THE AMERICAN PATENT

# REVOLVING BOOKCASE.

The Revolving Bookcase will be found a great convenience by those who wish to have from 80 to 200 volumes accessible while seated at a table or by the fireside. This bookcase occupies no more space than an ordinary whatnot, and can be wheeled from one part of a room to another. It is particularly suitable for Private Libraries, for Studies, and for the Consulting Chambers of Barristers, Physicians, &c.

Size No. 1, 36 inches high.

PRICE FROM 4 GUINEAS.

ION,

paper and

e £4. 10s.

box, price

3s.

These Bookcases are made in various sizes, 24 inches square, 36 to 59 inches high, with eight, twelve, or sixteen shelves, in ash, walnut, mahogany, oak, and ebonised, and neatly finished so as to form handsome pieces of furniture. A special form of Revolving Bookcase has been designed to hold the set of 'Encyclopædia Britannica.'

Specimens of the different sizes and woods can be seen in use at

**PATERNOSTER HOUSE,**

**CHARING CROSS ROAD, LONDON.**
