

a balance of \$60, of which amount \$40 has been carried to our Mortgage fund.

The prevalence of small-pox in the vicinity of our School caused us much anxiety, and although some of our number were attacked, yet there were no fatal cases.

The Sunday evening services are still continued, and are self-supporting. We have been fortunate this year in securing the services of Mr. Rochester of the Presbyterian College, a student of great promise, who conducts the meetings which are held from the beginning of December, to the end of March.

Our Cheerful Workers still continue their good work of supporting a pupil in the Pointe-aux-Trembles school, at an annual cost of \$50.

We regret to say that the flood last spring caused a great deal of damage and loss to many of the families connected with the School, and to the school building itself, which at one time had 12 inches of water on the main floor.

Should we be visited by many more such floods, our chapel may be permanently injured.

JOHN LARMONTH.
