and indis-pensable is HOSTETTERS CELEBRATED STO-MACH BITTERS. When the fire of life seems to be absolutely dying out in the system, and the mind, sympathizing with the body, is reduced almost to a state of imbecility, this mighty restorative seems, as it were, the lift the sufferer out of the Slough of Despond, and recruit and re-invigorate both the frame and the intellect. An old farmer, in the Valley of the Monongahela, writes thus to Dr. Hostetter: 'I can compare the operation of your Bitters upon me to nothing but the effect of a rain after a dry spell in the fall of the year. The rain falling on the meadows starts the second crop of grass, and your wholesome medicine seems to have started a second crop of life and spirits in me.' And this is truly the effect of this grateful and powerful prepaparation. Ladies of weak constitution, or whose strength has been impaired by sickness or age, find it a most efficacious and delightful tonic, and it is administered with success in marasmus or wasting of the flesh, to young children. In fact, it is a much sufer and surer cordial for the nursery than say thing advertised specially for that purpose.

MURBAY & LANMAN'S FLORIDA WATER-It is a pleasant thing to afford a new and refined enjoyment to one's countrywomen. Lanman & Kemp have certainly accomplished that object in introducing Murray & Lanman's Florida Water, (for wenty years a favorite toilet article throughout Spanish America,) to the notice of the ladies of this country. Nor are the ladies alone indebted to that enterprising firm; for if the article imparts to the embroidered mouchoir an exhibarating and refreshing fragrance, and to the complexion a softer bloom, it is equally efficacious in taking the sting out of the operation of shaving and relieving the breath from the fumes of tobacco. For all these purposes, however, it is necessary to have Murray & Lanman's Florida Water, and none other.

THE peculiar taint or infection which we call SCROFULA lurks in the constitutions of multitudes of men. It either produces or is produced by an en-feebled, vitiated state of the blood, wherein that fluid becomes in AVERS competent to sustain respected vigorous action, and leaves the system to fall into disorder and leaves the system to

decay. The scrofulous contamination is variously caused by mercurial disease, low living, disordered digestion from untesliby food, impure air, filth and filthy the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending from parents to children unto the third and tourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniqui-ties of the fathers upon their children." The diseases which it originates take various names, according to the organs it attacks. In the lungs, Scrofula produces tubercles, and finally Consumption; in the glands, swellings which suppurate and become ulcerous sores; in the stomach and bowels, derangements which produce indigestion, dyspepsia, and liver com-plaints; on the skin, eruptive and cutaneous affections. These all having the same origin, require the same remedy, viz. purification and invigoration of the blood. Purify the blood, and these dangerous distempers leave you. With feeble, foul, or corrupted blood, you can-not have health; with that "life of the fiesh" bealthy, you cannot have scrofulous disease.

Ayer's Sarsaparilla is compounded from the most effectual anti-dotes that medical science has discovered for this afflicting distemper, and for the cure of the disorders it entails. That it is far superior to any other remedy yet devised, is known by all who have given it a trial. That it does comhine virtues truly extraordinary in their effect upon this class of complaints, is indisputably proven by the great multitude of publicly known and remarkable cures it has made of the following diseases: King's Evil or Glandular Swellings, Tumors, Eruptions, Pimples, Blotches and Sores, Erysipelas, Rose or St. Anthony's Fire, Salt Rheum, Scald Head, Coughs from tu-berculous deposits in the lungs, White Swellings, Debility, Dropsy, Neuralgia. Dyspepsia or Indigestion, Syphilis and Syphilitic Infections, Mercurial Diseases, Female Weaknessos, and, indeed, the whole series of complaints that arise from impurity of the blood. Minute reports of individual cases may be found in ATER'S AMERICAN Almanac, which is furnished to the druggists for granuitous distribution, wherein may be learned the directions for its use, and some of the remarkable cures which it has made when all other remedies had failed to afford relief. Those cases are purposely taken from all sections of the country, in order that every reader may have access to some one who can speak to him of its benefits from personal experience. Serofala depresses the vital energies, and thus leaves its victims far more subject to disease and its fatal results than are healthy constitutions. Hence it tends to shorten, and does greatly shorten, the average duration of human The vast importance of these considerations has led us to spend years in perfecting a remedy which is adequate to its cure. This we now offer to the public under the name of AYER'S SARSAPARILLA, although it is com-posed of ingredients, some of which exceed the best of Sareoparilla in alterative power. By its aid you may protect yourself from the suffering and danger of these disorders. Purge out the feat corruptions that rot and fester in the blood; purge out the causes of disease, and vigorous health will follow. By its peculiar victues this remedy stimulates the vital functions, and thus expels the distempers which , lank within the system or burst out on any

part of it.
We know the public have been deceived by many compounds of Sarsaparilla, that promised natch and did nothing; but they will neither be decrived nor disappointed in this. Its virtues have been proven by abundant trial, and there remains no question of its surpassing excellence for the care of the afflicting diseases it is in-tended to reach. Although under the same name, it is a very different medicine from any other which has been before the people, and ifar more effectual than any other which has ever been available to them.
