WAS SOON ARRANGED Some comment was caused along the harbor front by the alleged refusal of the Atlantic Sugar Refiners Co. to allow the admiral's patrol steamer to moor at their wharf, and a report on the matter was made to J. C. Chesley, marine agent here. Mr. Chesley said this morning that the matter was easily adjusted, the only trouble being that the company did not understand the admiral's right to use private docks when required.

FAIRVILLE NEWS

The Parish Councillors—Presentations to Soldiers—Basket Ball League Organized

It is reported in the street that the government party has already chosen a slate to carry out their will and wishes at the next parish council. Two of the old councillors are said to be on the list and the third halls from Beaconsfield which section has been claiming for some time that they should have a man of their own. So far as can be learned there is no talk of opposition yet though that is likely to develop.

Somebody resembling a machine gun hard at work on the French frontier, caused some disturbance on Thursday evening, when the village was enjoying its weekly rest from business cares. The noise was traced to a gasoline wood sawing machine. After nightfall the passers by could hardly account for the rapid shot like bars with pauses between spasms, coming out of the darkness and in a prohibition locality.

The Climbers' Class of the Methodist Sunday school met in their room in the church vestry last evening and enjoyed a social time in games and impromptu entertainment. Refreshments were served at the close and the whole affair was voted a pronounced success. A club to meet once a week in under consideration. The young men will celebrate the anniversary of their class on Sunday evening by a special service in which they will participate and there were present Senator Daniel, Mayor Frink, D. Mullin, G. E. Barbour and James Gilchrist, the secretary.

Mr. Gilchrist submitted the following report of receipts and expenditures which was adopted:—

HAD IT ROUGH

Hesperian's Voyage Stormy—Some Canadians From Salisbury Plain The Allan liner Hesperian arrived in port at 8 o'clock this morning and later docked at No. 6 berth, Sand Point. She was due here yesterday afternoon, but was delayed for twelve hours, owing to a violent storm. She came via Halifax, where she landed about eighty passengers and several thousand bags of mail. Among the passengers were twenty-seven returned Canadians from Salisbury Plain. There were also eight employees of the British government who came to Canada to purchase saddlery and other goods. The captain this morning said that the passage across the ocean was one of the worst he had experienced in years. About sixty passengers were brought to St. John.

NEWFOUNDLAND SOCIETY HAVE SOLDIERS AS GUESTS

Doing this as they have done all other things well since their organization, some 70 members of the Newfoundland Mutual Benefit Society, met in their hall in St. James street and tendered a reception to some eight men Newfoundlanders who have come to the colors and are going to the front with New Brunswick's men to fight for king and empire. There was also a warm welcome for another Newfoundland visitor, Mr. Flynn. The committee in charge had arranged a nice programme of speeches, recitations and music and a tempting tea was served. A delightful time, one of the best the society has yet enjoyed was spent by all.

The following toast list was carried out: The King, proposed by Isaac Mercer, musically honored; Canada, proposed by the chairman, responded to by Thomas Sparks; Newfoundland, Percy Gibbon and Arthur Green; Our Society, E. Vey and I. Mercer; The Ladies, E. Clark and John Curtis; Our Soldiers, the chairman, Privates Keefe and O'Brien. Three cheers were given for the soldiers and mention was made of the fact that of the volunteers in St. John, for first and second contingents fifty were from Newfoundland. Entertainment was provided during the evening by Miss May Sparks and John Nicholls.

FREIGHT CONGESTION

Unexpected delay in the arrival of steamers, it is understood, has resulted in an unprecedented congestion of winter port freight on the C. P. R. One official said this morning that between the city and McAdam there were as many as 1,500 cars of freight while both elevators on the west side were full of grain. This is expected to be pretty well cleared out in the course of a few days, as there were eleven steamers in the harbor today, and others expected will tax the accommodation of the port. The C. P. R. has nineteen steamers under charter for this winter's business at St. John.

BUY FLOUR FOR USE OF BELGIANS

Decision Reached By Committee at Meeting Here REQUEST FROM NOVA SCOTIA

Some \$8,000 to Be Spent—Fund to Date is Nearly \$33,000—Further Contributions to Both Funds Acknowledged

At a meeting of the provincial Belgian relief committee at the mayor's office this morning it was decided to act favorably on the request of the Nova Scotia committee to assist in the completion of a cargo of flour and other supplies and practically all the cash on hand, amounting to \$8,000 will be invested at once in flour. One carload of mixed supplies, donated on hand at the warehouse will also be packed today for immediate shipment.

Hon. John E. Wilson presided at the meeting and there were present Senator Daniel, Mayor Frink, D. Mullin, G. E. Barbour and James Gilchrist, the secretary.
