"I am writing you to tell you that I
owe my life to 'Fruit-a-lives'. This
medicine relieved me when I had given
up hope of ever being well.
I was a terrible sufferer from Dys-
pepsia—had suffered for years; and
nothing I took did me any good.
I read about 'Fruit-a-lives' and tried
them. After taking a few boxes of this
wonderful medicine made from fruit
juices, I am now entirely well."

ONTARIO FARMER SECRETARY SPEAKS OF YORK-SUNBURY

Toronto, May 31.—J. J. Morrison, sec-
retary of the United Farmers of Ontario,
who returned today from York-Sunbury,
said that the result of the by-election
had been expected. The farmers were
not organized, he said, and it was an
Orange-Tory riding, where the National
Progressive candidate stood less chance
of election as a result of no Liberal can-
didate being in the field.
Montreal, May 31.—The Montreal Star
says:—"On the morning of yesterday
nothing could be more futile than the
other provinces to talk of making a
dominion issue of the isolation of Que-
bec. Quebec cannot be permanently iso-
lated. The trick has been tried before,
and it has invariably failed. Quebec is
not only an inalienable part of the
dominion, but it is its keystone. Any
government at Ottawa which tries to get
along without Quebec is a limping gov-
ernment. It is an insult to the
French-Canadian voter to imagine that
he will continue to vote on conscription
in a long-drawn-out war against Germany
when confronted by the appalling possi-
bility that a government may come in
at Ottawa which will close his factories,
kill his home markets and by the brutal
'conscription' of penury, borne of
unemployment, carry his sons out of the
country."

THE ESMONDE CASE

Vancouver, B. C., May 31.—A rider
by the jury that the defendant should be
the sentence imposed on O. T. Gratton
Esmonde, found guilty last night of se-
ditional utterances, was not actually
carried out by Mr. Justice Morrison to-
day.
The judge received from Esmonde an
assurance that he could be ready to leave
within a few days, and the accused was
then permitted to leave the court under
his own recognizance.
Esmonde conducted his own defence
during the trial, the second within a
week, because he said legal fees during
the previous trial, at which the jury dis-
agreed, and preliminary hearings, had
exhausted his funds. He examined wit-
nesses during the day and showed con-
siderable aptitude for cross-examina-
tion.
A royal commission inquiry into the
cattle embargo question in England has
been begun.

PICTURES OF

POPE BENEDICT

During the Audience Granted
Knights of Columbus in the
Vatican Gardens—At Im-
perial Tomorrow.
A remarkable motion picture of an in-
stantaneous character will be included in
Wednesday-Thursday programme at
Imperial Theatre, when His Holiness
Pope Benedict will be shown performing
holy offices in connection with the
pilgrimage of the Knights of Columbus
to Rome. Permission to take the pic-
ture was gained through the urgent re-
quest of the knights, and in it His Holiness
and several of the pre-eminent car-
dinals are plainly seen for the space of
five minutes, the Pope finally approach-
ing the camera whilst bestowing his
blessing upon his trans-Atlantic guests.
The Vatican premises, the picturesque
Swiss guards, dignitaries of the church
and other details of the real of pictures
make it a unique offering of a dignified
character. It will be shown at all four
programmes during the afternoon and
evening. The six-reel feature will be
the second of the Imperial's British
plays, "Snow in the Desert," a refined
and splendidly acted social-drama fea-
ture.

hit with old and young. Dolly Dumplin,
American greatest and cleverest child
artist in vaudeville, who has been creat-
ing a sensation everywhere. She is clever
and magnetic and is sure to be a

N. B. CROP REPORT.

Fredericton, N. B., May 31.—The first
crop report issued by the New Brunswick
department of agriculture this season
was given out today as follows:—
Ideal weather for seeding prevailed
during the month of May and farm work
proceeded very rapidly. Planting of po-
tatoes was quite generally completed by
the 25th and the sowing of coarse grains
with the exception of buckwheat, by the
31st. Sowing of turnips, buckwheat,
corn and spring crops will be completed
by mid-June.
The rainfall was very light. Frost
was recorded on several nights, though
little damage was done to apple or
strawberry blossoms.
Condition for fertilization of fruit
trees has been very favorable.
The total area sown to grain, espe-
cially oats, is particularly large. A
considerable quantity of commercial fer-
tilizer was unloaded since May 10 has had
the effect of bringing the total acreage
planted to potatoes well up to the gen-
eral average.
Hay and potatoes made good growth,
though rain would now help the up-
land pastures. Livestock were out to
graze on good pastures by May 20, and
the supply of milk to dairies and fac-
tories has been abundant.

WHO IS RESPONSIBLE

To the Editor of the Times:
Sir:—There is a city law requiring
all horses when left standing in the
street to be tied to a post or other fixed
point. This morning I counted six horses
within two blocks that were not secured
in this way. Some of them were in
another fatal accident. No one knows
when the blow will fall.
Perhaps you can say why this
law so necessary to the safety of the
public is not enforced?
St. John, N. B., May 30.

The Times is asked to state that Lena Richards whose name appeared in the police news last week is not Lena Rich- ards of 71 St. James street.

Montreal bank clearings in May were
\$5,092,077.

looked as though he might be disfigured
for life.
"I thought I would give Cuticura

more and two cakes of Cuticura Soap

The Dread Pyorrhea Begins With Bleeding Gums

Pyorrhea's infecting germs cause many ills. Medical
science has proven this.

Diseased conditions, which not long ago doctors
were unable to trace to a cause, are now known
to be the result of Pyorrhea germs that breed in pockets
about the teeth. Rheumatism, anaemia, nervous dis-
orders and other diseases have been traced in many
cases to this Pyorrhea infection.

Don't let Pyorrhea work its wicked will on your
body. Visit your dentist frequently for tooth and gum
inspection.

And watch your gums yourself. Pyorrhea, which
affects four out of five people over forty, begins with
tender and bleeding gums; then the gums recede, the
teeth decay, loosen and fall out, or must be extracted
to rid the system of poisons generated at their base.

Forhan's For the Gums will prevent Pyorrhea—or
check its progress, if used in time and used consistently.
Ordinary dentifrices cannot do this. Forhan's keeps
the gums hard and healthy—the teeth white and clean.
Start using it today. If gum-shrinkage has already set
in, use Forhan's according to directions and consult a
dentist immediately for special treatment.
