Craigflower Road Glosed

City Council Solves a Much Vexed Question--Croft Scheme Approved.

An Assistant to the City Engineer Appointed-General Business.

To decide to close the old Craigflower road; to endorse the Croft scheme of reclaiming the James Bay flats; to select an assistant to the city engineer and to finally decide that residents outside the city limits shall be supplied with water only by meter, constituted the principal items of business transacted at last evening's meeting of the municipal council of the city of Victoria. There were a vast number of other things talked about and a great deal said upon the matters decided which the aldermen de- wide on the south side of Vining street sired to have remembered as the expres- at a cost of \$62, and the engagement of sion of their views, but there is always T. L. Beaven as inspector, or foreman, \$10 each." that. Taken altogether, it was a busi- of the work of paving Fort street and ness meeting, and the business was put laying permanent sidewalks thereon, through with greater celerity than has were the items contained in the first resometimes been the case, although it port of the engineer not otherwise dealt must be said that when the motion to with. adjourn was made by irrepressible Ald. There was no objection to the first Stewart, there were still several speechfeet when the motion was put had been heard. Ald. Macgregor wished to call amount of similar work; he had always attention to the matter of street sprinkling; Ald. Williams wished to remind

aldermen, with his worship the mayor in by waiting. the chair, and City Solicitor Bradburn, and City Clerk Dowler in their places. After the reading and adoption of the minutes of the last meeting, an operation He recommended a private meeting if which lasted exactly seven minutes by the clock, the council proceeded to disthe matter.

cuss communications. The Croft Scheme.

The first of these came from Mr. Henry Croft, who said that since making his last "proposition" he had found it will be necessary to have included in the area proposed to be granted to the company he intends to form, the whole of the lots on the south side of Humboldt street from James Bay bridge up to, but not including, the Reformed Episcopal church. He recommended that the city arrange to expropriate the said lots, the company proposing to include in the amount they are to pay the city the cost of such expropriation,

was their desire to lay a permanent sidewalk in front of that building, asking 1,250 feet of trench to be dug.

permanent sidewalk laying themselves. Ald. Humphrey seconded the motion, and Ald. Stewart wanted to know if it was the intention to lay such sidewalk

on Johnson street now. about it.

From some of the aldermen was obtained the information, (1) that this is next to a new building where a sidewalk will have to be laid, (2) that this particular piece is now a man trap" and needs immediate repair and (3) that it is at the corner of the block, which will thus remove any natchwork appearance. The motion carried.

Another Sidewalk. Robert Croft wished the sidewalk at the corner of Blanchard and Chatham repaired, or that the gravel walk on Blanchard be extended to Chatham.

The letter was received and filed pending a report from the engineer, which, coming up later in the evening, was to the effect that instructions had been given for the work to be done. The report was adopted, and Mr. Croft's answer to the request will probably come in the shape of the city workmen. Engineer's Report.

The laying of a sidewalk four feet

clause, but in regard to the second Ald. es ready, and the council might have Williams made a strong plea that it be remained in session quite a while long- deferred. He reminded the council that er if the aldermen who jumped to their they had employed a gentleman, (name not mentioned), to do a considerable that his services should be recognized by the mayor that "we must not be blind to awarding the appointment to him. Ald. the fact" of his "weekly list," and Ald. Humphrey, who moved the adoption of by his wife on Belmont avenue some Brydon had some more or less importand subject which he wished to discuss. In the report was quite willing to defer this item, but his seconder, Ald. Brydon, ed that to avoid litigation the amount

Ald. Cameron was averse to discussing the character, ability and claims of the there were any diffrences of opinion in

Ald. Humphrey argued that as the engineer is to be responsible for the work it seemed reasonable that he should have the selection of his own foreman. The gentleman to whom Ald. Williams referred is a friend of the speaker's, but still, the engineer had decided that Mr. Beaven has had the greater experience, and is therefore the better qualified, and his opinion should decide it.

The engineer's opinion did decide it for the motion to adopt carried, Ald. Williams' voice alone being raised against it.

Water for Suburbanites. motion of Ald. Hayward, for further consideration when the report of the special committee on the same subject came

of the petition of A. G. Tait and others port, and he moved it be referred to that official. Ald. Kinsman seconded, making it plain, however, that he did not wish to be understood to be objecting to granted, there is a quantity of two and Later in the evening the said report a half inch pipe on hand, and it could be laid from the corner of Amphion, along Leighton to the corner of Four could do so at their own expense. and both reports were adopted. Craigflower Road.

has created so much interest in the western suburb. Victoria, B. C., June 19, 1899. His Worship the Mayor and Board of Ald-

ermen:

The following report came from the

Gentlemen,-Your special committee havng made a report on the 29th ultimo reommending the closing of the Craigflower road from Skinner street to Esquimalt road, and it having been pointed out to your committee that the expense of laying out and grading Esquimalt street will make the closing of the said road at the present time prohibitive, and the whole matter having been referred back to your committee to make a further report thereon, your committee now begs to report and re-

ommend as follows, namely: That the Craigflower road from its intersection with Skinner street to its intersection with Catherine street be closed, and that any small repair that may be necessary to put the alternative route along Russell and Langford streets into good repair be at once carried out.

Your committee also recommends that the offer of Mr. Richard Hall to give 12 feet of land from his lot fronting on Russell street for the purpose of making that street of the full width of 60 feet be accepted. Your committee, in view of the expendi-

ture required to put Esquimalt street into good repair, recommends that that porthe Craigflower road extending from Catherine to Esquimalt street be not now closed, but that the same be allowed to remain open until the council is in a position to expend the necessary sum for making Esquimalt street.

All of which is respectfully submitted. WM. HUMPHREY, P. C. MACGREGOR.

Ald. Kinsman said he was interested this matter. He had always refrained from saying anything about it when the honor of sitting on the council another year he should wish to be one of other year he should wish to be one of

His worship said if the alderman re tained his seat he must vote, so Ald. Kinsman modestly withdrew beyond the tor until a conclusion upon this knotty question was reached

It proved a long debate, Ald. Stewart, "just to set the ball rolling," moving that the report be adopted. Until Saturday last he did not know much about the question, but on that day he went over with two other aldermen and viewed the ground. From what he saw then he had come to the conclusion that the thus disposed of. They noticed that out of six vehicles went the other
