MISCELLANEOUS.

The newest fad in table decorations is to color the water in the finger bowls in harmony with the dinner scheme. A few drops of harmless fluids produce, by lessening or increasing the little used, the exact tint required.—New York Times.

An actor says that women are "quicker studies," that is, learn their parts more quickly than men. "I plug along through a part for three days," said he, "and then I feel shaky when I go on the first night, but a woman just reads a part over once or twice, or sleeps with it under her pillow, and she's got it letter perfect before the first rehearsal."

Russia's fancy is for large yellow diamonds. China is becoming a buyer of diamonds, for very recently the Empress has broken through the old custom which prohibited women from wearing diamonds in her country. She could not resist the beauty of a superb diamond necklace presented to her. She wore it at Court and set the fashion.

HAVE YOU HEADACHE?

Headache, which is usually a symptom of stomach trouble, constipation or liver complaint can be entirely cured by B. B. B. (Burdock Blood Bitters) because this medicine acts upon and regulates the stomach, liver, bowels and blood.

The proposed British Pacific Railway, to be built from Vancouver to the northernmost limits of British Columbia, will open up a timber belt exceeding in area the timber belts of Washington and Oregon. This road may at no distant date become a part of a system extending to Alaska and eventually to Bering Straits and Siberia. The route to Alaska has been traveled over and found to contain few serious obstacles to the building of a railroad.—Railway Review.

Most of the leading London actors like to occasionally entertain friends at supper after the performance, and Mr. Charles Wyndham is no exception to the rule. For this purpose he has had a large room fitted up at the Criterion Theatre, so that it is a facsimile of a ship's saloon. The ceiling is low, there are portholes for light and ventilation, the electric lamps swing to and fro as if from the motion of a vessel; in short, nothing is wanting to complete the illusion.

That Pale Face.

For Nervous Prostration and Anaemia there is no medicine that will so promptly and infallibly restore vigour and strength as Scott's Emulsion.

W. T. Stead suggests that every graduate of a theological seminary should spend one month in a policeman's uniform, walking the streets of a great city and receiving impressions relative to the "solidarity of the race and the state of the human race as it is with its Sunday clothes off." Six months' residence and work in a college settlement will serve the same commendable end without some of the unpleasant features incident upon posing as a representative of the law.—The Congregationalist.

That versatile and industrious statistician, Edward Atkinson, has made a calculation as regards the "bill for our civil war." He figures up, as the expenditure for war purposes and reconstruction, some \$4,000,000,000; and as to the probable costs of war, in money, to the South, of \$2,200,000,000. To these he adds the pension roll at \$1,800,000,000, and the estimated cost of future pensions, according to life tables, at about \$2,000,000,000 more. This, together with the interest allowance of about \$2,000,000,000 swells the total cost of the civil war to the sum of \$12,000,000,000.—Fittsburg Dispatch.
