Mr. Snowball's Speech.

[From Hausard.] WAYS AND MEANS-THE BUDGET. House resumed adjourned debate on

few remarks made by the hon. member | the lumber that is produced. for West Montreal (Mr. Gault) before the debate closed on Tuesday evening last. From a great many of that hon. gentleman's remarks I have no reason hon, gentlemen opposite, he could not go entirely through his speech without this side, cannot be expected to agree

MR. BOYD'S STAMP TAX STORY. the Dominion, but the hon. gentleman's gentlemen opposite will not dispute; Trade :

Mr. Boyd, you will observe, asked for this petition. I should like to know why, under these circumstances, Montrealers should interfere in this matter. Their effort to do so reminds me woods. John was in the habit of visiting his neighbors in the evening, and, people often do, would, boast of his would do under certain circumstances that he would venture upon death very their child. John speedily took up his seized the axe and despatched the bear. Brunswick were invited to the funeral, and I think it unkind of the people of

Montreal to intrude. THE ONE-SIDED POLICY But to return to the debate. Hon. gentlemen opposite seem to take a good astray in dealing with other points. deal of pleasure in taunting us by saying that we are not agreed on this question of the so-called National Policyor rather on the extreme imposition of such disagreement among my hon. friends on this side ; they think, as I evil. We do not believe in a system of hot-house protection in this country which may prosper for a time, but is productive of the country which may prosper for a time, but is productive of nothing but evil in the end. We might, for example, produce end. We might, for example, produce higher than \$21 per barrel before the pine apples in this country of a larger National Policy was introduced; and if farm produce has advanced in price.

National Policy was introduced; and if farm produce has advanced in price. does not follow that the enterprise would be generally successful. You can force production in this country,

bered that the produce of the forest in the and we use that which is cheapest. section in which he is interested is quite different from the product of the forest

D. G. SMITH, EDITOR & PROPRIETOR. FOR TERMS—See Business Notice. value of our lumber in Europe, and the Is that due to the National Policy also?

of lumber in Canada? Is it not the value of theirs in the United States? Does the hon, gentleman mean to tell us that the price of lumber has been advanced by the National Policy? Un.

gentlemen opposite have imposed.

These advances in prices, due to a cause less the hon. gentleman can show that we have not to seek a foreign market for our productions of lumber, but the proposed motion of Sir Leonard have a market for it at home, it is not Tilley: That Mr. Speaker do now leave possible that the National Policy, or any the Chair for the House to go into Com- | tax on the materials going into the promittee to consider the Ways and Means duction of lumber, can enhance the for raising the Supply to be granted to price in the foreign market; it only shows that the materials going into the Mr. Snowball.-In continuing the production cost more on account of debate, I wish to make reference to a that tax, -not that we receive more for

WILD STATEMENTS CRITICISED.

we had a home market, and in connecto dissent very much, but, like most tion with that he made a most extraordinary statement. He told us that they sold, last year, 100,000,000 feet of making some references which we, on this side, cannot be expected to agree sumption. Let us see how he is able to trivial matters; but if hon. gentlemen sustain that assertion. I suppose there put forward these arguments we are In closing his speech he thanked the Government on behalf of the mer
Montreal; therefore the hon, gentleman from \$12 to \$20 per month higher to \$20 per month higher \$12 to \$20 per month higher \$12 to \$20 per month higher \$13 to \$20 per month higher \$14 is no record to show clearly what quan. cantile community of Montreal, for the must have spoken from some figures wages to certain men. Lumbermer abolition of the Stamp Act. The abocompiled by himself. Now I have here from Michigan came into my mill-yard lition of the Act no doubt is a great the Trade Returns of Great Britain for at Miramichi and took away teamst benefit to the mercantile community in the year 1881, which, I think, hon. paying them \$35 per month, and adversion of how it was brought about and which show the quantity of wood Michigan. Did the National Policy and my own do not quite agree. I consumed in Great Britain during the compel me to raise my mate of wages? wish to read an extract from the St. year. I suppose the hon. gentleman No, but the advance of the price of John Sun, of the 13th inst., giving a will not claim that the people in any lumber in the United States, and the different account of the proceeding from portion of this Dominion consume more demand for men, compelled me to inthat related by the hon. gentleman.— wood per individual than the people of crease the wages in order to compete, At a meeting of the St. John Board of England. In this country we have and the same cause also compelled my Trade:
"The President read a telegram from Hon. Senator Boyd, stating that it was the petition of the St. John Board of Trade which secured the abolition of the Stamp Tax. Mr. Boyd said he knew this when he asked for the petition of the Board, for although Sir John was opposed to the removal of the Stamp Tax, he left it to the decision of Sir Leonard and Sir Leonard and done this for St. John."

Mr. Boyd you will observe asked for many resources to draw upon for our hon. friend to advance, but he now head. Now, multiply the 95 feet per head these references—referred to wages. by 140,747, the population of Montreal, by the last Census, and, according to this calculation, the city of Montreal would consume 13,370,000 feet; yet he of a story of a worthy couple, called feet. Again, there are not so many there were 135 factories employing a ways of consuming lumber in Montreal as there are in England. A few weeks getting a little elated as many worthy people often do. would, boast of his people often do, would, boast of his exploits in the past and of what he would do under certain circumstances.

Gial feet per day in the manufacture of clog soles and brush backs, and I readily, not only for the sake of his claim that when I make the allowance country, but, if necessary for a very country, but, if necessary, for a very Montreal, it is about double the quantimuch less cause. It happened that this worthy couple left the door of their ty actually consumed there. How is it house open, and a hungry bear entered, and made for the cradle in which was their child. It will be received the ordinary building trade of Montreal their child. -no extensive packing-case trade or position on the collar beam, while Betsy building trade, which comprises a small seized the axe and despatched the bear. When the bear was safely disposed of John sallied forth to inform his poich. John sallied for the total few times John omitted to mention Betsy's name altogether and hoasted of how bravely altogether and boasted of how bravely he had killed the bear. There is some resemblance in these stories, but Mr.

If that statement made by the hon. gentleman is so very incorrect, that he is over 1000 per cent, out of his reckonsing, what reliance can be placed on alludes, when people were starving, 5

to do evil; we warn them against that per barrel. Why did not the hon. gen- little better off, because their increase tleman was going to make a comparison, THE POOR MADE POORER AND THE RICH with advancing the price? Pork raised and we know we have a large exportation of pork, and it is more profitable

surprising that he went equally far

THE WHOLE US. HALF THE TRUTH.

GIVING THE N. P. THE GLORY. in the Province I am interested in ; the The hon. gentleman also referred to tended? former is almost exclusively pine tim- flour, oats and other grains. Flour is THE EXPORTS AND IMPORTS QUESTION. ber, while the latter is almost exclusive-ly spruce, and while it does not cost year, against \$5.50 in 1878, as he in-last year, the hon. Finance Minister more to bring one to the market than forms us. But if the hon. member made a very gratifying statement to the other, the lumber he speaks of is will look back to the year 1876, he will this House-one certainly for which I worth twice as much as ours. Then, find that flour was \$8 per barrel, and was not prepared to grant that imporagain, their market is largely in the yet we had no National Policy. But tance which he did, but which appeared neighbouring Republic, while ours is the hon. gentleman will say that when to give him great pleasure. The hon. almost exclusively in Europe; that flour was \$8 per barrel in 1876-I am | Minister told us that, for the first time being the case, what governs the price not positive of the exact year—we had in the Histosy of Canada, our exports

no flour to sell; but this year we have, thanks to the National Policy They will not say a word about blessing received from Heaven, no credit is given to God, but it is all given to the National Policy-and the hon. gentle-

ONTARIO PRODUCERS AND MARITIME CONSUMERS.

Corn enters very largely into the production of lumber. The hon. gentlenan did not tell the House that corn meal, which is so much used, is worth \$3.50 or \$3.75 against \$2.20 last year. The consumers have at all events to pay the 40 cents per barrel which the hon entirely different to what the hon. gentleman wishes to ascribe, may be very gratifying to Ontario producers, but not to Maritime Province consur

WAGES AND THE N. P. The hon. gentleman went on to deal with the question of wages, and detailed the rates in 1878 and 1881. But what has the National Policy to do with it? I would ask the hon. member what induced him to pay the additional wages last year? If he had not given them would the men have found employment in our factories or in indus-But the hon, gentleman asserted that tries springing up through the National Policy, or would they not have gone to Michigan and obtained there the higher wages? But the National Policy must remedy everything, according to hon-

The hon. gentleman talks of giving vancing money to pay their expenses to

"The wages in 135 of the factories out of the 460 remained the same as in 1878."

The hon. gentleman told the House

large number of men, probably hundreds of men each, at all events, thousands in the aggregate, which had not been paid any increased wages since 1878. although the National Policy has been in force four years. If those 135 factories are paying to-day the same rate of wages as years ago, before we had a National Policy, and when we were told the country was in so depressed a condition that it was necessary to do something desperate to save it one of two things is evident : either the country was not in the state in which it was turers must have been out of their senses when they paid these rates of wages. Take the other factories in the Speaker I do not care who killed the bear whether John from the upper part of the house, or Betsy from below: of the house, or Betsy from below; what I wish to do is to vindicate the cause of St. John in this matter. We find. Sir. that none but needs of New find, Sir, that none but people of New astray, but he was, proportionately, as well, such advance is not what we mistakes in regard to pork, beef and are entitled to, and we claim the people oats, that enter into the production of are not getting the full benefit of that the lumber trade, with which he should prosperity. Take the rate of wages be thoroughly conversant, it is not paid in New Brunswick. In New Brunswick, during all these bad years, and certainly they were bad years and wages were low, owing to the depression that existed all over the world, the The hon, gentleman went on to make people did not starve, as our friends quotations to show what lumber cost in opposite would like to represent. taxes on this country. I can find no 1878 and 1881, on account of the differ- Wages were never as low there as in ent values of the products of the farm Ontario or Quebec, nor did the people that entered into the production of suffer to the same extent, for they do, that the whole system is obnoxious, and we agree upon every step that should be pursued, and I think when the time comes han gentlemen apposite.

lumber in those two years. He told the House that, in 1878, pork was small supprovement. Now, we the House that, in 1878, pork was small supprovement. Now, we worth \$16 per barrel, and, in 1882, which the House that, in 1878, pork was small supprovement. Now, we worth \$16 per barrel, and, in 1882, which the House that, in 1878, pork was small supprovement. Now, we worth \$16 per barrel, and, in 1882, which the House that, in 1878, pork was small supprovement. Now, we worth \$16 per barrel, and in 1882, which the House that the House lumber in those two years. He told always had employment. Now, we advantage of advancing the prices of from 25 to 100 per cent. over what they will find us in line and ready. They, sir, are content to follow the multitude of the farmers to the extent of \$5 got in 1878, they are, however, but Sir, are content to follow the multitude of the farmers to the extent of \$5 got in 1878, they are, however, but little better off, because their increase

growth and better flavour than those produced in their native clime, but it that policy, what had the policy to do al Policy. The advance is due to short in Canada is considered in Europe to be therefore to pay more for provisions, crops in Europe. Our laborers have but while, in the one case, youforce production at the expense of a single individual, in the other you are forcing a dividual, in the other you are forcing a fed, and is worth more for exportation cents to 50 cents out of every dollar Canadian pork is supposed to be grain weight of the tariff. When from 25 community unwillingly to embark in an than for home consumption. If so, must be paid into the Exchequer, it is no wonder the people continue to be THE N. P. AND THE LUMBER INDUSTRY.

Now, I desire to refer briefly to the to ship it to the European market and intended to make the poor poorer and Now, I desire to refer briefly to the buy Chicago pork, what has the Nationspeech of the hon. member for Renfrew al Policy to do with the price? Nothing the latter despise the country they live (Mr. White). In that speech the hon. whatever. We do not use Canadian in. We find, as an effect of this policy, gentleman made some statements which, fed pork in the lumber woods. I that some of those men over whom so I have no doubt, were candid, and have had considerable experience in the much wailing was made in 1873-74, are based on such information as he possess- lumber business, and a barrel of Cana- to-day buying palaces in Europe, where ed, but as I, like he, am engaged in dian pork never passed through my they can revel in their wealth. Is this the timber trade, a few remarks from establishment; it all comes from Chicastate of things to be tolerated? This is me in regard to those statements may go and we pay the duty on it. We where the money goes instead of into not be out of place. I may say that he find American pork more profitable; it the pockets of the people for whom this views the matter in an entirely different is salted longer, and goes further in the policy was supposed to be made. Are light from what the people of the Mariwork of the woods than pork produced the people in these 135 factories not to time Provinces viewit; it must be rememin Canada. Canadian pork is dearer get an increase of wages, and is this money to be wrung from them and put to purposes for which it was never in-
