

ST. JOHN

The glad season of the advent of Christmas is at hand, and perhaps more in keeping than ever before in the history of the world, is the Angel's song of "Peace on Earth, Good Will to Men." Let us have faith and believe that out of all the sad and gloomy days of the last four years, there has at last come a last-ling national peace. As in former years individually, and collectively, citizens are putting forth every effort to make Xmas a happy day for the inmates of our various charitable and philanthropic institutions, and for our soldiers in barracks and in hospital.

Dr. Kenneth K. MacAlpine For 16 Years Adjunct Professor New York Post Graduate Medical School and Hospital Says that Nuxated Iron

Is In His Opinion the Most Valuable Tonic, Strength and Blood Builder Any Physician Can Prescribe

Probably no remedy has ever met with such phenomenal success as has Nuxated Iron—over three million people annually are taking it in this country alone. It has been highly endorsed by such distinguished men as: Hon. Leslie M. Shaw, former Secretary of the Treasury and Ex-Governor of New York; Hon. Charles D. Smith, United States Senator and Vice-President; Hon. Charles A. Tamm, United States Senator; Hon. E. J. Johnson, Judge in Chief of the United States Court of Claims of Washington; Judge Samuel S. Yoder, Statesman, Surgeon, and former Surgeon-Major in the Army; U. S. Commissioner of Immigration Hon. Anthony Caminetti, and others.

WHAT DR. MACALPINE SAYS: "During sixteen years as Lecturer and Adjunct Professor of Special Surgery (Proctology) in the New York Post Graduate Medical School and Hospital, I never had recourse to so valuable a remedy for building up the health and strength of debilitated, convalescent patients as Nuxated Iron. Severe tests recently made with Nuxated Iron have absolutely convinced me that it is a preparation of most extraordinary merit.

"If people would only realize that iron is just as indispensable to the blood as is air to the lungs, and that just as particular about keeping up a sufficient supply of all times, there would, in my opinion, be far less disease resulting from anemic, weakened conditions. For years it was a problem with physicians how to administer iron in a form that could be taken up by the system and increase the red blood corpuscles without irritating the stomach, backing up the teeth or producing other disorders almost as serious as the lack of iron itself. But the introduction of Nuxated Iron has done away with all objectionable features of the old mineral salts of iron and gives to every curative physician the most valuable and valuable prescription which he can recommend to his patients every day with almost absolute certainty.

SPECIAL PHYSICIANS Doctor, What Do You Recommend to Renew the Supply of Iron in the Blood of People in a Weak Nervous, Run-down State?

Dr. MacAlpine, for 16 years Adjunct Professor in the New York Post Graduate Medical School and Hospital, says the introduction of Nuxated Iron gives to every careful thinking physician a tried and valuable prescription which he can recommend nearly every day with benefit to his weakened and run-down patients.

Dr. MacAlpine's opinion is borne out by the endorsement of such physicians as Dr. Schuyler C. Jacques, formerly Visiting Surgeon St. Elizabeth's Hospital, New York; Dr. A. J. Newman, late House Surgeon of Jackson Park Hospital, Chicago; Dr. James Francis Sullivan, formerly Physician of Bellevue Hospital (Out-door Dept.), New York, and the Westchester County Hospital; Dr. Ferdinand Klug, New York Physician and Medical Author, and others.

William R. Kerr, former Health Commissioner of Chicago, says Nuxated Iron should be used in every hospital and prescribed by every physician in this country.

Now, Doctor, when you wish to prescribe a true tonic, strength and blood builder—one that puts the vim and energy into the value of the weak, infirm, run-down and aged—why not try the same kind of iron—Nuxated Iron?—that Dr. MacAlpine and other physicians have used with such success in their practice? Two five-grain tablets of Nuxated Iron taken three times a day after meals will often increase the strength of run-down, delicate, nervous run-down folk in two weeks' time. Your druggist will refund your patient's money if it doesn't.

the whole system whether the patient be young or old. In my opinion Nuxated Iron is the most valuable tonic, strength and blood builder any physician can prescribe.

Manufacturers' Note: Nuxated Iron is used by Dr. MacAlpine and others with such surprising results, and which is prescribed and recommended by physicians, is not a secret

remedy but one which is well known to druggists everywhere. Unlike other inorganic iron products it is easily assimilated, does not injure the stomach, does not upset the bowels, and does not produce any of the deleterious effects of other iron preparations. It is guaranteed successful and entirely safe. It is dispensed in this city by the drug store and other druggists.
