### Simpson's Cattle Spice.

#### CHAPTER IV.

THE manner of using the Spice is by sprink-  
ling a tea-spoonful or a table-spoonful (ac-  
cording to the size or class of animal) over or into  
the common food, such as hay, straw, roots crush-  
ed corn, etc. (see directions on pocket labels).  
The cost is not more than is incurred by using  
pepper and salt in soup, or with other food for  
ourselves. The effect is much the same, viz:—It  
gives an agreeable relish to coarse food, it warms  
and nourishes the stomach, assists digestion,  
creates healthy, strong constitution, rapid  
growth and vigor to the frame, and vastly increas-  
es the size, weight, and quality of the animals,  
thus giving stamina and condition to horses, rapid  
growth to calves, lambs, and young pigs, and great  
results in weight of carcass, in fattening animals,  
and large yield of rich Milk and Butter from  
Cows, &c.

The reader is kindly invited to procure a small  
quantity and fairly test the merits on some of his  
own Horses, Cattle, Sheep or Pigs, when he will  
be delighted to find himself in possession of a  
cheap and ready method for producing almost  
magical results on his animals, and he will be pleased  
to recommend to his neighbors and friends.

A full supply of this valuable Spice just re-  
ceived and for sale wholesale and retail by  
GEO. STEWART, Jr.,
