Front Bites, Scalds, and Burns, can be almost instantly cured by Hagyard's Royal Pain Remedy. *Toothache, Stomach Gums, and Neuralgia*, can be relieved in a short time by a few applications of this all-powerful Medicine.

A CEMENT FOR STOPPING THE FISSURES OF IRON VESSELS.—Take two ounces of muriate of ammonia, one ounce of flowers of sulphur, and sixteen ounces of cast-iron filings or turnings; mix them well in a mortar, and keep the powder dry. When the cement is wanted, take one part of this and twenty parts of clean iron filings or borings, grind them together in a mortar, mix them with water to a proper consistence, and apply them between the joints.

In thousands of instances, Hagyard's Royal Pectoral Balsam has proved itself to be the best Cough Remedy in the market. Coughs, Colds, Asthma, Bronchitis, all succumb to this excellent preparation. *Try it.*

TO MAKE APPLE JELLY.—Take your apples, wash, and cut them into halves, to be sure that there are no worms in them; place them in a brass or porcelain kettle, without removing the seeds or rinds; cover them with water, and let them boil till perfectly soft; then take them off, strain them through a coarse towel, and put the juice back into the kettle; let it boil to the consistency of molasses; then for every gallon of syrup add two pounds of sugar and an ounce of cinnamon; bring it to a boil, skim it, and it is done.

Parents should keep a look-out for symptoms of worms in their children, for much of the sickness in children attributed to other causes is occasioned by worms only. *Abernethy's Royal Worm Killer* is the best specific for worms in children or adults that can be procured. It may be given with perfect safety to the most delicate child. *Ask for it and take no other.*

TO PICKLE CUCUMBERS.—Take two or three hundred, lay them on a dish, salt them, and let them remain eight or nine hours; then drain them, and, laying them in a jar, pour boiling vinegar upon them. Place them near the fire, covered with vine leaves. If they do not become sufficiently green, strain off the vinegar, boil it, and again pour it over them, covering with fresh leaves. Continue to do so till they become as green as you wish.

Give your horses a few doses of Hagyard's Royal Condition Powders in the Spring and Fall. Price 25 cents per package.

TO COLOUR CRIMSON.—Use one pound of lac dye, together with two ounces of compound, to every two pounds of cloth or yarn. Soak the lac dye over night in a brass or copper kettle; then add the compound, and stir; then the cloth, and bring your dye slowly to a scalding heat; vary the time as you wish the colour; if dark, let it remain some hours; if not, one hour; then rinse in soft water, without soap.
