

	PAGE.
Peat .....	152
Petroleum.....	153
<b>III. Minerals Applicable to Certain Chemical Manufactures and Mineral Fertilizers.</b>	
Pyrites .....	159
Magnesite.....	160
Celestite or sulphate of strontium .....	160
Strontianite or carbonate of strontia.....	160
Lithia.....	161
Apatite .....	161
<b>IV. Mineral Pigments.</b>	
Iron ochres. ....	162
Baryta .....	163
<b>V. Salt and Brines</b> .....	164
<b>VI. Refractory Materials and Materials Applicable to the Man- ufacture of Pottery, Chinaware, etc.</b>	
Asbestos .....	167
Mica.....	168
Graphite (plumbago).....	171
Fire Clay.....	173
Felsite .....	174
Felspar .....	174
Soapstone (steatite, compact talc) .....	175
Potstone (compact chlorite).....	175
Talc.....	176
<b>VII. Materials for Grinding and Polishing.</b>	
Corundum.....	177
Grindstone and pulp-stone.....	179
Infusorial earth.....	180
Garnet rock.....	181
<b>VIII. Minerals Applicable to Fine Arts and Jewellery.</b>	
Cut and polished stones .....	182
Amethyst. ....	183
