55 Bible Scenes.

62 of Plants and Animals.

57 of Biblical Archæology.

30 of Bible Manners and Customs.

And 35 Maps and Plans.

THE ILLUSTRATED DICTIONARY OF THE BIBLE is the fruit of many years of faithful labor. No pains have been spared to make it in all respects reliable and complete. The author has sought to embody in the work, in as compact form as possible, the results of the most recent research in all departments of Biblical literature—doctrinal, historical, biographical, archæological and geographical.

The learned research and criticism which resulted in the Revised Version of the Scriptures have, probably for the first time, been here utilized in a systematic way in a Bible Dictionary.

The abundant use of illustrations and sketch-maps, and the introduction of chronological and other tables, will, it is believed, be found to add greatly to the value of the book.

We can strongly recommend it as a convenient and trustworthy book of reference on all Biblical subjects. The book is beautifully printed and neatly and substantially bound. Its appearance and contents alike will commend it to the Bible student anxious to have new light on the old Book.
