the Varsity forwards played some splendid combination and got down the line fast, but fell down on some rather easy chances to score. The defence was practically impregnable and at no stage in the game were overworked, always holding the opposing forwards in check. No rough or dirty work marred the play and the referee had a comparatively easy time.

At half time the score stood 1-0. In the second half the play was almost entirely Varsity. Daly and Pfremner scored in this half on neat shots.

The next intermediate game will take place next Saturday and all candidates are requested to turn out at once to try for the vacant positions.

The Varsity lineup on Saturday—Goal, Ross; Backs, White, and Galbraith; Half back, Cooke, Wylie and Stock; forwards, Godwin, Daly, Givens, Pfremner, Hart.

NOTES

The first Senior Intercollegiate Association Match will be played on Saturday against McGill, the team leaving Friday night. Only half of last year's championship team are back and several new faces will be seen on the lineup. Practices will be held regularly during the week, on Tuesday and Friday evenings. The management will not select the team until the end of the week.

Games in the Interfaculty League will commence next week on the 18th. Schedules and practice hours have been mailed to the secretaries of the various Faculties. There are two handsome trophies presented for the Intermediate and Senior Interfaculty Championships and competition among the various teams promises to be keener than ever.

There will be two teams representing the Faculty of Arts in the Inter-Faculty series this fall, and consequently a large number of players must be secured. The practice hours for the year are Monday, 5 to 6, front campus; Wednesday, 5 to 6, front campus; Thursday 4 to 5 rear campus.

All prospective players are urged to attend the first practice this afternoon (Wednesday) at five o'clock on the front campus. A few of the player's names have been secured and all other men are requested to hand in their names to the manager, Mr. Daly, without delay.

FACULTY OF EDUCATION

Dean Pakenham made his first appearance in the halls since his illness, Tuesday morning. We are pleased to have him among us again.

Last week an Athletic Union was formed to manage the sports of the F.O.E. With some good material in the sporting line, we hope to be in the running for championships.

A movement is on foot to attend in a body The Merchant of Venice, and dispensation has been secured for Thursday afternoon.

The Y.M.C.A. tendered a reception to the members of the F.O.E. last Thursday afternoon, under the patronage of Mrs. Pakenham. A large number turned out to meet the wives of the staff and become better acquainted among themselves.

Dr. R. Davidson, M.A., Ph.D., delivered the address of the evening, his subject being "Theology and the Scientific Method." The question is whether theology should make use of scientific investigation as in attempting to explain the facts of nature by generalizations and hypothesis. There are philosophic objections to the application, but setting these aside the method is applicable in many ways. A hypothesis may be partly error and partly true. The same may be said of doctrines—it is inadequate, while it is true it is not the whole truth. There is room left for investigation in the Old and New Testament, in doctrine and Church History. The aim of investigation is to bring us nearer the truth. Though this is not a perfect expression, yet it is very usable. We shall find enough of the truth to warrant its use in teaching, preaching, etc. The great body of doctrine does not lead us into the secret of human life.

During the evening the degree of B.D. was conferred on the Rev. J. A. Sherrard, M.A., of Indore College, India.
