CANADIAN PACIFIC RAILWAY.—Motion—

| | |
|--|-----|
| <p>“That the construction of the Pacific Railway having formed the principal condition upon which British Columbia entered the Canadian Confederation, every reasonable effort should have been made by the Government of the Dominion to satisfy the people of that Province that faith would be kept with them; but this House regrets to find that whilst incurring, or ready to incur, immediate expenditures of several millions of dollars not needed, or of doubtful utility, the Government has failed to proceed vigorously with the construction of our great national inter-oceanic railway, which is so essential to the material advancement of all the Provinces of the Dominion, as well as to the early consolidation of political and social union among the whole people.”—Hon.
