This compares with 206,600,000 bushels last year, or 28.1, or 58,000 bushels last year, or 28.1, or 58,000 bushels less cm March 1, 1908, than in 1907.

On the surface, these figures appear bullish, but when unalyzed there are offsetting factors which snould not be ignored. Opportunities for profit on the short side of the deferred options appear to us unusual, and we strongly advise taking advantage of the same.

Ennis & Stoppani wired to J. L. Mitchell at the close:

Wheat—There was a bearish array of statistics this morning, which had such an effect upon sentiment that opening prices were almost ic lower. Fair compission house buying, however, absorbed surplus offerings and brought about an fact a large percentage of the offerings. an effect upon sentiment that opening prices were almost ic lower. Fair compulsion house buying, however, absorbed advance of about 15c. after which the market became very dull and continued so until the announcement of government report on farm reserves, which traders interpreted as being bearish and proceeded to ralif the market (final opening). The sovernment report on farm reserves placed the same at 148,000.000 bizshels, which with 41,000,000 in the visible supply gives us a total of 189,000.000 bizshels, against 235,000,000 bushels to the carried into the new eron, which is about 40.000,000 bizshels and should the same ratio obtain this year, there will be a total visible and invisible reserve of about 40.000,000 bushels to be carried into the new eron, which is abnormally small. The fence that restrains the Wild Buffalo at Elk Island (Government)
Park, near Ft. Saskatchewan, Alberta, is Lamb Fence. Twenty miles of
Lamb Fence around this park, which contains over Four Hundred Wild
Buffaloes, the only large herd of Buffaloes in the world.

If Lamb Fence will hold a Wild Buffalo, it surely will hold the most vicious domestic animal. Lamb Fence is a fence that will go over any hill or through any valley—a fence with a straight, hard steel upright and a knot that never slips—a fence with wires of even length—a fence made of high-grade steel wire—a

fence that will continue to be its owner's pride. OUR AGENTS ARE PROSPEROUS They have a line of fence that sells readily and gives entire satisfaction. They have a firm behind them that treats them right in every way.

LONGEST-LASTING NO. 9 STIFF-STAY FENCE

While new to Canadians, the "MONARCH" lock has been for years one of the most popular in the U.S. It is somewhat different and altogether superior to any lock found on any other Canadian Fence. Unlike other locks, the "MONARCH" is applied without a heavy pressure falling on the point where the laterals and stays cross. This heavy pressure weakens the wires greatly, and though the injury is not apparent while the wires are in place, the cause of the weakness is easily seen when the wires are narted or broken later.

ORANGEMEN AT MT. FOREST.

Important Sessions to Be Held To-Day and To-Morrow. The Grand Black Chapter of Ontario West will convene in Mount Forest this afternoon, Bro. John Graham of Hamilton in the grandmaster, and he is likely to be succeeded by Col. A. E. Belcher of Southampton,

the present deputy grandmaster. Orange Lodge of Ontario West will follow on Wednesday at the same place. The present grandmaster, E. T. Essery of London, will be re-elected. A contest is promised for the position of grand secretary, which is position of grand secretary, which is being vacated by Bro. William Lee of Toronto after several years' service. While it is felt by some that William Fitzgerald of Toronto, the present associate secretary, should be promoted, there are others who feel that the honors should go around, and the name of William Cook, Meaford, is mentioned. It is also rumored that the deputy grandmaster, Bro. Harry Lovelock, may step down from his high office and higher prospects and enter the contest for the salaried and enter the contest for the salaried position. W. H. Saunders, another Toronto member, may be a candidate. In the event of Harry Lovelock re-
