A QUESTION OF VERACITY

Dr. Bryans Would Like Some of Miss Martin's Remarks Confirmed.

While the management committee of the board of education yesterday were considering the new system of medical inspection in the schools, Trustee Clara Brett Martin announced her antagonism to the system. She predicted it would become very expensive and proceeded to mention what she had seen of the system in United States cities.

Just here Miss Martin's remarks were interrupted by Dr. Bryans. "I don't like to doubt anybody's word," said he, "but I have heard Miss Martin make statements at meetings of this board before to-day that needed to be verified."

"It was not thru the board that Miss Rogers was brought here, but thru John Ross Robertson of the Sick Children's Hospital," declared Miss Martin, but the recommendation of the sub-committee was favored by all the rest.

As the new building for the university faculty of education is not going to be large enough, it was decided to allow the university the use of such rooms as would be required for that particular department for demonstration, observation and practical teaching, under certain considerations.

The recommendation that Dr. L. E. Embree be appointed supervising principal of high schools is once more started the rounds, this time by Dr. Egan.

James Simpson had the name of Miss Johnston of the Girls' Home substituted for that of J. A. Brown for promotion to the principalship of Deer Park school. "We should encourage rather than discourage the lady teachers on our staff," said he, "by conceding to them the schools of four rooms and under."

A motion of Dr. Bryans that physical instructors be appointed for the high schools, to relieve the teachers of this work, was referred to Dr. Embree.

PROGRAM OF CIVIC IMPROVEMENTS

MONTREAL, April 28.—(Special.)—Controller W. J. G. today made public a statement outlining the policy of the board of control should the legislative assembly decide to give the controllers the larger powers that they are asking.

"Special attention," he says, "will be paid to giving the city better streets, a better sewage system, better water, while great contracts will be given out in a manner that I am sure will meet with the approval of the public."

MOB AND SOLDIERS CLASH

Over Negro Sentenced to Be Hanged for Assault on White Woman.

THOMASVILLE, Ga., April 28.—Under a heavy military guard, Howard Harris, the negro, who was today convicted of criminal assault upon a prominent white woman of this county, and sentenced to be hanged May 20, was taken to Macon on a special train this afternoon.

Two more companies of state militia had been ordered out to-day to protect him. In a clash between the mob and soldiers two persons were seriously injured by bayonets.

BRITAIN'S ATTITUDE IN THE FAR EAST IS MADE CLEAR.

LONDON, April 28.—The British government, under the fire of questions in the house of commons, has dropped the mask which has concealed its far eastern policy, formally espousing the tactics of Russia and Japan, which resulted in blocking China's Chin-fow-fu-Aigun Railway project.

The foreign office representative declared that the two powers in question were acting reasonably and fairly declared that the British financial group interested in the projected Manchurian railway loans need not look to the government for any assistance.

Were You Ever in Cincinnati? Albert E. Smyth and Roy M. Mitchell left last night for Cincinnati to attend the convention of the Theosophical Society opening there to-morrow. Cincinnati is quite a centre of occultism. Dr. J. D. Buck, author of many works on Masonry and mysticism; John Uri Lloyd, author of "Etichorpa" and other well-known writers living there. W. F. Crawford, who translated the Khelevala, and Colonel Ralston Skinner, author of "The Source of Measures," resided there.

Charles Johnston, M.R.A.S., the theosophical writer, son of John of Balliol, and Henry Bedinger Mitchell of Columbia College, will attend the convention.

NOT ALL THE LIBERALS BACK THE NAVAL POLICY

Senator Legris Endorses Borden's Position to Submit Question to the People.

OTTAWA, April 28.—Representative French-Canadian Liberals who are not directly under the control of Sir Wilfrid Laurier are evidently not all ready to subscribe to his naval policy. Senator Legris during the naval debate in the senate to-day came out in favor of R. L. Borden's contention that such a serious question should be submitted to the people. Senator Legris was appointed to the senate by Sir Wilfrid in 1908. He was a Liberal member of the commons from 1896 until that year.

Sensor Legris said he had seen with regret the views of the Liberal leaders and press in Quebec on the question of imperialism. He quoted Sir Wilfrid Laurier's expressions at the colonial conference of 1902, and Senator David's book, "Laurier and His Times," published in 1905, to show that the prime minister and the government generally were opposed to imperialism as generally understood. In the opinion of Senator Legris the passage of the naval bill meant that Canada would assume a gigantic burden, which would grow year by year, and finally lead to Canada being embroiled in war. And this was being done without the people being given an opportunity to express their opinion on the question.

Sensor Polier denied any responsibility for the attitude of the Conservatives of the Province of Quebec on the question of the navy. He had consulted the people of his province and had found them of opinion that Canada had nothing to gain and everything to lose by a change of suzerainty. He declared the English people were brave and if they had sounded the cry of alarm it was because there was a real peril, and if so it was Canada's duty to give them aid. The only question was the method by which this should be done. His opinion, and that of the majority of the people of his province, was that if ever conflict occurred between France and Germany, it would come within twenty-four hours, and would be too sudden for the people to be prepared. Any conflict between Germany and England would come as suddenly. Therefore preparations had to be made and in making them the war preparations of the Germans had to be considered. In event of such a war Canada would be in danger, for there was nothing to prevent the Germans from attacking the Canadian coast. Senator Polier declared himself favorable towards making a contribution of one or two naval units to the British fleet and he was also in favor of the creation of a Canadian navy. In his eyes the navy was the only line of defense that would be useful. He thoroughly endorsed Mr. Borden's attitude.

The committee is as follows: J. W. Borsberry, chairman; Fred Bruce Horn, field secretary; "Gleason," George W. Stone, J. C. Slemmon, Thos. Ferguson, James Massie, Alfred H. Patience, Ed. Gold, Wallace Anderson, W. W. Sneath and J. P. Balfour.

Was Brother of Toronto Man. CINCINNATI, O., April 28.—(Special.)—Edward G. Goeder, a prominent resident here, and a brother and former partner of Edwin Goeder, now living in Toronto, died here last Sunday in Healey's lodging house in one of the down town alleys. Goeder had gone under the name of L. H. Cones for many years.

TRAVELERS TO HOLD SERVICE

For First Time Will Conduct Church Service of Their Own.

The first church service conducted by the Commercial Travelers of Toronto will be held in the Parkdale Tabernacle, corner West-Queen, and Gwynne-avenue, on Sunday, 2 p.m.

Short addresses will be given by the travelers, with solos, duets and quartets, and good old-fashioned hymns by travelers and congregation.

It is the intention to continue these services in different sections of the city, as many of the pastors have offered the use of their churches for similar meetings. These special services may be in charge of the travelers who are members of their own congregation.

The committee is as follows: J. W. Borsberry, chairman; Fred Bruce Horn, field secretary; "Gleason," George W. Stone, J. C. Slemmon, Thos. Ferguson, James Massie, Alfred H. Patience, Ed. Gold, Wallace Anderson, W. W. Sneath and J. P. Balfour.

When digestion is perfect the fluids necessary to this process come naturally to the aid of the stomach. They are of right proportion and do their work speedily and well. When indigestion and dyspepsia are prevalent, these same juices come slowly, if at all, are weak and insufficient or are filled with strong acids and alkalies.

When such a condition exists each meal is a hardship upon the digestive organs. The meal should strengthen the juices, but on the contrary it weakens them, so that man by the very act of eating causes conditions to arise which of themselves bring him pain and loathing for the next meal.

By eating one of Stuart's Dyspepsia Tablets you mix the tablet with your saliva and it goes into your stomach a strong, vigorous fluid, many times more powerful than the natural digestive juices. These tablets are made up from natural vegetable and fruit essences and are composed of Hydrastis, Golden Seal, Lactose, Nux, Aseptic Pepsin and Jamaica Ginger.

One grain of it will digest 3000 grains of food in any stomach. Besides digesting the food, it will give the blood the power to enrich the digestive fluids, so after a time nature will take care of itself. Though you have no stomach trouble one of these tablets after each meal is a powerful assistance to nature and is an excellent habit to make.

Go to any druggist and ask his opinion of Stuart's Dyspepsia Tablets. He will abide by his answer, if he be an honest man. They sell for 50c per package. Send your name and address and we will send you a trial package by mail free. Address F. A. Stuart, C. 150 Stuart Bldg., Marshall, Mich.

Introducing Mr. O.P. Brockton

Mr. ONE PRICE BROCKTON: "I have been in the shoe business some time now and I know all the game from the well up. I know for what price a good shoe can be made and sold direct between factory and wearer and that price is \$3.50. That is what you pay for the 'Brockton.' Another name for the Brockton is 'Foot Comfort.'"

"ONE PRICE BROCKTON"

When you buy the "Brockton" at \$3.50 you are getting it at the wholesale price. And is it not a splendid idea to be able to walk into a store and know that you are going to pay one particular price for a pair of shoes, and that the clerk can't charge you any more, and that you won't be asked to pay less?

You will find the "Brockton" at 119 Yonge Street, east side, and a few doors north of Adelaide Street. Every kind of shoe that a man can ask for and only one price—THREE-FIFTY.

So far we have on sale only men's shoes, but a little later we expect to be able to give the ladies of Toronto a real surprise in good foot-wear. We were rushed at the opening and were unable to stock our famous lines of BROCKTON SHOES for ladies.

Remember that the "Brockton" is an American shoe, and that is saying it is the best in the entire catalogue of Shoes. It is made in all designs and fractions of sizes, and is intended to fit the wants of the particular man who desires a STYLISH SHOE with "FOOT-COMFORT."

GALT BOARD OF TRADE

Endorses Scheme of City Buying Land Suitable for Manufacturing Sites.

GALT, April 28.—(Special.)—The Galt Board of Trade endorses the proposition for the town to acquire land suitable for manufacturing sites, so as to be in a better position to deal with promoters of industrial undertakings.

The board of trade and the council will take joint action.

The Galt branch of the Victorian Order of Nurses shows a gratifying result of the first year's operations. Receipts were \$747 and expenditures less by \$100. Officers elected were: President, Miss Dykes; treasurer, Mrs. Wardlaw; secretary, Miss K. F. Jaffray.

Joseph Thompson, motorman on the Galt, Preston and Hespeler, in charge of a freight motor, put his head out of the car door as another car passed and was struck a severe blow, the wonder being that he was not instantly killed.

MAD DOG SCARE

At Woodstock Being Investigated by Provincial Board of Health.

WOODSTOCK, April 28.—(Special.)—Drs. Purdee of Toronto and Tenant of London, representing the provincial board of health, are in the city co-operating with the city council and board of health in an investigation of the mad dog scare.

A dog, which has since been proven to have been affected with rabies, escaped from its owners a few days ago and bit several animals in the vicinity of Bremer. The provincial officials have issued orders for all of the bitten animals to be chained up and watched.

The License Board. The final meeting of the license commissioners will be held Saturday morning. Final decisions regarding the Brockton Hotel, Mrs. Devaney's and Philo Lamb's will be made.

CRUELTY TO CATTLE

Car of Live Stock So Overloaded That Many Died.

At the April meeting of the Toronto Humane Society yesterday afternoon Staff Inspector Kennedy of the police reported that a cattle car arrived at the Western Cattle Market a couple of days ago with 19 calves and one cow dead from overcrowding. The animals were shipped by S. Pearson of Hickson, Ont., and in the car were crowded 17 steers, 22 calves and 1 lamb. No attention had apparently been given the live stock from the time they were shipped until the market was reached. A summons has been issued for the shipper.

Of 83 cases investigated during the month, 37 had been prosecuted. A number of letters were read from prominent English veterinarians giving their opinion on the rabies "scare." They unanimously agreed that only a small per cent. of the supposed cases were genuine. They were also adverse to muzzling the dogs. No action will be taken by the society beyond having their former petition sent to Ottawa.

A letter was also written to the mayor regarding the rescinding of the mayor bylaw forcing the slow-moving

vehicles to keep close to the curb. Prominent American engineers reported that granite rock made the best roads for heavy traffic.

Literary Merit of the Ballad. Prof. Clawson's paper on "The Literary Merit of the Ballad," read before the Folk Lore Society last night at Victoria College, was a most able and exhaustive treatment of a fascinating topic, and altogether worthy of his reputation in this field of research.

Prof. Keys, who occupied the chair, said Dr. Clawson might be described as the literary grandson of Prof. Childs, the great ballad authority, as he had studied under Prof. Kittredge, a pupil of Prof. Childs, and himself a specialist in this field. Dr. Clawson obtained his doctorate for his thesis on one of the Robin Hood cycle of ballads. He treated the subject under four heads, giving examples of each class and analyzing the typical specimens. The reticence, economy of effort, genuine spontaneity, and impersonality of the old folk ballad were striking merits.

Toronto Water Rates. Toronto water takers under meter tariff are reminded that Saturday, April 30th, will be the last day to pay rates and secure full discount.
