Corns Go

Blue-jay to your druggist

The simplest way to end a corn is Blue-jay. A touch stops the pain instantly. Then the corn loosens and comes out. Made in a colorless clear liquid (one drop does it) and in extra thin plasters. The action is the same.

STREET CAR MEN AND MOTORISTS NOT COURTEOUS

In the Cathedral yesterday morning His Lordship Bishop LeBlanc, after commenting favorably on the large number of children who took part in the procession to the train on last Wednesday for the Sunday school picnic, spoke of the generally noticed appreciation shown by the public, but was sorry to say that becoming courtesy was not shown by all. He spoke of some street cars and of automobiles and other vehicles seeking to break the line to get along their way. His lordship thanked all who helped to make the picnic a success, including the City Council Band, and said that the net financial results for the care of the orphans would be announced later. He also referred to the picnic on St. Peter's grounds tomorrow, also for the orphans and said those who found they could not attend at Torriburn would find opportunity in the city tomorrow to assist the little ones.

Bishop LeBlanc also announced the tag day of tomorrow for the health centre and commended this work. Next to the salvation of souls, he said, came care for the bodily health, and he presented tomorrow's tag day as a favorable chance for the people to assist in a good cause. Rev. William McCullough, C. S. R. of Montreal, son of Mrs. Patrick McCullough of Exmouth street, delivered the sermon at the 10:30 and 11:30 o'clock masses yesterday morning at the Cathedral. Rev. Father McCullough has been conducting a mission for the Sisters of Charity at Mount Carmel during the last week.

IMPORTANT TAG DAY TOMORROW

Some reasons why the citizens of St. John are asked to put aside their tag day for St. John's new health centre on Tuesday, Aug. 15, follow:

From a sound business viewpoint, the housing of all health activities under one roof will lessen by quite a percentage the monies required for overhead expenses.

The health centre will lead to a 100 per cent. efficiency in the public health work as compared with the present individual and disconnected efforts.

Will provide for all school children dental, refraction (eye), nutritional, nose and throat and other clinics free which heretofore has not been possible of arrangement.

Will provide a pre-natal clinic for mothers.

Will furnish a splendid opportunity to establish the long looked for and overdue psychiatric clinic where supposedly mentally deficient cases may be diagnosed.

Well baby clinics, and in addition a wonderful roof-garden where fresh-air and sun baths can be given to the very many little ones whose homes are situated that they get but little of either.

In short the new health centre is going to mean a great saving of physical infirmity and of lives, not only for the infants but the growing children as well.

For all of which the citizens are asked to give and to give freely on Tuesday, Aug. 10, when they deposit their tag money.

MORNING NEWS

OVER THE WIRES

The fifteen-year-old son of William Milford of Hopewell Cape was injured on Saturday afternoon when he fell about fifteen feet to the floor of his father's barn. Medical aid was summoned and it was found necessary to put stitches in the wound in the left head. About three weeks ago another son of Mr. Milford fell off the wharf at Hopewell Cape and was quite seriously injured.

Three small fires occurred in Moncton over the week end. In the city proper houses belonging to James E. Weidon and J. Higgins were damaged by flames and a small forest fire broke out in near Fox Creek, four miles from the city. The fire was under control last night.

Fifteen locomotives and a roundhouse were destroyed by fire in Portland yesterday. The damage is estimated at \$1,000,000. The police are said to suspect incendiarism. Just before the fire was discovered by deputy sheriff's guard two explosions were heard.

Miss Grace Leonard, 5 Clarendon

street, was given a pleasant surprise on Saturday afternoon last at the summer home of Mrs. J. McLaughlin, Pamelene, when Miss Nan Monaghan, on behalf of girl friends, presented to Miss Leonard

a beautiful casserole dish, in honor of an approaching happy event. Dainty refreshments were served on the lawn which was tastefully decorated for the day.

Constipation Can Be Blamed For
Diabetes and Bright's Disease!

And, constipation is responsible for most cases of rheumatism, hardening of the arteries, brain fog, sluggishness, headaches and many other organic disturbances! Constipation hastens old age; in fact, authorities tell you THAT 90% OF ALL HUMAN ILLNESS IS DIRECTLY TRACEABLE TO CONSTIPATION!

With knowledge like that can you stand by and see yourself slipping physically; see your loved ones fall, as the prey of a preventable condition? Do not minimize the dangers of constipation because you are only "slightly" troubled.

Inactivity of the eliminative passage creates toxic conditions which penetrate the intestinal walls, poisoning the blood and affecting the organs. BRAN—Kellogg's Bran, cooked and krumbled—is nature's own positive and

permanent relief from constipation. It is the most wonderful corrective food known. Bran is not a "remedy," but a "roughage," that through its mineral salts and ability to absorb water—giving bulk and moisture—assists in perfect elimination. We guarantee that if Kellogg's Bran is eaten regularly—at least two tablespoons daily; in chronic cases with every meal—that the sufferer will be relieved permanently! Bran is wonderful for children, for the aged, for every one!

Kellogg's Bran is delicious, its nut-like flavor greatly adding to the enjoyment of eating cereals over which it has been sprinkled. Kellogg's Bran makes the tastiest of bakery batches, such as gems, raisin bread, muffins, macarons, etc. All grocers sell Kellogg's Bran. In the "WAXITE" package.

Here is good advice for the woman who sews at home: "If you would be sure of best results use 'Home Journal' Patterns."

September numbers are now here and are as smart and practical as patterns could be. You will always find them easily managed and in a variety of charming last minute styles very hard to equal.

The Fall Quarterly Book is also ready and is particularly interesting. Along with other things it features attractive styles in Evening Dresses; the new long waisted Afternoon Frocks; Practical Clothes for school children, etc., etc.

Pattern No. 3637 is for a child's cape in heavy material, and No. 15042 is an embroidery pattern to be used on cape (together a very stunning combination). Ask to see it!

The Fall Embroidery Book is full of newest hints for Christmas Work. Let Vacationists would find it profitable to have one of these books and a piece of work to pick up in odd minutes.
