RECEPTIONS FOR THE GRADUATES OF 1912

The graduating classes of the High School and St. Vincent's High School were entertained by their respective alumnae last evening and both events were largely attended and proved decidedly enjoyable. In the High School the exhibition hall was the scene of the gathering, numbering about 200 and an attractive programme of solo songs by Harry McGuire, and songs by the High School girls' quartette, was given. Miss Jessie L. Lawson presided, and gave an interesting address, besides presenting to Miss Marion Macaulay as leader of the graduating class a certificate of life membership in the alumnae. She is the first to receive the honor. Dancing was enjoyed after 9:30 and a pleasant time spent.

In Keith's, where the St. Vincent's graduates gathered, an excellent programme was given at the dinner tendered by the alumnae, with about 100 present. Music was furnished by the Cecilian orchestra. The programme—The King—God Save the King—Welcome to the graduates—The president, Miss O'Keefe, responded to by Miss Veronica O'Neill and Miss Cleary, leader of the class. Selection—Piano solo—Miss Geraldine Carleton. Our Teachers—Proposed by Miss Geraldine Carleton, responded to by Miss Alice Moran and Geraldine Carleton. Reading—Miss Agnes Scully. Our Alumnae—Proposed by the president, responded to by Miss Annie Gosnell. Banjo solo—Miss Beatrice Carleton. The Gentlemen—Proposed by Miss Agnes McKinnay, responded to by Misses Genevieve Gorman and Edna McLoughlin. Selection—The Cecilian orchestra. Auld Lang Syne.

The occasion was marked by two presentations. Miss Flaherty was presented with a handsome pendant by Miss Geraldine Carleton on behalf of the Cecilian orchestra in recognition of the valuable services rendered by her in directing the orchestra. Another presentation was made to Miss Moore, pianist of the orchestra, by Miss McKinnay. She received a handsome silver ring. Both gifts were handsomely decorated with flags and flowers, artistically arranged.

EARLY CLOSING

To the Editor of the Times-Star:—Sir,—I see by the daily papers that the so-called early closing association, not being satisfied with the determination arrived at by the commissioners in repealing this bye-law that caused so much trouble and confusion last year to a good many honest citizens by being summoned to a court of justice for selling after seven o'clock and which the magistrate pronounced "N. G. pro bono publico," that is not for the public good.

A word or two of explanation might be good to those who do not fully understand it. Now in the first place the name itself is misleading and used as a cloak to catch those who do not understand it and I wish through your columns to endeavor to explain it. Now, instead of calling it early closing, it might more properly be called, the Early Opening Association (and a poor one at that), as the law is that the shops open at five a.m. and close at seven.

Now you can see that shops have to be

SPRING TONICS REAL AND UNREAL

To get the blood pure is a problem which nearly everybody has to face in the springtime. The quicker the poisons are swept from the blood, the less suffering there will be from pains, aches and rheumatism. The liver and kidneys filter poisons from the blood, and you can very materially help them by the use of Dr. Chase's Kidney-Liver Pills. There is no way to purify the blood except through the activity of these two filtering organs. Because they are prompt in awakening the action of the liver and kidneys, Dr. Chase's Kidney-Liver Pills are the greatest of blood purifiers. You need not have the tired, languid feelings which make life a burden to so many people if you use Dr. Chase's Kidney-Liver Pills. Backache, headache, biliousness, indigestion and constipation disappear when this great medicine is used.

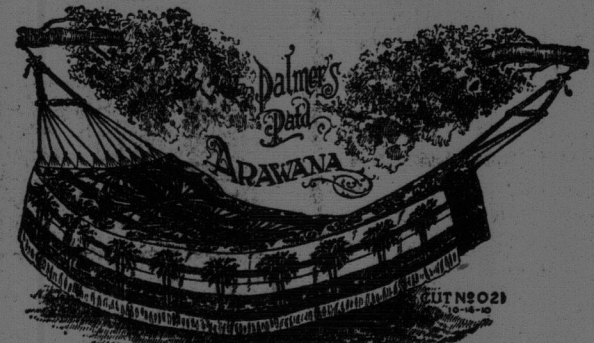

SEVEN YEARS OF MISERY

How Mrs. Bethune was Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Sikeston, Mo.—"For seven years I suffered everything. I was in bed for four or five days at a time every month, and so weak I could hardly walk. I had cramps, backache and headache, and was so nervous and weak that I dreaded to see anyone or have anyone move in the room. The doctors gave me medicine to ease me at times, and said that I ought to have an operation. I would not listen to that, and when a friend of my husband's told him about Lydia E. Pinkham's Vegetable Compound and what it had done for his wife, I was willing to take it. Now I look the picture of health and feel like it, too. I can do all my own housework, work in the garden and entertain company and enjoy them, and can walk as far as any ordinary woman, any day in the week. I wish I could talk to every suffering woman and girl, and tell them what Lydia E. Pinkham's Vegetable Compound has done for me."—Mrs. DANA BETHUNE, Sikeston, Mo.

Remember, the remedy which did this was Lydia E. Pinkham's Vegetable Compound. It has helped thousands of women who have been troubled with displacements, inflammation, ulceration, tumors, irregularities, periodic pains, backache, that bearing down feeling, indigestion, and nervous prostration, after all other means have failed. Why don't you try it? Trusting the citizens will see this

AN EXCELLENT REMEDY FOR LITTLE ONES

Mrs. John C. Lepage, Rimouski, Que., writes: "Your Baby's Own Tablets are an excellent remedy for little ones and I always keep them in the house." Thousands of other mothers say the same thing. The Tablets always do the work and are not at all harmful. They are the only medicine for children sold under the absolute guarantee of a government analyst to contain no opiate or harmful drugs. They sweeten the stomach, regulate the bowels, break up colds, expel worms, induce digestion and promote healthy sleep. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

STEAM SHOVEL AT WORK

The big steam shovel imported by the Courtenay Construction Co. for work at Courtenay Bay commenced work yesterday on the earth bank south of the Municipal Home. At present the earth is being dumped into the harbor to be carried away by the sea. There is a tremendous amount of rock on the site of the dry dock which will have to be blasted out and this will be used as the foundation for the breakwater.

R. D. McDonald, of the contracting firm arrived in the city yesterday and will remain here for a week or two to oversee some of the most important work. He is much pleased with the progress that has been made.

Profit on Sewage

(Exchange)

Bradford is probably the only city in the United Kingdom which derives a direct revenue from its sewage, and there seems a prospect that in time the sewage works will be self-supporting. The town has just erected new machinery at a cost of \$300,000 to extract marketable products from the city sewage. Last year the corporation made a profit of \$150,000 from the recovered sewage, and if it is anticipated that the annual profit will now be raised to \$250,000. A market has been found for the pressed cake which remains after the grease has been extracted, and large quantities of this have been exported to be used as fertilizers in France and South America.

NOVA SCOTIA METHODISTS

Amherst, June 21.—The meetings of the Nova Scotia Methodist conference today were well attended. Dr. Evans spoke of the plan for placing the superannuated and widows' fund on a better financial basis, and of the success met with in New Brunswick and P. E. Island in raising the endowment of \$50,000 hoped for, but said that Nova Scotia had been far behind.

The committee on evangelism emphasized the need of evangelistic work in many districts, and it was decided to undertake a stirring revival in all districts that could be arranged for at a mass meeting this evening. The speakers were: Rev. Dr. Chown, Rev. J. K. Curtis, Rev. Dr. Stephenson, Rev. J. W. Atkins, and Rev. H. R. Grant.

Rev. H. W. Watts, of Oxford, at the afternoon session, submitted the report of the general work of the church. The reports received by the committee indicated that faithful and energetic work had been done during the year. The committee regretted to show a decrease of 123 in the membership of the church in Nova Scotia. Serious decreases were also reported in attendance at Sunday schools and in the number of such schools. There was a large increase in the number of members transferred and in keeping the membership register.

RIDS POISONS FROM THE BLOOD

Some people use stimulating medicines in the spring. This is a mistake. The action of the heart is increased. You feel better for a time, but the reaction soon sets in. You are discounting the future by using up more rapidly the little strength you have left.

Get a real tonic—a true tonic, one which will increase the amount of pure, rich blood in the body, revitalize the feeble, wasted nerve cells, and so prove of lasting benefit to you.

A good example of a true tonic is Dr. Chase's Nerve Food. This food does not give you false hope, but gradually and naturally builds up the tired, worn-out system. You may not feel the benefits so quickly, but have the satisfaction of knowing that the gain you make is natural and lasting. There is no spring tonic half so satisfactory as Dr. Chase's Nerve Food.
