THE MONTREAL TEA COMPANY.

The Whole Dominion should buy their Teas of the Importers, THE MONTREAL TEA COMPANY, 6 Hospital Street, Montreal.

Our Teas, after the most severe tests by the best medical authorities and judges of Tea, have been pronounced to be quite pure and free from any artificial coloring or poisonous substances so often used to improve the appearance of Tea. They are unequalled for strength and flavour. They have been chosen for their intrinsic worth, keeping in mind health, economy, and a high degree of pleasure in drinking them. We sell for the smallest possible profits, effecting a saving to the consumer of 15c to 20c per lb. Our Teas are put up in 5, 12, 15, 20 and 25 lb boxes, and are warranted pure and free from poisonous substances. Orders for four 5 lb boxes, two 12 lb boxes, or one 20 or 25 lb box sent carriage free to any Railway Station in Canada. Tea will be forwarded immediately on the receipt of the order by mail containing money, or the money can be collected on delivery by express man, where there are express offices. In sending orders below the amount of \$10 to save expense it would be better to send money with the order. Where a 25 lb box would be too much, four families clubbing together could send for four 5 lb boxes, or two 12 lb boxes. We send them to one address carriage paid, and mark each box plainly, so that each party get their own Tea. We warrant all the Tea we sell to give entire satisfaction. If they are not satisfactory they can be returned at our expense.

A YEAR'S TRIAL

Montreal, 1868 The Montreal Tea Company: GENTLEMEN—It is nearly a year since I purchased the first chest of Tea from your house. It is very strange, but since I have been drinking your Tea I have been quite free from heart burn, which would always pain me after breakfast. I attribute this to the purity of your Tea, and shall continue a customer. Yours respectfully FRANCIS T. GREENE, 54 St. John Street, Montreal.

Montreal, April, 1868.—To the Montreal Tea Company, 6 Hospital Street, Montreal: We notice with pleasure the large amount of Tea that we have forwarded for you to different parts of the Dominion, and we are glad to find your business so rapidly increasing. We presume your teas are giving general satisfaction, as out of the large amount forwarded we have only had occasion to return one box which we understand, was sent out through a mistake. G. Ayer's Sarsaparilla, FOR PURIFYING THE BLOOD.

The reputation this excellent medicine enjoys, is derived from its cures, many of which are of a truly marvelous character. In every case of Scrofula, where the system seemed utterly given up to corruption, have yielded to this compound of anti-strumous virtues. Disorders of a scrofulous type, and affections which are merely have been radically cured in such numerous instances, in every settlement in the country, that the public do not need to be informed here that it is in most cases a specific and absolute remedy. Scrofulous poison is one of the most destructive enemies of our race. Often, this unseen and unfeeling tenant of the organism undermines the constitution, and invites the attack of embolism or fatal diseases, without exciting a suspicion of its presence in the system. It does, indeed, descend from parent to child, but is also engendered in persons born of pure blood. Low living, indigestion, foul air, venereal taints, and other causes, are the most frequent sources of its production. Weakly constitutions, where not fortified by the most constant and judicious care, are peculiarly liable to it. Yet the robust, also, whose turbid blood swells the veins with an superabundant vitality, are often contaminated, and on the road to its consequences. Indeed, no class or condition can depend on immunity from it, nor feel insensible to the importance of an effectual remedy.

In St. Anthony's Fire, Ross or Erysipelas, for Tetter, Salt Rheum, Scald Head, Ringworm, Sore Ears and Eyes, and other eruptions or visible forms of the disease caused primarily by the scrofulous infection, the Sarsaparilla is so efficient as to be indispensable. And in the more concealed forms, as in Dyspepsia, Dropsy, Heart Disease, Fits, Epilepsy, Neuralgia, and other affections of the muscular and nervous systems, the Sarsaparilla, through its purifying power, removes the cause of the disorder and produces astonishing cures.

The Sarsaparilla root of the tropics does not by itself achieve these results. It is aided by the extract combined with it of still greater power. So potent is this union of heating virtues, Syphilis or Venereal and Mercurial Diseases are cured by it, though a long time is required for subduing these obstinate maladies by any medical agency. Leucorrhoea or Whites, Urinary Ulcerations, and Female Diseases in general, are commonly soon relieved and ultimately cured by the invigorating and purifying effect of our Sarsaparilla.
