U.N.D. MAN ALONE ON THE HONOR ROLL

But One Recruit Secured at Local Office Yesterday—He Donned Uniform of 242nd.

Kenneth Vavasour, a graduate of U. N. B., was the only recruit to report yesterday. Mr. Vavasour enlisted in the ranks of the 242nd Battalion, which is being recruited for overseas work. He arrived in the city from Fredericton and after passing the medical examination was fitted out with military clothing and ordered back to Fredericton on recruiting work. He will return to the city shortly and take over the quartermaster's stores of the 242nd, as Quartermaster Sergeant Almes is leaving for Montreal.

Six men from Nova Scotia reported to Lieut. Blair yesterday and were issued with outfits. Three of the men returned to the counties from which they came for the purpose of carrying on a personal recruiting campaign. There are about sixty-five members of the 242nd now quartered at West St. John. This number will be augmented today, as several men are expected from other parts of the Maritime Provinces.

ELABORATE PLANS FOR THE 236TH

Recruiting Campaign for N. B. Kilties, "Sir Sam's Own," Will Embrace Novel Features Never Previously Attempted.

As the day approaches for the beginning of the whirlwind recruiting campaign to be carried on by Lieut. Col. Guthrie, with a view to filling up the 236th overseas Battalion (The New Brunswick Kilties, Sir Sam's Own), C. E. F., which it is hoped will be complete in 15 days, new schemes and ideas are being presented to the minds of the officers in charge and being quickly turned into operation.

On the 26th Col. Guthrie will be at Centreville; on the 27th at Grand Falls; on the 28th at St. Leonard's; on the 29th at Campbellton; on the 30th at Bathurst; on the 1st October at Chatham; on the 2nd at Richibucto; on the 3rd at Moncton; on the 4th at Hillsboro; on the 5th at Sussex; on the 6th at St. John; on the 7th at St. Stephen; on the 8th at Wolford; and on the 9th at Fredericton Junction, winding up the tour and having spoken once in each county.

Arrangements are being made to have a renowned singer of Scottish songs accompany the party. It is thought that Mrs. Blake C. Ferris, of St. John, leader of St. David's church choir, can be induced to render her services. Fred Fowler, chief of Clan MacKenzie, of St. John, is interesting himself in obtaining singers, and expects to be able to announce at an early date whether the services of Mrs. Ferris can be obtained.

The young ladies who are to recite at the meetings in each county already chosen are as follows:—York, Miss Ethel McLean; Carleton, Miss Edith Dalling; Victoria, Miss Rowena Ketchum; Madawaska, Miss H. Dumas; Restigouche, Miss Jean Jardine; Gloucester, Miss Margery A. Duncan; Northumberland, Miss Dora Nicholson; Kent, Miss Alma Lablache; Westmorland, Mrs. Malcolm; Albert, Miss Frances Travis; St. John, Miss Gertrude McHarg; Charlotte, Miss Muriel Dwyer.

ST. JOHN WAS INTERESTED IN CARLETON

News of Election of Government Candidates Was Very Popular in This City.

Judging by the number of telephone calls received by The Standard yesterday afternoon and last night there was nearly as much interest taken in the election in Carleton county here as at the scene of the fight. About five o'clock the inquiries began to come in and from that time until midnight the 'phones were kept busy.

As soon as the returns began to come in bulletins were posted in front of the building and the crowds commenced to gather, and it was a blockade around the bulletin board until the special edition was put on the street, about seven o'clock.

Arrangements had been made for returns from each poll as they were received at Woodstock, and shortly before seven o'clock a special edition of The Standard was on the street with returns from every polling place in the county. The edition was soon exhausted and the enterprise of The Standard in giving to the public the returns so soon after the closing of the polls was much appreciated.

Some of the comments over the 'phone when the news that the government candidates had won by large majorities were very amusing, and one was particularly so. A masculine voice was heard to ask, "How did the election go?" The answer was that both government candidates were elected. "How is the majority?" was the next question, and when it was answered that they had over 600 hundred majority, whoever was at the other end of the line betrayed his chagrin by banging up the receiver without even saying "Thank you" for the information.

Others again expressed their pleasure in different ways, several cheering when they heard the good news. One gentleman made the remark after hearing the returns, "Well, Carvell got his answer today all right."

The ladies were as much interested as the men, if one might judge by the number who called up and asked for the result, and they seemed to be just as pleased when they received the information that the "Purist" party had received one of the worst beatings ever handed out in Carleton county.

Save 90 per cent of "Tire Troubles"

That 90 per cent of "Tire Troubles," such as Blow Outs, Tread Loosens, Sand Blasters, etc., are due to neglected cuts and injuries, is commonly known to tire manufacturers. These cuts and injuries admit moisture to the carcass, and cause the fabric to rot and weaken; they allow sand and gravel to become embedded in the tire, and the treads become loose.

Quick Automatic **ADAMSON VULCANIZER** Economical Convenient

With the Adamson outfit illustrated, the tire is repaired without deflating, or removing it from the car. Just place the patch—attach vulcanizer—put in and light the gasoline. It needs no more attention. Can't burn, scorch, or injure tube, and cannot fail to do its work. Anyone can operate it.

Canadian Club.

It was stated at a meeting of the executive of the Canadian Club held yesterday that Hon. Robert Rogers will probably address the club before the end of the present month. Professor Kierstead, of Fredericton, will address the club on the proposed assessment act at an early date.

Church Social.

St. Philip's A. M. E. church, Queen street, held a sock social last night which was well attended. Refreshments were served and a fine programme was given by Charles Hamilton, Mrs. Roff and others. The proceeds of the social will go for church improvements.

Was Only an Argument.

Two men while engaged in an argument on the corner of Charlotte street and South Side of the King square last night became so loud in their remarks that the police visited the scene, and on the arrival of the blue coats and brass buttons the argument ceased, but the little wrangle which only lasted a few minutes attracted a large crowd to the corner.

Closed the Season.

The 1916 season for public band concerts on the King Edward bandstand was brought to a close last night when the Temple Band delighted a large crowd by rendering an excellent programme of music. Despite the fact that a large number of the Temple Band's members are enlisted for overseas duty, this organization under the direction of William Jones is being congratulated for the good music which they furnish.

No Scarcity of Money.

Judging from the way the taxes have been paid this year, both in the city and county, money is plentiful around St. John. The county secretary said yesterday that the results had been most gratifying and the number of delinquents this year was much smaller than usual. In the parish of Lancaster there are only two taxpayers who are over two years behind and the larger number of the delinquents in Simonds are on lots at East St. John. More than the usual number had taken advantage of the discount and paid their taxes early.

Fifty Dollars Reward.

The New Brunswick Automobile Association have, for the past month, been striving hard to find some clue which would lead to the conviction of the person or persons who have caused much inconvenience to automobilists and damage to the cars by strewn the Westfield road with tacks, also for the dangerous practice of placing logs across the highway. The association have now offered a reward of fifty dollars to the person who will give information which will lead to the conviction of the person or persons who have been guilty of the unlawful acts.

Germain Street Sunday School.

The regular quarterly meeting of the teachers in the Sunday school of Germain St. Baptist church was held last evening. After tea plans were discussed concerning Sunday school work during the winter, Donaldson Hunt presiding. There was a good attendance. Rev. S. S. Poole being one of those present. It was reported that the tennis court in rear of the institute building has been completed, owing principally to the generosity of the Brotherhood of the church, and that it is now being used by the young people. The business was mostly of a routine character, but the option prevailed that much useful work will be accomplished in connection with Sunday school activities during the colder months.

9th Siege Battery.

The Siege Battery is fast rounding into shape. Yesterday about seventy members, in command of Captain Bennett, marched to Rothesay and returned covering the distance, approximately ten miles each way, in the splendid time of five hours. At Rothesay they were kindly and thoughtfully treated to a substantial lunch by Mrs. J. B. Cudlip and Mrs. Sayre.

Today the members of the unit are to be inoculated by the medical officer, Dr. Skinner.

MILITARY NOTES.

Rev. G. E. Whitman, a young minister, who has been supplying with great acceptance on the Argyle Methodist circuit, enlisted at Woodstock, Tuesday, with the 242nd Forestry Battalion.

Major R. Pitton, formerly of Manservant, who returned to Canada some months ago to become adjutant of the 230th Battalion, at Ottawa, has arrived home on leave. Major Pitton went overseas with the 12th Battalion as a quartermaster-sergeant.

Capt. W. H. Eagar, who was stationed in Fredericton as medical officer of the 2nd Divisional Ammunition Column, has reached Halifax, having been invalided home from the front for three months.

Sergt. J. A. Bryce, formerly accountant with the St. John branch of the Canadian Bank of Commerce, has joined the Princess Pats Regiment, and is now at the front in France. He went over with the 55th Battalion. He took a course of special training in England.

JIMMY GAULTON WRITES FROM THE BATTLE LINES

Standard Man With 26th Has Been Taken Out of Trenches and Transferred to Regimental Post Office.

A letter was received yesterday from "Jim" Gaulton, a Standard employe, who has been on the firing line with the Fighting 26th since the very first day they went into action. Despite the fact that Jim is in the midst of the heaviest of fighting he writes that there is no news where he is situated. It is therefore taken for granted that he does not think there is anything new in the fighting line as he has had so much of it for many months. He, however, says he is glad to be numbered among the live ones, and thinks that the war will last well into next year. He has had to leave the trenches owing to a rest he had in the strain having proved too much for him, and he is now having a rest behind the lines, helping the mail clerk. He expects to get into the trenches again. He also states that the weather has been very good in Belgium for the past few months, there being but a few showers, just enough to keep the dust down. The crops seem to be excellent. Nearly all the farmers cut the crops by hand and only once in a while a binder can be seen working in the fields. It is a great country for black-berries which were starting to get ripe when he wrote the letter, on the last day of August.

TRAIN DISAPPEARED WHILE ROMED LUNCHEO

Sad Fate of a Local Railway Man Bound on Holiday Trip to Boston.

A rather ludicrous incident concerning the party which is playing in the court days of a popular railway employe was related by a passenger who arrived in the city on the Boston last night.

It appears that the young man procured leave of absence for two weeks, which was granted to him. He immediately wired his fiancée to meet him in Boston last night upon the arrival of the train from St. John. Looking forward to a fortnight of pleasure he purchased a ticket yesterday morning for Boston and boarded the train leaving here at 6:30 a.m. When the train arrived at McAdam Junction the young man walked into the restaurant and while partaking of a lunch the train pulled out leaving him gazing at the backdoor of the rear coach. Dismayed yet not discouraged he engaged an automobile to speed him to Vancouvero to catch his train. Again fate interfered for the motor party arrived at Vancouvero just in time to see the train disappear around a curve.

MARY RUMLEY AGAIN IN TOILS ON THEFT CHARGE

This Time She is Accused of Stealing Jewelry from Summer Home of Duncan G. Lingley.

Mary Rumley, a woman who had been discharged from jail a few weeks ago after serving a lengthy term for cutting a man with a knife, is once more behind the bars, having been arrested yesterday by Detective Barrett on the charge of robbing the summer home of Duncan G. Lingley, city chamberlain, of some jewelry.

The Lingley home is at Riverside, and on Wednesday night Detective Barrett was in the city hall on business when he was asked by Mr. Lingley if he knew a woman named Mary Moshier. On receiving a reply in the negative, Mr. Lingley gave a description of the woman. From the description being given the officer inferred that the woman who had given the name of Moshier was none other than Mary Rumley. It was then explained that the woman had been working at the Riverside home, and after her departure it was found that a gold ring with emerald and pearl settings and a brooch were missing.

Detective Barrett took the case up with the result that he found that the Rumley woman had been boarding at the home of a Mrs. Marlin on Brussels street. Visiting this house he found the stolen ring on the finger of a Miss Marlin and she claimed it had been given to her by Mary Rumley. On being questioned the Marlin girl also stated that she had seen a gold pin and a brooch with the Rumley woman, and that the latter had given the brooch to Mabel Smith who resided on the Rothesay Road near Coldbrook. The Smith woman stated she had seen the brooch with Mary but had not received it.

After considerable work the women mentioned were taken to police headquarters along with a grip containing Mary's wearing apparel which was found in the Marlin house. Mary was taken from a house on Exmouth street where she was working. Despite what the Marlin and Smith women said about her having the brooch Mary denied it. Chief Simpson ordered the detective to search the clothing and in an old shirtwaist the stolen brooch was found. As for the gold pin, Mary claimed she had found it at the Lingley home. She was locked up and will appear in the police court this morning.

The time for receiving tenders for pumping station has been extended by the St. John Railway Co. until Wednesday, September 27, at noon, as there has been some change in plans and specifications.
