FAMILY IS DROWNED

Toronto Man, Mother, Wife and
Children Perish at Omamee.

BOY HAD CAUGHT A FISH

Big "Lunge Still Fast to Troll is Clue
to Disaster on Pigeon Lake, Where
William McCaffrey and His Family
Are Found in Ten Feet of
Water—Were Spending Week
End at the Old Homestead.

Toronto, Sept. 30.—Five persons lost
their lives Saturday afternoon, when a
16-foot canoe capsized in Pigeon Creek,
near Omamee, Ont. An entire family
was wiped out—William J. McCaffrey,
his wife, son and daughter of 16 South
Drive, Rosedale, Toronto, and his mo-
ther, Mrs. Charles McCaffrey of Omamee.
No one witnessed what must have been
a terrible struggle for life. An overturned
canoe, gradually sinking, found in the middle of the creek,
where the water was about 10 feet
deep, revealed the truth. A few hours
later the body of William McCaffrey was
located and a fishing line, which was
wound about his wrist, being
jerked by a 14-pound lure, showing
that the direct cause of the fatality
was the "strike" of the fish on the
troll, which evidently excited the cano-
eists. All the bodies were recover-
ed Sunday after many hours by a number
of villagers. The bodies of Mrs. Mc-
Caffrey and her daughter were tangled
in the line.

The following is the death toll:
William J. McCaffrey, aged 39 years,
assistant manager of the supply de-
partment of the Canadian General
Electric Co., whose home is 16 South
Drive, Rosedale, Toronto.
Mrs. Charles McCaffrey, his mother,
aged about 65 years, of Omamee, near
Peterborough, Ont.
Mrs. William McCaffrey, his wife,
aged 38 years.
Maxine McCaffrey, his daughter,
aged 13 years.
Howard McCaffrey, his son, aged 8
years.

Early Sunday morning a number of
friends went up the creek to search
for the bodies. After some hours of
work the bodies of the two women
were found, and then the little boy,
Howard, and then William McCaffrey.
Later in the morning the body of Max-
ine, the little girl, was discovered.
The five bodies were taken back to
the homestead, from which the funeral
will take place on Tuesday afternoon
to the village cemetery.

For twenty years William J. Mc-
Caffrey had been employed by the
Canadian General Electric Co., and
the vacancy he leaves is the assistant
general manager of the supply de-
partment. Every year he had spent
his vacation with his family at the
old homestead, where his father and
mother lived. This was in Omamee,
a village with about 500 inhabitants,
situated on Pigeon Creek, a small and
peaceful watercourse, which runs for
about six or so miles northward into
Sturgeon Lake. Omamee is on the line
of the Grand Trunk Railway, about
half-way between Lindsay and Peter-
borough, and is considered an ideal camp-
ing spot for holidayers. This year
Mr. McCaffrey did not enjoy a vaca-
tion, but on Friday night he decided
to take his family for their annual
visit to his native town. They in-
tended to stay for just the weekend,
but, if the fishing was good, would
extend the visit until Tuesday night.
The news of the drowning was re-
ceived in Toronto at 1:30 Sunday
morning by long-distance telephone.
Miss Salter, a half-sister of Mrs. Wil-
liam McCaffrey, a nurse at the Hos-
pital for Sick Children, College street,
was in attendance upon her mother,
who is dying at 16 South Drive. No
information was given the sick woman
then, it being feared that the shock
would result in her death. How-
ever, upon the advice of a physician,
she was told last night, and although
broken down, will survive the severe
blow.

Mr. McCaffrey was prominent in
many circles in Toronto. He had a
long connection with the Board of
Trade. He was a warden of St. Peter's
Anglican Church, Carlton and Blecker
streets, and had held other offices
in the church for a number of years.
He was a great cricket enthusiast. He
was also a member of the Orange
order.

mittee of the North Waterloo Conser-
vative Association met yesterday af-
ternoon for the purpose of calling a

office has been vacant since Oct. 29,
1911. The date set is Oct. 5, at Water-
loo, and the date of the election,
which will be announced this week,
will likely be November 3.

It is reported that Ald. C. H. Mills
will be the party nominee to succeed
Dr. Lackner.

THE ASHTENAW TELEPHONE MERGER

Board Fully Convicted Consolidation is
in Interest of Public

(From the Detroit News (August
31st, 1912.)

Lansing, Mich. Aug. 30.—The state
railroad commission last night au-
thorized the merger of the Washenaw
Home Telephone Company with the
Michigan State Company. This
is the second big merger allowed by
the board within a few weeks, the first
being the sale of the Bell Home
Telephone Company of Detroit.

The Washenaw Company was or-
ganized in 1906 and operates in Ann
Arbor, D. S. W. 31st and vicinity.
The opinion of the railroad commis-
sion goes into detail concerning the un-
successful fight made against the
Bell interests. The consolidation
named in the articles is \$112,000.
During the entire existence of the
Washenaw Home Telephone com-
pany neither dividends have been
paid upon its stock or interest upon
its obligations and to-day it is in ac-
tuars for taxes due the State of
Michigan to the amount of \$5,981.52.

The evidence discloses that at the
present time the physical property of
the Washenaw Home Telephone com-
pany with depreciation deducted has a
value of \$125,000. The property can
practically all be utilized by the
Michigan State Telephone company,
the competitor in the field, who
makes the application to take over
the property at an agreed price of
\$112,500. A more ruinous example of
the loss attending the greedy appli-
cation of the selling company has
would be difficult to find.

The common council of this city
of Ann Arbor to facilitate the merger
of the two telephone properties, thus
for nearly ten years have burdened
the community, by practically unani-
mous vote, repealed the ordinance un-
der which the selling company has
operated and without which repeal
it could not have merged.

The commission is fully convinced
that the consolidation thus facili-
tated is in the interest of the pub-
lic.

LADDER COLLAPSED

Three Firemen Are Seriously In-
jured in Toronto.

WERE CARRYING A HOSE

While Fighting a Fire in the Myott
Building on Bay Street the Men on
an Antiquated Ladder Are Hurl-
ed to the Ground on Top of An-
other Man—Three Are in the
Hospital, But Will Recover.

Toronto, Sept. 30.—Three firemen
are in St. Michael's Hospital suffer-
ing from injuries and two others are
also more or less badly bruised as a
result of a fire which did \$20,000 dam-
age at the old Myott building, 120-122
Bay street late last night. The ac-
cident occurred when a line of hose was
being hoisted to catch the flame of
No. 2 Adelaide street.

Pool was reaching to catch the frame
of the window on the second story.
He called to the three men below to
run up the hose. But the strain was
too much for the old ladder and it
broke as the men neared the top.

With the exception of Pool, they all
fell to the pavement 35 feet below.
The other men flashed the top of the
ladder. At the piece struck the ground
Pool dropped off and was only slight-
ly bruised.

Pool was picked up and received
medical attention at once. He was
then taken, with Taylor and Knott, to
the hospital. The latter has a badly
strained side, while Taylor injured
his head and one arm. Joyce re-
ceived the most serious injuries.

He is badly bruised and is suffering from
shock. All will recover.

W. M. Phillips, who drives the
chief's car, was standing at the bot-
tom of the ladder and all the men
fell on him before he could regain
his feet after the first comrade alight-
ed on him. It is probably due to this
man that the injuries to the others
were not more serious, as he broke
their fall.

Mayor Geary was at the scene of
the fire shortly after the accident in-
quiring as to the condition of the
men.

The blaze broke out on the second
floor near the elevator shaft at 9:25.
A passerby noticed it and turned in
an alarm. Although the firemen were
soon on the scene the flames had a
good start.

Chief Thompson stated that the lad-
der was a very old one and was not of
the true style. In any case it should
have held four men under ordinary
conditions. Another fireman said that
it had been used for the past fifteen
years.
