CLEAN UP SALE OF COSTUMES

Today Wednesday

We intend making a great furor in the city with a big sacrifice sale of Misses' and Ladies' Spring Costumes at about one-third, and in many cases half their regular prices.

Our stocks are too heavy, and this department cannot afford to carry them over, as the money and space is far more valuable than the stock at the present time, consequently the price cutter had to drop deeply.

The garments offered are all of this season's latest styles and colorings; also in black and navy; sizes for misses or big women. Original prices, \$14.50 to \$35.00 a suit. Clean-up sale prices, \$5.50 to \$22.50 a suit.

No sale garments on approval. No alterations to be paid for extra.

FREDERICTON BOOT AND SHOE WORKERS WANT SHORTER DAY

Organizer O'Dell, of International Union, on way to capital to look after interests of men.

Organizer O'Dell of the International Boot and Shoe Workers' Union arrived in the city yesterday and will go to Fredericton today to confer with the management of the boot and shoe factory there. The Fredericton boot and shoe workers are asking for a nine hour day. Mr. O'Dell came from Amherst, N. S., where his union has a local.

Speaking of conditions in his trade, he said the shoemaking industry in both Canada and the United States was dull.

PORTRAIT OF SR JAS. CARTER UNVEILED CONDITIONS IN BUSINESS CALGARY OIL WELLS RARE CALIFORNIA'S LEASE GIVEN CANADA NAIL AND WIRE CO.

Life size oil painting of former Chief Justice, placed in Court Chambers at Fredericton.

Special to The Standard.
Fredericton, June 9.—An incident of historic note took place in the Supreme Court chamber in the Parliament buildings, here this afternoon, when a life-size oil painting of the late Sir James Carter was publicly presented to the Bar by the Society during the sitting of the Supreme Court of Appeal and accepted on behalf of the society by J. D. Phinney, K.C., the event being witnessed by a large representation of the local bar besides quite a number of barristers from places outside among whom were included M. G. Teed, K.C., W. A. Ewing, K.C., Fred Taylor and Francis Kerr, of St. John, W. P. Jones, K.C., of Woodstock, R. St. John, P. Reese, A. T. LeBlanc, Campbellton, and Rene Richard of Dalhousie.

Among others were Lt. Col. Marsh, P.M., H. B. Rainsford and Mr. Phinney, who officially accepted the gift for the society, all of whom will remember the late Chief Justice.

Charles Carter, grandson of the distinguished jurist, whose memory it was his purpose to honor, made the presentation and formally unveiled the picture, after a becoming allusion to his venerated grandfather.

Mr. Phinney in an interesting sketch of the life work of Sir James Carter, paid a glowing tribute to his memory, which was honored and would be honored by succeeding generations for his great ability, many character, profound learning and true gentlemanly qualities for which the late Chief Justice appointed by the Imperial Government for New Brunswick had been so distinguished. In a country which was at the time of his appointment looking for representation in both court and parliament from his own people, Sir James Carter, a resident of another land, had made himself beloved and respected by his profession and by men in all ranks of life.

Mr. Phinney expressed the appreciation of the bar to the society of this splendid gift from the family of the late Chief Justice, and he closed his eulogy by asking on behalf of the bar permission to the late Chief Justice on the walls of the court chambers.

Chief Justice McLeod, who with Justice White and also Chief Justice Landry and Justices Barry and Crockett of the King's Bench Division were seated on the bench, expressed their pleasure at the presentation of this proposal. He personally remembered the late Chief Justice Carter at chambers who was justly regarded as one of the ablest and most lovable of men, and when after over 30 years service on the bench his resignation came it was regretted by all who knew and honored him.

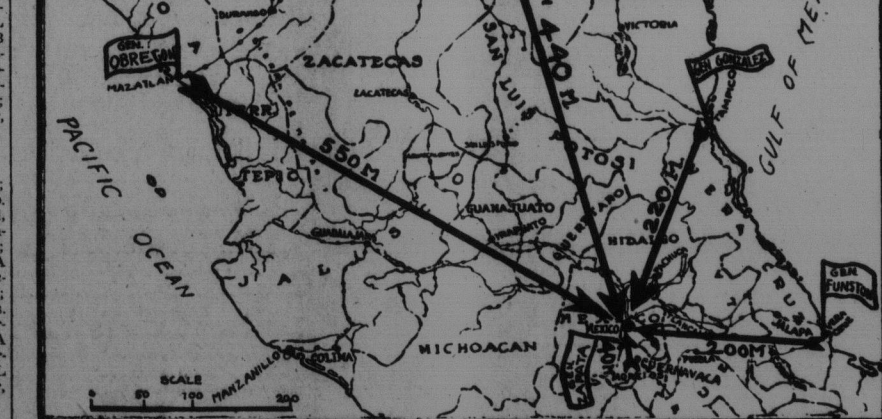

Mrs. Carter, wife of Charles Carter, was present at the proceedings today, accompanied by Mrs. D. S. Crockett, Mrs. T. C. Allan and Mrs. A. R. Slipp.

The new portrait when in position will hang for companion pictures in size portraits of former Chief Justices Hon. Ward Chipman, Sir James Parker, Sir Wm. Ritchie, Sir John C. Allen, Hon. Wm. H. Tucker and Sir Frederic Barker. To make the gallery of former Chief Justices for the province complete, a portrait of the late Chief Justice Saunders is lacking, and it is hoped that at some early day that will take its place among those of other distinguished leaders of the bench and bar.

HOW REBEL FORCES ARE CLOSING IN ON MEXICO'S DICTATOR

MAP SHOWING POSITIONS OF FORCES WHICH SURROUND GENERAL HUERTA. DISTANCES INDICATED BY AIR LINE.

A column of more than 60,000 men in arms and opposing General Victoriano Huerta surrounds him in his capital in Mexico City and, excepting the forces under Brigadier General Frederic Funston in Vera Cruz, are closing in on the man who seized the government of Mexico when President Madero's tragic rule came to an end.

General Funston, with a force of more than 10,000 soldiers, marines and bluejackets, is waiting in Vera Cruz.

In the north and south and east and west of Mexico victorious revolutionaries are pressing toward one objective point—Mexico City. From the north General Villa with 20,000 veterans is moving southward. He is now in front of Saltillo. On the west coast General Obregon, with 10,000 troops, and Tepic taken, has a clear road to the capital. On the east coast north of Vera Cruz General Gonzalez, with 7,000 veterans, is taking a momentary rest after the defeat of the federals in Tampico.

Emiliano and Rufino Espinoza, brigades of Morelos, are masters of that State, and have a force which lowest estimates place at 15,000 admirably equipped and mounted bandits, ready. They are just forty miles away.

U. S. REVENUE CUTTER TO RESCUE MEMBERS OF KARLUK'S CREW

Ordered to Wrangle Island to bring back fifteen marooned there.

Washington, June 9.—The American revenue cutter Bear has been ordered to proceed from St. Michaels, Alaska, to Wrangle Island, for the purpose of rescuing fifteen members of the crew of the Canadian steamer Karluk of the Stefansson Arctic expedition, who are marooned on that island. Capt. Bartlett of the Karluk is at St. Michaels, and will accompany the Bear on its rescue expedition.

RAILROAD TRACKS TORN UP BY STRIKERS.

Ancona, Italy, June 9.—Strikers today tore up the railroad tracks for a short distance outside this city, but the army engineers corps quickly repaired the damage. It is supposed the workmen intended to prevent reinforcements of troops reaching here rapidly.

Robert W. Jones, of Western city, believes in future of new fields—High grade.

"Calgary is oil crazy," said Robert W. Jones of the western city to a Standard reporter last evening, "and with some reason, as a high grade of oil is found in the Dingman well, while others in the immediate vicinity show every indication of oil. Many of the companies have already sold out all their stock, while the owners of others formed, closed corporations. The oil fields are situated thirty miles southwest of Calgary and cover a considerable area; many companies have been formed and all are in a fair way to do a prosperous business. In the Dingman, or pioneer well, oil was struck at a depth of 2,718 feet. This well gushes two or three times a week, throwing the oil fully ninety feet above the ground. At present there are nine other companies drilling, two of which show indications of oil. Besides this there are sixteen rigs in the field and in four or five months Mr. Jones expects to see a great increase in activities.

Little Wild Catting.

When questioned concerning wild catting, Mr. Jones admitted there were several wells of this description, but pointed out that all the big companies were backed and owned by the wealthiest men of Calgary. The United Oil, he said, one of the biggest companies, was capitalized at two million dollars and was already over subscribed.

The Monarch concern which controls one hundred thousand acres, was another of the larger companies. Oil in small quantities has already been found on this property and the wells of which there are several, are expected to gush at any moment.

The Calgary Alberta Oil is another company which experts believe has a bright future. This company is practically controlled by Martinelli Province men. A. O. Mabie is manager with J. L. Spear as secretary-treasurer.

An Expert's Opinion.

E. H. Cunningham Craig, the foremost oil geologist of the world, and the special representative of the British Alberta Oil Company, one of the closed corporations, has expressed the opinion that the Calgary fields bid fair to outrival those of California. Mr. Cunningham Craig has made an extensive inspection of the whole field and bases his statement on knowledge gained from years of experience.

Prominent among the new oil millionaires of Calgary, according to Mr. Jones, are W. S. Herron and his two brothers. These gentlemen own property which is now valued at over \$5,000,000. Two years ago they were oil prospectors.

After listening to several tales of quick money, the reporter mentioned that we of the Maritime Provinces have a sudden form of wealth known as the black box industry, and in answer, Mr. Jones said he believed the oil investment to be more of a speculation.

Mr. Jones, who is a former New Brunswick man, is at present in charge of the west end branch of the Bank of Nova Scotia, Calgary.

Matter ratified at meeting of City Council yesterday—Com. McLellan makes resolution.

The lease of the Gordon property in West St. John to the Canada Nail and Wire Co., Ltd., was ratified at the meeting of the city commissioners yesterday.

Tenders for the permanent pavement in Main street were opened and referred to the road engineer.

Charles Fisher, whose house in Stanley Ward was recently destroyed by fire asked some financial recompense for he claimed that the destruction of his house was due to the inefficiency of the city fire engine.

The tenders for the paving of Main street and the construction of a retaining wall for Victoria Square were then opened and were as follows:

Main Victoria street, Square.
C. L. Osborne \$1,000
A. R. C. Clarke & Sons 300
B. Mooney & Sons 1,000
Tobias Corey & Stevens 1,000
Michael George 1,000
M. Thomas & French 1,000
Grantine S. P. & Co. 1,000
Wm. Dorset 200
Frank L. Boone 200

On motion of Commissioner Potts the tenders were referred to the road engineer for comparison and his report to be submitted to a meeting of the commissioners on Thursday.

Commissioner McLellan then gave notice of the following resolution, which he would present at the next regular meeting:

Whereas by section twenty-one of an act to provide for the government of the city of St. John by an elective commission, it is provided that for the issue of debentures the unanimous vote of the mayor and each of the commissioners shall be required;

And whereas, the provisions of this section are intended to conserve the resources and secure the corporate assets of the city of St. John against hasty and imprudent ordinances;

And whereas, the public lands of the city of St. John are of great value and should be fully protected against improvident and unconsidered action by the common council;

And whereas, the debentures of the city of St. John are among the highest class of security and are eagerly sought after by investors;

And whereas, the land values held by the city of St. John give strength to its bond issue and thereby sustain its bonds at the highest points on the bond market and sensibly keep the interest account down and the rate of taxation correspondingly low;

And whereas, it is prudent and just that the lands of the city of St. John should be as carefully guarded as are the bond issues;

Therefore resolved, that the common council, to maintain the high standing of its bond issues and conserve the public lands to the benefit of its tax-payers, ordains that the mayor exercise no deed or lease of public lands of the city of St. John unless authorized so to do by the unanimous vote of the mayor and members of the common council;

And further resolved that no lands be purchased by the city of St. John or exchanged for public lands of the city of St. John unless by like unanimous vote and the mayor be governed by like directions.

Mayor Prink drew attention to the terms by which money was placed on deposit and secured from the banks. This agreement, which is now in force, expires on July 1, and the mayor was authorized to secure terms for a new agreement.

Commissioners Wilmore and Russell were appointed revisors.

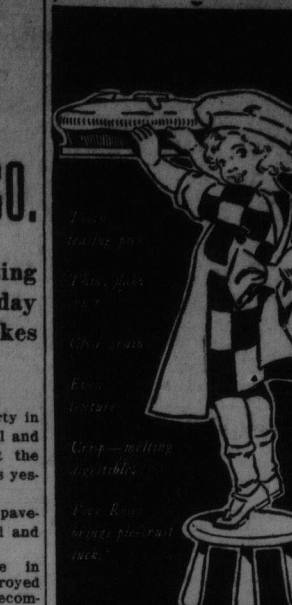

On motion of Commissioner Potts the lease of the Gordon property to the Canada Nail and Wire Co., Ltd., was approved. Commissioner McLellan voted against it and Mayor Prink said he was opposed to leasing the land. The meeting then adjourned.

Had Nervous Dyspepsia

With Frequent Sick Headaches and Much Pain After Eating—Dr. Chase's Nerve Food Cured.

This letter is from a lady who gained fourteen pounds by using the great food cure. It did wonders for her in improving her general health. She is enthusiastic in its praise, and refers to her neighbors as witnesses of the splendid results obtained.

Mrs. Susan Dobson, Spring Hill Mines, N. S., writes: "It is with pleasure that I write to you in praise of Dr. Chase's Nerve Food. I was troubled with dyspepsia, and could not eat without suffering much pain; also had sick headaches frequently, and my nerves were in bad condition. About ten years ago I took a thorough treatment of Dr. Chase's Nerve Food, using altogether twenty-one boxes, and since then can eat anything, have been freed from headaches, and my health has been greatly improved in every way. I gained fourteen pounds in weight, and feel sure I owe everything to Dr. Chase's Nerve Food. You may use this letter, and my neighbors can tell you of my condition before using this treatment."
