In 1895 a separate paper will be set on Medical Pathology with an examination in Practical Pathology, and in 1896 there will be a paper on Pathology, Medical and Surgical; also instead of one paper on Midwifery and Diseases of Women and Children, there will be two papers, one on Midwifery, and the other on Gynæcology and Diseases of Children.

In order that a candidate may pass in either of these Examinations she must obtain thirty-three per cent. of the marks assigned to each paper, and fifty per cent. of the total marks of the Examination. Candidates who satisfy the Examiners will be arranged in three classes in order of merit, the standard for the first and second class respectively being seventy and sixty per cent. of the total marks of the Examination.

Candidates who do not pass in at least three of the subjects of Examination in the Examinations of the Faculty of Medicine, obtaining thirty-three per cent. of the marks of each paper, and fifty per cent. of the total marks of these subjects, shall be deemed to have failed altogether in the Examination. Candidates who pass in three subjects at least, obtaining the requisite single and total marks, as above, may be allowed to take the remaining subjects at the next following and subsequent Examinations, provided that a candidate shall not be given credit for any portion of the Examination unless she shall have obtained at least thirty-three per cent. of the marks of each paper, and at least fifty per cent. of the total marks of such part of the Examination.

Candidates in the First-Class of the Final or the Primary Examination in Medicine shall be awarded Certificates of Honor, provided they obtain at least seventy-five per cent. of the marks of the Examination.

The Primary and Final Examinations may be taken together at the end of the Fourth Year.

The Registrar will see medical students in his office at Trinity College on Saturdays from 11 to 1.30, and on other week days from 12 to 1.30.
