BATTLE ASSUMES WIDE DIMENSIONS

German Sources Report Extraordinary Italian Effort in Trentino.

ALONG ENTIRE FRONT

Drumfire Continues Thru Whole Night, Preparing for Trent Drive.

London, June 21.—Little news explanatory of the real situation on the Trentino front in the Austro-Italian zone has been received, but unofficial reports say the battle, which is of great proportions, extends along the entire line from the Sugana Valley to the Asiago plateau. It is in this region that the Italians are endeavoring to break thru the Austrian line to one of their main objectives—Trent.

An Amsterdam despatch says: The Cologne Gazette correspondent on the battle on the Sette Comuni plateau has assumed extraordinary dimensions. Drumfire continued the whole night, reaching such violence in the morning that the mountains in all southern Tyrol re-echoed. The battle, says the correspondent, extends along the entire front from the Sugana Valley to Asiago.

A Vienna despatch says: The official report from general headquarters reads: "After 24 hours of artillery preparation, an Italian infantry attack on Sette Comuni plateau began early yesterday morning and was carried out with the greatest display of effort, especially on the northern wing in the region of Monte Perno and the frontier ridge."

"All the enemy assaults failed by reason of the victorious defense of our troops. A local success, which gave the Italians gain of about 100 yards, was nullified by a counter-attack. Nothing of importance has occurred on the Isonez front."

FORESTERS DECIDE FOR ORGANIZERS

Plan to Have Work Done by Members for Bonus is Voted Down.

Hamilton, Friday, June 22.—The question of the disbanding of the supreme tenant of organization and the organizers during the period of the war for its members, and substituting the members of the order, to whom a bonus for each member secured should be paid, took up practically the two sessions yesterday afternoon and evening of the high court of the Canadian Order of Foresters. During the evening session the question was taken up and lost on a vote of 244 to 232.

Another motion which occasioned considerable discussion had as its aim the disfranchisement in the high court of the organizers, but this was also lost.

To Pay Soldiers' Dues. By a unanimous vote it was decided to pay the dues of the members serving at the front, and if necessary, to levy a per capita tax of fifty cents a member will be levied to avoid making any inroads on the fund in question.

It was also decided to reduce the organizer's staff during the period of the war.

A collection, amounting to \$108, was taken up for the Canadian Red Cross Society and delivered to W. H. Wardrop, K.C., who delivered a stirring patriotic address.

The credential committee reported an attendance of 84 delegates from all the provinces of Canada.

A recommendation of the good and welfare committee that some of the questions on the medical examination papers be stricken off was adopted.

It was also decided that the high court recommend to the executive committee the granting of a token to all entitled members or their beneficiaries, for services rendered to their King and country, said token to be left to the discretion of the committee.

Toronto was chosen as the next place of meeting.

CANADIAN BOXER JOINS AMERICAN ARTILLERY

The Bearing Fourteen Bullet Scars, McCarthy Will Fight Again.

St. Paul, Minn., June 21.—The he bears 14 bullet scars received in the earlier battles about Ypres, Charlie McCarthy, the Canadian boxer, former member of the "Princess Pats," was accepted as a recruit today for the first Minnesota artillery. The examining doctor declared his physical condition good despite the wounds. McCarthy appeared in several ring bouts in the twin cities since his discharge from the Canadian troops.

Quebec, Que., June 21.—Charlie McCarthy, the boxer mentioned in the St. Paul despatch, seems to be the same who left the Canadian ordnance corps at Quebec without leave some time ago. He fought several bouts in Quebec, posing as Canadian lightweight champion, and so far local officials are aware of, never saw any service overseas, much less with the Princess Pats in their first battles, as he was fighting around Quebec during the first two years of the war.

McCarthy, at one time, played in goals for the Wanderer hockey team in the National Hockey Association.

ALLIES HAVE RAISED BLOCKADE OF GREECE

U. S. Minister Droppers at Athens So Informs Washington.

Washington, June 21.—The lifting of the allied blockade of Greece was announced in a brief cablegram to the state department today from Minister Droppers at Athens. This is taken here to mean that the allies are satisfied with the Greek situation and that there is no further need to apply repressive or punitive measures.

Cordial co-operation between the powers guaranteeing Greek independence and the new Greek King, Alexander, is expected. The blockade originally was imposed as a result of former King Constantine's antagonistic policy. It was very strictly enforced during the demobilization of the Greek army and the withdrawal of Greek troops from all northern Greece into the Peloponnese, and was one of the strongest measures of repression used.

The allies agreed on many occasions to raise the blockade under certain conditions, but the Greek government failed to live up to their part of the agreement. The Greek legation here gave out several statements from Athens declaring starvation was resulting.

TO MAKE RAILWAYS PAY HANDS FORTNIGHTLY

Senate Gives Third Reading to Bill of Senator Robertson.

Ottawa, June 21.—In the senate today third reading was given Senator Robertson's bill providing for the payment of railway employees twice a month, and the date for its coming into effect was set as January 1, 1918. Senator Robertson pointed out that cash payments were largely exacted by the merchants, and that it now costs \$2.40 to buy the quantity of food that could be purchased for \$1.27 at the beginning of the war.

Third reading was also given the business profits war tax bill.

Senator Chouinard, referring to a suggestion in a Montreal paper that there should be an open vote on conscription, asked what the government was going to do about it. Sir James Loughheed said the question being a hypothetical one, was out of order.

ODD SIZES—AND ODD PRICES, AT SCORE'S.

We have about seven dozen of those Butcher blue shirts, with the French collar, that the store left out of the lot in stock, after a very successful three days' sale—and because the sizes are broken we're giving the price an extra pruney so that while these few dozen last you may choose them at \$1.95. The regular price was two-seventy-five and great value at that—they are in the solid colors and neat stripes—the ideal summer shirt and great for wear. R.
