BOARD RECOMMENDS EXPROPRIATION BILL

Will Also Ask For Power to Construct Tubes as People Demand.

Legislation with regard to acquiring control of the Toronto Street Railway, the construction of the tubes and for power to change the system of voting for members of the board of education to the ward system, was recommended by the board of control yesterday morning and sent on to the city council.

With respect to the street railway the following were the recommendations:

1. To acquire (expropriate, if necessary) and take possession of the properties of the Toronto Railway system and service in the city of Toronto until Aug. 31, 1921, as granted in an act of the legislature, being 35 Victoria, chapter 29, and the agreement between the corporation and the said company scheduled to the said act;

2. To raise money and exercise all powers usual or necessary for the above purposes;

3. To operate, maintain, manage and control the said properties and railway so as to be acquired.

"Not as a threat or a penalty, but a proposition to stand on its own merits," was the comment made by Controller Spence. "We can never hope to get a

satisfactory street car service from any private company."

"Tubes Legislation."

The following were the recommendations with respect to the tubes: 1. To construct, maintain, lay out and operate upon, along and across any or all of the streets and highways of the city, within any territory or lands added to the said city since the first day of February, 1891, a system of surface street railways, and to acquire all necessary lands for the operation there of, with or without the consent of the owners thereof, and upon due compensation therefor;

2. To construct, build, maintain and operate, under all or any of the streets, lanes and highways of the city, for system of underground railways for the carriage and transportation of passengers and freight, and to acquire all lands necessary for the operation thereof, and in connection with the operation thereof, to issue debentures upon the security of a majority of the qualified ratepayers voting thereon, for raising all moneys required therefor.

At the next meeting of the city council will be asked to sell to the works department an acre of land at Perth and Symington avenues on which to establish an asphalt plant. Controller Spence proposed to close, crossing west of Cherry-street, across Keating's Channel and run parallel with Keating's Channel as far as Leslie-street. Another line would run parallel with Front-street, across Parliament, and then across the old Don, which it is proposed to close, crossing west of Cherry-street, across Keating's Channel, then across to the sites for the proposed industries, at present a marsh.

Plans of Ashbridge's Bay have been completed for the board of control, wherein the board's suggestion is offered that tracks be built which will be owned and controlled by the city. The C.P.R., the G.T.R., and the C.N.R. will be allowed to use the tracks on equal terms.

According to the plan displayed in front of the board of trade, one line would commence at Winchester-street bridge, run parallel to the Don River, across Gerrard-street bridge, Queen-street bridge, Eastern-avenue, and then run parallel with Keating's Channel as far as Leslie-street. Another line would run parallel with Front-street, across Parliament, and then across the old Don, which it is proposed to close, crossing west of Cherry-street, across Keating's Channel, then across to the sites for the proposed industries, at present a marsh.

Buy Horses Now.
Dr. Sheard, medical health officer, who has asked for \$15,000 to buy horses for the street cleaning and scavenging

work of the city, is anxious to get the money right away, as he could purchase horses at this time of the year 20 per cent cheaper than around the first of May. It costs the city at present \$10,000 a year for the hire of horses to do the work.

Death of W. H. Leatch

W. H. Leatch, traveler for the Dominion Brewery for the past thirty years, and one of the best-known men on the staff, died yesterday at his home, 456 Parliament-street, after an illness of four years from neuritis. He was one of the first eastern men to take samples over the western prairie before the construction of the C.P.R. Mr. Leatch was born at Otterville, Ont., 62 years ago, and had been a resident of Toronto for forty years. His wife and four children survive: J. E. of Millbrook; C. T. and W. H. Jr. of Ottawa; and Mrs. V. E. Houghton of Ontario. He was a member of Stevens' Masonic lodge; Excelsior lodge, A.O. U.W.O., and the Commercial Travelers Association. The funeral will take place on Saturday at 3 o'clock.

Palpitation of the Heart.

One of the first danger signals that announce something wrong with the heart is the irregular or violent throbbing. Often there is only a fluttering sensation, or an "all gone" sinking feeling; or, again, there may be a most violent beating, with flushings of the skin, and visible pulsations of the arteries.

There may also be experienced a smothering sensation, gasping for breath, and feeling as though about to die.

In all such cases the action of Milburn's Heart and Nerve Pills in quieting the heart and restoring it to its normal beat, is beyond all question marvellous, as our thousands of testimonials will show.

Mrs. Martha Mason, Marlbank, Ont., writes:— "Just a few lines to let you know what Milburn's Heart and Nerve Pills have done for me. I have been troubled with weakness and palpitation of the heart, would have severe choking spells and could scarcely lie down at all. I tried many remedies but got none to answer my case like your pills did. I can recommend them highly to all with heart or nerve trouble.
Price, 50 cents per box, or 3 boxes for \$1.25 at all dealers, or mailed direct for receipt of price by The T. Milburn Co., Limited, Toronto, Ont."

MIDWAY CONSERVATIVES Start New Organization at Rousing Meeting.

A well attended and enthusiastic meeting held in Brierley's Hall last night, resulted in the launching of a new Conservative organization to be known as the Midway District Conservative Association.

Organizing Secretary A. H. Birmingham presided, and with him on platform were Alec. McCowan, M.L.A., A. E. Kemp, ex-M.P., ex-Ald. Saunders-Ron, J. W. Jackson, John Maxwell and R. H. Grier, president Ward One Conservative Association. The following officers were elected: Hon. President, A. McCowan, M.L.A., and A. E. Kemp, ex-M.P.; President, J. W. Jackson; 1st vice-pres., James Gray; 2nd vice-pres., Jas. Brown; 3rd vice-pres., R. Ellis; secretary, J. McEwan-Neill; treasurer, Peter Harrison; inner guard, Geo. H. Shear.

After Secretary Birmingham had congratulated the new organization on their enthusiasm, A. E. Kemp made a brief speech, in which he expressed the opinion that the Liberal Government had nothing to learn from the United States in the giving away of valuable lands to their friends. His reference to the gentlemen who, at a recent banquet held in Toronto in honor of Sir Wilfrid Laurier, had attempted to whitewash the latter, elicited considerable laughter.

Dealing with the naval question, he said that Canada should do something of a practical nature to assist Britain. Sir Wilfrid had stated that no ships would leave Canadian waters without the approval of the government, but he believed that if Canada had a navy it should be in the giving away of valuable lands to their friends, His reference to the gentlemen who, at a recent banquet held in Toronto in honor of Sir Wilfrid Laurier, had attempted to whitewash the latter, elicited considerable laughter.

Other speakers were, A. McCowan, M.L.A., H. Greer, W. Johnston, J. W. Jackson and ex-Alderman Saunders-Ron.
