

WOULD YOU LEARN A VALUABLE LESSON?
THEN REMEMBER THIS:

FEW people appreciate the value of perfect health until they are taken sick. Then they wail and dose themselves with "powder, with potion, and with pill," and by an over-use of medicine do permanent damage to their stomachs. The proverb "A stitch in time saves nine," is never so well illustrated as in the treatment of Sudden Chills, Sudden Colds, Sore Throat, &c. A teaspoonful of Pain-Killer taken at the beginning of an attack will prove an almost never-failing cure and save much suffering. The commonest forms of Summer Complaints; Diarrhoea, Dysentery, Cholera, Cholera Morbus, and Cramps, all can be cured by PERRY DAVIS' PAIN-KILLER, a remedy that is almost as well-known in Europe as it is in America. The PAIN-KILLER used externally, cures Bruises, Cuts, Burns, Scalds, Old Sores and Sprains, Toothache, Neuralgia, Rheumatism, etc. The PAIN-KILLER is sold by Medicine Dealers throughout the world. Price, 25c per bottle.
