

FARMERS NAME THREE TO RUN IN KINGS CO.

H. H. Huggard, H. Flewelling and F. J. Roach Are Picked by Hampton Meeting.

SEVEN NAMES WERE SUBMITTED TO RALLY

Seventy Delegates Present at Convention Where Aims of Agrarians Were Discussed.

(Continued from page one.) H. H. Magee, of Quispamsis, objected, and said that the present one was a purely Farmers' Convention, and no one knew just exactly who was at the meeting. It was the Farmers' intention to keep entirely outside politics. The present political parties had both nominated candidates to act under the old leaders, and he thought the time had come when they should get away from them. A nominating committee should have power to bring in several names so that the convention could have a good choice.

Night Spoil It All
Byron Keith said there might be too many political beetles around who would upset any arrangement the Farmers might come to. It should be left to the Farmers themselves.

Mr. Macaulay said that was just what he meant, but he wanted it left to all farmers and not just the United Farmers. Another speaker inquired how many men there were in the United Farmers' movement, as he understood there were only a few, and if it depended upon them the ticket might get defeated. They would have to rely upon the support of the farmers at large.

Seek Clean Men
They wanted to get clean men to represent them, if possible. With the tickets already in the field, were like bound politicians who were in it for their own benefit. The people as a whole could not do without the farmers, and it was time they, as a class, took their proper position in public life. The farmers were going into the fight with no money, they would have no free lunches or free cars, or anything of the kind.

The motion to appoint a nominating committee was then carried. The chairman appointed Messrs. J. L. McVey, H. H. Magee, Byron Keith, E. H. Sealey and R. E. MacAuley, who thereupon retired to the ante-room. The chairman then said that the United Farmers' movement was one which all farmers should join, and he called upon all farmers present to come and register their names. There did not, however, appear to be any burning anxiety on the part of those present to join the movement, although it was subsequently learned that during the course of the afternoon a good many members were enrolled.

The Nominators' Report.
The nominating committee then returned and brought in the following names: N. W. Bredeich, Sussex; H. H. Magee, Quispamsis; Arnold Fairweather, Hampton; R. H. Rouse, Havelock; H. H. Huggard, Norton; and H. Flewelling, Apohaqui.

Mr. Bredeich asked that his name might be taken off the list as he could not possibly give the time, and Mr. Rouse made a similar request. The latter, however, was asked to reconsider and allowed his name to remain. The name of J. P. Roach, of Sussex, was added instead of Mr. Bredeich. A ballot was then taken which resulted as follows: Huggard, 66; Flewelling, 53; Roach, 47; Fairweather, 44; Magee, 34 and Rouse, 13. The three first named were then adopted as the candidates. Calls were then made upon them for a speech.

Mr. Huggard said while he was obliged to the meeting for selecting him he was not looking for the position, but having been appointed he would do his best. It was up to every farmer to work hard and every man must do his duty to the utmost and put up a good fight.

Mr. Flewelling said that he did not ask for support for himself but only for the cause which they had at heart. Every farmer must work in the interest of his friends, and he believed if they worked thoroughly they would be successful.

Mr. Roach thanked the meeting for the confidence reposed in himself and his colleagues. The farmers' movement was only a young one, just beginning life. They had a great work in front of them and it was up to everyone to help. What was wanted was good, clean, honest government, and he felt that if the farmers got into power they would give it.

This concluded the business of the meeting and the proceedings terminated.

OPPOSITION IS FULL OF FIGHT IN YORK COUNTY

Big Majority Over Government Candidates is Indicated by Workers.

Special to The Standard
Fredericton, N. B., Sept. 27.—Opposition supporters among the electors of the county are full of "pep" ready for a fight, and see no such thing ahead as defeat for the strong and commanding ticket placed in the field Saturday. The large gathering of delegates present at the convention of the Liberal-Conservative party for York county on Saturday, distinctly representative of the rocky-ribbed Conservative county, each parish sending a strong delegation, was enough to inspire every one with confidence and forecast a sweeping victory on October 9th for the ticket composed of James K. Pinder, S. D. Hunter, John A. Young and C. D. Richards.

Many Farmers There
A fact worthy of comment was the large attendance of farmers at the convention. Many of the farmers were members of the United Farmers' Organization, and they took an enthusiastic part in the matters before the convention for discussion.

The suggestion, thrown out by outsiders, that the party would have done better to have accepted members from the United Farmers' organization on their ticket, is not taken seriously. The farmers of York are Conservative to the heart. They are among the most intelligent of the electors of the county, and they fully realize the importance of the present campaign. They know that in order to save the province from absolute financial ruin the government must be re-elected to introduce a budget, and it can only be done by casting their ballots for the party now in opposition.

May Be No Farmers
It is not at all certain that the U. F. will put a ticket in the field. That such a ticket will not attract many votes is the honest opinion of farmers who were capable of sizing up the true situation. It is a fight to down a helplessly inefficient administration, whose wastefulness is wanton extravagance and absolute disregard of the public interests. To win that fight the good farmers of York are hand in hand with the Opposition party, and they will be sulky with them at the polls. The Conservative ticket is going to win handsomely, and the leaders are full of confidence and see nothing but victory.

AMEND ORDER TO BLOCK SHIPMENTS OF CANADA'S COAL

Permit Required to Ship Via Water to Any United States Port.

Ottawa, Sept. 27.—On the recommendation of the Board of Railway Commissioners, an order-in-council has been passed amending the order adopted some weeks ago forbidding the export of coal from Atlantic ports, according to the United States and Newfoundland. The amending order-in-council provides that in the case of each shipment by water to the United States an export permit must first be secured from the railway board.

It is explained that the purpose of the Railway Board in providing for the issuance of permits to exporters is not to restrict exports across the border, but to make consignees satisfy the board that the coal is for United States consumption. The issuance of permits will also make it easier to keep track of export movements of coal.

In regard to Newfoundland, an arrangement has also been made which prevents Canadian coal sent to Newfoundland being again shipped out of that colony.

PREMIER MEIGHEN TO START WESTERN TRIP AT WINNIPEG

Ottawa, Sept. 27.—The itinerary of Premier Meighen's approaching tour of Western Canada will probably be definitely arranged before the close of the present week.

The trip will open at Winnipeg shortly before the middle of October and will include the four Western Provinces. It is understood that arrangements are being made for several meetings in Manitoba, Saskatchewan, Alberta and British Columbia, and that the Premier will do most of his speaking en route to the coast.

The Liberal Trip.
Hon. Macleanzine King, Liberal leader, is about to open his tour of the West at Victoria, B. C. and will work eastward, so that the Prime Minister and opposition leader will probably cross one another's paths somewhere in the Prairie Provinces. While in British Columbia the Premier will undoubtedly take a hand in the by-election in Yale constituency, where a new member to succeed Hon. Martin Burrell will shortly be chosen. According to the latest information received here, McKelvie, the recently appointed Government candidate, is more likely to have a farmer as an opponent than a Liberal.

DEATH PROBE ENDED
Halifax, N. S., Sept. 27.—The statement made in Montreal today by Crown Prosecutor Walsh explaining the misunderstanding as to the cause of the death there of Miss Winnifred Hamm of Mahone, N. S., is regarded by the Nova Scotia Attorney General's Department as virtually closing the investigation by that department of the unfortunate affair.

CAN CANADA TAKE TWO INCOMES TAXES FROM ONE CITIZEN?

Ottawa, Sept. 27.—Making a test of the city's jurisdiction in the imposition and collection of an income tax, Mr. W. F. O'Connor, K. C., formerly head of the Board of Commerce, will raise a point which, if sustained, will have a mighty effect upon all income taxes at present levied by provinces and municipalities. Mr. O'Connor's contention is that since the Dominion Government took upon itself to impose an income tax the power of the provinces or municipalities to continue the imposition of such tax ceases.

Will Fight Case.
It will be recalled that the city of Ottawa decided to take action against a number of prominent civil servants to enforce payment of income tax with a view to making a test case of the action. Mr. O'Connor was among the number, and a few days ago was served with a writ. Since proceedings started he left the civil service, but has decided to defend the action on the ground stated.

DIED.

SMITH—On Wednesday, September 22nd, at 28 Walker street, West Somerville, Mass., Duncan Wilson Smith.
COX—In this city, September 26th, Marcus Wellington Cox, aged 69 years.
Funeral service will be held at 8 o'clock Monday evening, at the residence of his daughter, Mrs. T. E. Robinson, 36 Kennedy street. This remains will be taken by steamer Champlain on Tuesday to White's Cove, where interment will be made on Wednesday.

AUSTRALIA FAVORS CHURCH UNION PLAN
London, Sept. 27.—A despatch to the London Times from Melbourne, Australia, says the ballot of the Presbyterian, Methodist and Congregational churches over the question of union, shows at present the Congregationalists overwhelmingly favorable.

The Methodists generally supporting and the Presbyterians doubtful. The despatch contends the indications are that in the end union will be accepted, although a fierce battle is raging among the Presbyterians.

How Often do You get Really Refreshing Sleep

ONCE in a while perhaps you get up feeling like a new person.

But it doesn't happen often—unless you are the exception, or have been very lucky in your choice of a bed.

Beds are made to sleep in—yet the chances are that your bed (whether wood or the ordinary metal bed) creaks slightly here, is a little unsteady there. Perhaps your spring sags or your mattress and pillow are lumpy and unsanitary.

It is wonderful how the right kind of Bed Spring invites perfect relaxation and deep, sound sleep.

The sleep inducing Spring is a Simmons "Waldorf," of specially tempered spring coils. Fine Springs that fit the contour of the body and support the spine in a straight line, insuring perfect circulation and restoring the energy used up in the fatigue of the day.

Simmons Felt Mattresses are the result of twenty-five years' study of equipment for sound, natural sleep. Made of pure, new cotton in clean, sun-lit factories. Used in thousands of fastidious Canadian homes.

And Simmons Pillows, which rest the head and neck exactly as they need to be rested.

If you know only wooden beds or ordinary metal beds, and the average spring, mattress and pillows—ask the leading merchants in town about Simmons Metal Beds, Springs, Mattresses and Pillows, Day Beds and Children's Cribs.

They are built for sleep—yet they cost little if any more than the casual merchandise of the ordinary store.

And when you are selecting your Simmons Beds with an eye to their appearance in the room, you will see that Simmons has for the first time established beautiful and authoritative design in Metal Beds.

The "CHATSWORTH" Design 1901—in Twin Pair

Made of Simmons new Square Steel Tubing—Seamless, smooth and beautifully finished. Exquisitely enameled in the accepted decorative colors. Has the Simmons patented pressed steel *noisless Corner Locks*. Easy rolling casters. Your choice of Twin Pair and Double Width. Specially pleasing in *Twin Pair*.
