NOTICES OF THE WISDOM OF THE KING,

"This is a bright, breezy book, both interesting and instructive. We can most conscientiously commend this book generally, as one of the most sprightly, attractive and instructive works of its kind that has fallen under our observation."—Boston Evening Traveller, May

"Every portion of the work indicates extensive scholarship and mature thought."-Belfast Northern Whig. April 8th, 1871.

"The force, raciness and robust manliness o Mr. Bennett's style and mode of treatment wil arrest attention and excite interest in quarter where preaching or writing of the average quality would fall flat and dead."—Home and foreign Record. March, 1871.

"So plain yet so suggestive, so practical yet so profound are these Lectures that while you read them you feel their deep truth and reality; that you are in contact with realities both visible and invisible; that you are in close contact with the beating heart of nature and hu-

quaintance reveals itself almost unconsciously in every page. There is no estentation of reading or learning, but there is everywhere the gleaming forth of light which cannot be hid.

The style is simple, intelligible, graceful. It shows at once that Mr. Bennet is a man of literary culture, who can express his thoughts with scholarly chasteness and good taste. We could not open a page without meeting some thought vigorously expressed. The work is eminently fresh and readable."—Pres. Witness, Halifax.

... We have read several works on Ecclesiastes, and well remember the pleasure with which years ago we perused the Royal Preacher, but for fine criticism, comprehensiveness of thought, striking illustration and unonstentatious, yet elequent and foreible style, The Wispon of The King, we think, surpasses them all."

"THE WISDOM OF THE KING is well worth careful reading. Indeed you cannot read much of it at once. There is a constant play of fancy about the thoughts, and often the very words, that is admirably suited to the Scripture book, of which this is an expesition, but which demands such constant attention on the reader's part that he gets tired, for he does not know where it is to end. The style is compact, lucid, often sparkling and epigrammatic, the sentence-cut sharply, but with a poetic fullness of original illustration that redeems them from all hardness."—Hatifax Monthly Record, (Church of Scot land).
