GEORGE THOMSON'S

**English and Commercial Academy, upper side
the Parade,**

IS now open for the instruction of youth of both sexes, in the most useful branches of Education, and on an entire new plan, derived from experience and study, as well as from information received lately from some of the first Teachers of England and Scotland, regarding the different systems of Education; with these and the experience of nine years' teaching in this town, he earnestly hopes to merit a continuation of the public favor.

 His Evening School will be opened about the beginning of October; early application and attendance, are necessary and best, particularly for adults, or those whose previous education has not been attended to.
